No. 58-*I. A.*—In exercise of the powers conferred by the Indian Stamp Act, 1899 (II of 1899), as applied to the Cantonments of Deesa and Bhuj, the Governor General in Council is pleased to make the following rules under the said Act for the said Cantonments:—

RULES UNDER THE INDIAN STAMP ACT, 1899.

CHAPTER I.

Preliminary.

Definition.

1. In these rules, the expression "the Act" shall mean the Indian Stamp Act, 1899, as applied to the Cantonments of Deesa and Bhuj.

Kinds of stamps.

2. There shall be two kinds of stamps for indicating the payment of duty on instruments chargeable with duty under the Act, namely:—

(*a*) impressed stamps, and

(*b*) adhesive stamps.

CHAPTER II.

Of Impressed Stamps.

Hundis.

3. (*1*) Hundis, other than hundis which may be stamped with an adhesive stamp under section 11 of the Act, shall be written as follows, namely:—

(*a*) A hundi payable otherwise than on demand, but not at more than one year after date or sight, and for an amount not exceeding rupees thirty thousand in value, shall be written on paper on which the necessary stamp bearing the word "Hundi" has been engraved or embossed.

(*b*) A hundi for an amount exceeding rupees thirty thousand in value, or payable at more than one year after date or sight, shall be written on paper, supplied for sale by the Government, to which a label has been affixed by the Superintendent of Stamps at Bombay or Karachi and impressed by such officer in the manner hereinafter prescribed by rule 10.

(*2*) Every sheet of such paper shall be of a size not less than $8\frac{5}{8} \times 5\frac{1}{4}$ inches, and no plain paper shall be joined to it.

(*3*) The provisions of sub-section (*1*) of rule 6 shall apply also in the case of hundis.

Promissory notes and bills of exchange

4. A promissory note or bill of exchange shall, except as provided by section 11 of the Act, and by these rules, be written on paper, on which the necessary stamp, with or without the word "Hundi", has been engraved or embossed.

Other instruments.

5. Every other instrument chargeable with duty shall, except as provided by section 11 of the Act, be written on paper, on which the necessary stamp, not bearing the word "Hundi" has been engraved or embossed.

Provision where single sheet of paper is insufficient.

6. (*1*) Where two or more sheets of paper on which stamps are engraved or embossed are used to make up the amount of duty chargeable in respect of any instrument, a portion of such instrument shall be written on each sheet so used.

(*2*) Where a single sheet of paper, not being paper bearing an impressed hundi-stamp, is found insufficient to admit of the entire instrument being written on the side of the paper which bears the stamp, so much plain paper may be subjoined thereto as may be necessary for the complete writing of such instrument:

Provided that in every such case the side of the sheet which bears the stamp shall be covered by a substantial part of the instrument before any part of the latter is written on the plain paper joined to such sheet.

7. The duty payable on any instrument which is chargeable with a duty of one anna under the Act may be denoted by a coloured impression marked on a skeleton form of such instrument by the Superintendent of Stamps at Bombay or Karachi.

One anna impressed stamps.

8. The Superintendents of Stamps at Bombay and Karachi are empowered to affix and impress labels, and each of them shall be deemed to be "the proper officer" for the purposes of the Act and of these rules.

"The proper officer."

9. (1) Labels may be affixed and impressed by the proper officer in the case of any of the instruments mentioned in Appendix A, and of the counterparts thereof.

Affixing and impressing of labels by proper officer permissible in certain cases.

(2) Labels may likewise be affixed and impressed by the proper officer in the case of any of the instruments mentioned in Appendix B, when written in any European language, and accompanied, if the language is not English, by a translation into English.

10. (1) The proper officer shall, upon any such instrument, as is referred to in rule 9, being brought to him before it is executed, and upon application being made to him for that purpose, affix thereto a label or labels of such value as the applicant may desire and pay for, and impress such label or labels by means of a stamping-machine, and also stamp or write on the face of the label or labels the date of impressing the same before returning the instrument to the applicant. In the case of instruments written on parchment, the labels shall be further secured by means of metallic eyelets.

Mode of affixing and impressing labels.

(2) On affixing any label or labels under this rule, the proper officer shall, where the duty amounts to rupees five or upwards, write on the face of the label or labels his initials, and, where the duty amounts to rupees twenty or upwards, shall also attach his usual signature to the instrument immediately under the label or labels.

(3) Any principal assistant of the proper officer, if empowered by the Local Government in this behalf, may discharge the functions of the proper officer, under sub-section (2) of this rule.

11. (1) Instruments (other than instruments which, under section 11 of the Act, may be stamped with adhesive stamps) executed out of British India or the Cantonments of Deesa and Bhuj and requiring to be stamped after their receipt in the Cantonments of Deesa and Bhuj shall be stamped with impressed labels.

Certain instruments to be stamped with impressed labels.

(2) Where any such instrument as aforesaid is taken to the Collector under section 18, sub-section (2), of the Act, the Collector shall send the instrument to the proper officer, remitting the amount of duty paid in respect thereof; and the proper officer shall stamp the instrument in the manner prescribed by rule 10 and return it to the Collector for delivery to the person by whom it was produced.

CHAPTER III.

Of Adhesive Stamps.

12. Bills of exchange payable otherwise than on demand and drawn in sets, when the amount of duty does not exceed one anna for each part of the set, may be stamped with adhesive stamps.

Bills of exchange.

13. When any instrument of transfer of shares in a Company or Association is written on a sheet of paper on which the necessary stamp is engraved or embossed and the value of the stamp so engraved or embossed is subsequently, in consequence of a rise in the market value of such shares, found to fall short of the amount of duty chargeable under Article No. 62 (a) of Schedule I to the Act, one or more adhesive stamps bearing the words "Share Transfer," as hereinafter prescribed, may be used to make up the amount required.

Supply of deficient duty on transfer of share.

14. Except as otherwise provided by these rules, the adhesive stamp or stamps used to denote the duty of one anna shall bear the words "One Anna" or "Half Anna" as the case may be, and the adhesive stamp used to denote the duty of half an anna shall bear the words "Half Anna"; and such stamp or stamps may be superscribed either for postage or for revenue or for both postage and revenue.

Adhesive stamp or stamps denoting duty of one anna or half an anna.

15. The following instruments, when stamped with adhesive stamps, shall be stamped in the manner hereinafter prescribed, that is to say:—

Special adhesive stamps to be used in certain cases.

(a) Bills of exchange, cheques, and promissory notes drawn or made out of British India and out of the Cantonments of Deesa and Bhuj and chargeable with a duty of more than one anna shall be stamped with adhesive stamps bearing the words "Foreign Bill."

(*b*) Transfers of shares of Public Companies and Associations shall be stamped with adhesive stamps bearing the words "Share Transfer."

(*c*) Notarial acts shall be stamped with adhesive foreign bill stamps bearing the word "Notarial."

(*d*) Copies of maps or plans certified to be true copies shall be stamped with adhesive court-fee stamps.

CHAPTER IV.

Miscellaneous.

Provision for cases in which improper description of stamp is used.

16. When an instrument bears a stamp of sufficient amount, but of improper description, the Collector may, on payment of the duty with which the same is chargeable, certify by endorsement on the instrument that it is duly stamped:

Provided that if application is made within three months of the execution of the instrument, and the Collector is satisfied that the improper description of stamp was used solely because of the difficulty or inconvenience of procuring one of proper description he may remit the further payment of duty prescribed in this rule.

Evidence as to circumstance of claim to refund or renewal

17. The Collector may require any person claiming a refund or renewal under Chapter V of the Act, or his duly authorized agent to make an oral deposition on oath or affirmation, or to file an affidavit, setting forth the circumstances under which the claim has arisen, and may also if he thinks fit call for the evidence of witnesses in support of the statement set forth in any such deposition or affidavit as aforesaid.

Payment of allowances in respect of spoiled or misused stamps or on the renewal of debentures.

When an application is made for the payment, under Chapter V of the Act, of an allowance in respect of a spoiled or misused stamp, or on the renewal of a debenture, and an order is passed by the Collector sanctioning the allowance or calling for further evidence in support of the application, then if the amount of the allowance or the stamp given in lieu thereof is not taken, or if the further evidence required is not furnished, as the case may be, by the applicant within one year of the date of such order as aforesaid, the application shall be struck off and the spoiled or misused stamp (if any) sent to the Superintendent of Stamps at Bombay or Karachi for destruction.

Mode of cancelling original debenture in case under section 55 of Act.

18. Where the Collector makes a refund under section 55 of the Act, he shall cancel the original debenture by writing on or across it the word "Cancelled" and his usual signature with the date thereof.

Rewards.

19. On the conviction of any offender under Chapter VII of the Act, the Collector may grant to any person who appears to him to have contributed thereto a reward within a limit to be fixed by the Local Government.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette*, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,
Secretary to the Government of India.

NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable *at Calcutta* to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. A consolidated index for the year 1905, entitled "Inventions and Designs in 1905," is also on sale, price one rupee. It contains a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in that year, together with lists of designs applications.

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications and drawings.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or, if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. Royal 8vo volumes, paper cover, 13 annas or 1*s.* 1*d.* Postage extra. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Branch, Department of Commerce and Industry, 2, Bankshall Street, Calcutta.

H. G. GRAVES,
Secretary under the Inventions
and Designs Act, V of 1888.

DRAFT RULES UNDER SECTION 9 OF THE INDIAN PETROLEUM ACT, 1899, FOR THE IMPORTATION POSSESSION AND TRANSPORT OF PETROLEUM IN THE TERRITORIES ADMINISTERED BY THE AGENT TO THE GOVERNOR-GENERAL IN BALUCHISTAN.

PART I.

PRELIMINARY.

Definition.

1. In these rules,—

(*a*) "Part" means a part of these rules;

(*b*) "petroleum in bulk" means petroleum in quantities exceeding five hundred gallons, contained in any one receptacle;

(*c*) "installation" means a place specially prepared for the storage of petroleum;

(*d*) "major installation" means an installation—

(*1*) capable of containing an amount of oil, whether in bulk only or in combined bulk and non-bulk storage, exceeding fifty thousand gallons, or

(*2*) in which tin-making operations are carried on;

(*e*) "minor installation" means an installation—

(*1*) capable of containing an amount of oil, whether in bulk only or in combined bulk and non-bulk storage, not exceeding fifty thousand gallons, and

(*2*) in which no tin-making operations are carried on;

(*f*) protected works" includes buildings in which persons dwell or assemble, timber yards, other petroleum stores, and any other place which the Local Government may declare as such by Notification;

(*g*) "motor-vehicles" includes a motor bicycle, and a motor tricycle; and

(*h*) "owner" as applied to a motor-vehicle, includes a person who hires, or is otherwise entitled for the time being to use or work, a motor-vehicle.

PART II.

POSSESSION AND TRANSPORT OF PETROLEUM.

CHAPTER I.—POSSESSION OF PETROLEUM.

Smoking prohibited.

1. No smoking shall be permitted inside any installation.

Supervision of operations within installation.

2. All operations within any installation shall be conducted under the supervision of a responsible Agent or Supervisor.

Cleanliness of installation.

3. The ground in the interior of an installation shall be kept clean and free from goods of a combustible nature, vegetation and rubbish.

Supply of sand in installation.

4. A sufficient supply of sand shall always be kept in an installation for the purpose of extinguishing fire.

5. All enclosure walls and embankments required to be constructed by or under these rules shall be certified as being sufficient to ensure safety by a Railway Engineer in the case of installations constructed on Railway premises, and in the case of other installations by an Engineer accepted as qualified for this purpose by the Local Government.

Enclosure walls and embankments.

6. The capacity in gallons of every tank and storage shed or godowns in an installation shall be conspicuously marked on it, and shall be calculated as follows:—for tanks, at the rate of 6·25 gallons per cubic foot; for sheds and godowns, at the rate of 10 gallons per 3 cubic feet.

Marking of capacity of tanks.

7. Every tank or other receptacle for the storage of petroleum in bulk, except a tank or receptacle which is not of sufficient capacity to contain ten thousand gallons of petroleum and which is so situated as not to be liable to cause danger in the event of the petroleum being ignited, shall be protected by an efficient lightning-conductor.

Protection from lightning.

Explanation.—A tank or receptacle shall be deemed to be so situated as not to be liable to cause danger in the event of the petroleum being ignited, if it is not in close proximity to any other tank or receptacle, or to any building and if it is surrounded by a wall, or moat, or combination of both, sufficient to prevent the flow of petroleum beyond certain circumscribed limits in the event of the escape of the whole contents of the tank when full.

8. Not less than once in every year the licensee of an installation shall test or cause to be tested the efficiency of the conductor in such manner as the authority granting the license may, by general or special order, declare to be sufficient, and a certificate showing the date of the last test shall be posted in a conspicuous place within the installation.

Testing of lightning-conductor by licensee.

9. Any officer appointed by a Local Government in this behalf may enter any installation for the purpose of testing the efficiency of the conductor, at any time after sunrise and before sunset.

Official testing of lightning-conductor.

10. No installation shall be open, and no work in any installation shall be permitted, between sunset and sunrise: provided that in cases where electric lighting is exclusively used, night working may be permitted by the Local Government on the recommendation of the Chief Inspector of Explosives.

Time for work in installations.

11. Where there are any pipes or openings for draining out water in any enclosure wall, arrangements shall be made whereby they can be closed, and they shall only be kept open when actually necessary for drainage purposes. The nature of such arrangements shall be shown in the specifications submitted with the application for a license.

Closure of pipes and openings.

12. All sheds or godowns in an installation for the storage of oil in tins, drums or cases shall be built of uninflammable material.

Materials for sheds and godowns.

13. There shall be hung up in a conspicuous place in every installation for which a license has been granted, copies, in English and the Vernacular, of the rules contained in this Part, and of the conditions endorsed on the license.

Posting up of rules and conditions.

CHAPTER II.—GENERAL PROVISIONS RELATING TO LICENSES.

1. All applications for licenses for the possession or transport of petroleum shall be made to the District Magistrate.

Applications for licenses.

2. Licenses (*a*) for the possession or transport of dangerous petroleum in quantities not exceeding forty gallons, (*b*) for the possession or transport of petroleum, not being dangerous or crude petroleum nor petroleum in ulk, and (*c*) for the possession of petroleum, in bulk or otherwise, in a minor installation, may be granted by a District Magistrate or by such other authority as the Local Government may from time to time by order in writing appoin in this behalf. In all other cases the licensing authority shall be the Local Government.

Licensing authority.

3. The licensing authority may, for reasons to be communicated to the applicant, refuse a license in any case: provided that when a license is refused by any authority other than the Local Government, such refusal shall be reported to the Local Government.

Refusal of license.

4. Every license granted under these rules shall be liable to be forfeited for any contravention of the Act, or of any rule thereunder, or of any condition contained in such license, or for any other reason deemed by the licensing authority to be good and sufficient, and recorded by him in writing.

Forfeiture of license.

5. Every license and pass granted under these rules shall be held subject to the conditions endorsed on it, and shall contain all the particulars required to be entered on it by the form prescribed for it under these rules.

Particulars of license.

6. (1) Every application for the renewal of a license shall be made in the same manner as an application for an original license.

Renewal of licenses.

(2) Every such application shall be made at a date not less than fifteen days before the date on which the original license expires.

(3) The same fee shall be charged for the renewal of a license as for a new license.

7. When any license is granted for the possession or transport of petroleum a copy of the rules contained in Chapter I of this Part in the case of a license for possession, and rule 10 of Chapter IV of this Part in the case of a license for transport, printed in English and the Vernacular, shall be given, together with the license, to the licensee.

Supply of rules to licensee.

CHAPTER III.—LICENSES FOR THE POSSESSION OF PETROLEUM.

1. Save as provided in rule 10 of this Chapter, every license for the possession of petroleum shall remain in force until the 31st of December next following the date of issue of the license.

Continuance of license.

2. Licenses for the possession of petroleum, not being dangerous petroleum, otherwise than in bulk, may be granted in Form A.

Petroleum not in bulk, other than dangerous petroleum.

3. (1) The holder of a license in Form A may, at any time before the expiry of the license, apply for permission to transfer his license, to another person.

Transfer of certain licenses.

(2) Such application shall be made to the District Magistrate, who shall, if he approves of the transfer, enter upon the license, under his signature, an endorsement to the effect that the license has been transferred to the person named.

(3) A fee of R5 shall be charged on each such application.

(4) The person to whom the license is so transferred shall enjoy the same powers and be subject to the same obligations under the license as the original holder.

4. Licenses for the possession of dangerous petroleum not in bulk in quantity exceeding forty gallons may be granted in Form B

Dangerous petroleum not in bulk.

5. Licenses for the possession of dangerous petroleum in quantity not exceeding forty gallons may be granted in Form C.

Dangerous petroleum not exceeding forty gallons.

6. Licenses for the possession of any stated quantity of petroleum in major installations in accordance with such specifications and plans as may be approved by the Local Government, on the recommendation of the Chief Inspector of Explosives, may be granted in Form D.

Storage in major installations.

7. Licenses for the possession of any stated quantity of petroleum in minor installations in accordance with such specifications and plans as may be approved by the Local Government on the recommendation of the Chief Inspector of Explosives, may be granted in Form E.

Storage in minor installations.

8. Subject to such conditions as may be prescribed by the Local Government in each case, licenses in Form F may be granted to any person engaged in the extraction of petroleum from wells for the possession of any quantity of crude petroleum in any place of storage at or near such wells.

Storage of crude petroleum in bulk.

9. (1) Licenses in Form G may be granted free of charge for the possession of dangerous petroleum for use on motor-vehicles and for its transport thereon, for the purpose of use therein.

Dangerous petroleum for use on motor-vehicles.

(2) Save in the cases provided for by the conditions of the license, the provisions of the ordinary rules relating to the possession of dangerous petroleum shall regulate the possession of dangerous petroleum for use on motor-vehicles.

10. Licenses for the possession of petroleum in an installation may be granted free of charge to any local authority, subject to such conditions and for such period, as the Local Government may direct.

Storage by local authority.

CHAPTER IV.—LICENSES FOR THE TRANSPORT OF PETROLEUM.

1. General licenses for the transport of petroleum, other than dangerous petroleum, may be granted for a period of twelve months in Form H.

General licenses for the transport of non-dangerous petroleum.

General licenses for the transport of dangerous petroleum.

2. General licenses for the transport of dangerous petroleum otherwise than in bulk may be granted for a period of twelve months in Form I.

Effect of general license.

3. Licenses granted under rules 1 and 2 of this Chapter may authorise the holder to transport petroleum without restriction as to destination or total quantity.

Pass for transport of petroleum.

4. The holder of a general license granted under rules 1 or 2 of this Chapter shall, with each consignment of petroleum conveyed under cover of his license, issue to the person who takes charge of the petroleum for the purpose of transporting it a numbered Pass in Form J.

Special licenses for the transport of petroleum other than dangerous petroleum.

5. Special licenses may be granted for the transport of petroleum, other than dangerous petroleum, in quantities exceeding five hundred gallons, in Form K.

Special licenses for the transport of dangerous petroleum.

6. Special licenses may be granted for the transport of dangerous petroleum other than in bulk in Form L.

Effect of special license.

7. A special license granted under rules 5 and 6 shall only cover the transport of the particular consignment entered in the license.

Particulars to be given in applications for special licenses.

8. Applications for special licenses for the transport of petroleum by rail, or by road or by both shall specify the description and quantity of petroleum to be transported, and the places from and to which, respectively, the petroleum is to be conveyed, and shall describe the receptacles in which it is to be contained.

Transport of dangerous petroleum by motorists otherwise than on a motor-vehicle.

9. Licenses in Form M. to transport dangerous petroleum, otherwise than on a motor-vehicle, may be granted to owners of motor-vehicles holding licenses under rule 9, sub-rule (1) of Chapter III of this Part, to possess petroleum and use or transport it on a motor-vehicle.

Validity of license granted in another Province.

10. Petroleum may be transported within the territories administered by the Agent to the Governor-General in Baluchistan as such Agent under cover of a license granted by the prescribed authority in any other province, provided that the conditions of such license are observed throughout the period during which the petroleum is in transit.

CHAPTER V.—FEES.

Method of levying fees.

1. (1) Where the proceeds of fees leviable for licenses under these rules have been assigned by the Local Government to any local authority, the fees shall be levied in such manner as the local authority may from time to time direct.

(2) In all other cases the fees shall be levied by means of impressed stamps.

(3) An application for the grant or the renewal of a license shall bear the proper stamp, and, if it be refused, the value of the separate stamp (if any) which may have been already provided by the applicant for the desired license or renewed license, minus the deductions prescribed by section 54 of the Indian Stamp Act, 1899 (II of 1899), may be refunded to the applicant. An application should not be made on the stamped paper intended for the license or renewed license; but, where this has been wrongly done, the value of the stamp may be refunded minus—

(i) the value of the stamp which should have been affixed to the application, and

(ii) the deductions prescribed as aforesaid.

CONDITIONS OF LICENSE.

1. If the licensing officer call upon the holder of a license, by notice in writing, to execute any repairs of the licensed place, which may, in the opinion of such officer, be necessary for the safety of the place, the holder of the license shall execute the repairs within such period, not being less than one week from the date of receipt of the notice, as may be fixed by the notice.

2. The license-holder is prohibited from delivering any quantity of dangerous petroleum exceeding three gallons to any one who has not a license under section 5 or section 6 of the Act, or any less quantity of such petroleum, except in accordance with the conditions of the proviso to section 6 of the Act, as to the vessels in which petroleum must be contained.

3. The petroleum shall be stored in gas-tight tinned or galvanized sheet iron, steel or lead plate receptacles containing each not more than ten gallons and fitted with well made filling holes and well fitting screw plugs or fitted with screw cap with metal air-tight under-cap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than half an inch : provided that wood cases shall not be necessary when the receptacles are made of tinned or galvanized sheet iron or steel, and have the following thickness of metal :—

(1) When the capacity does not exceed two gallons, not less than 25 B. W. G.
(2) When the capacity exceeds two gallons, but does not exceed four gallons, 22 B. W. G.
(3) When the capacity exceeds four gallons, 16 B. W. G.

4. An air-space of at least one-tenth of its capacity shall be left in each receptacle at the time of filling.

5. The receptacles shall be so substantially constructed and secured as not to be liable, except under circumstances of grave negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

6. The receptacles shall be labelled in accordance with the provisions of section 7 of the Act.

7. Any receptacle, before being repaired, shall be cleared of all dangerous petroleum and of all dangerous vapours arising from the same.

8. The building shall be constructed of masonry or other uninflammable material with terraced, tiled or iron roofs and with tiled or paved or earthen floors.

9. Either the doorways and other openings of the building shall be built up to such a height above the level of the road or street, or the floor sunk to such a depth below the level of the road or street, that the petroleum cannot flow out from the building in case of its escape from the receptacle in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment or both sufficiently high to contain all the petroleum in case of its escape from the building.

A combination of these methods is permissible.

10. All ventilating openings in the building shall be protected by strong wire gauze.

11. No light, except a light of such strength, position and character as is not liable to ignite any inflammable vapour, or fire of any description, shall be permitted at any time within the installation.

12. All due precautions shall be taken for the prevention of unauthorised persons having access to any dangerous petroleum kept and to the vessels containing or having actually contained the same.

13. Every person managing or employed on or in connection with the place of storage shall abstain from any act whatever which tends to cause fire or explosion and which is not reasonably necessary, and shall prevent any other person from doing such act.

14. The drum or other receptacle containing dangerous petroleum shall only be opened on the licensed premises at or immediately adjoining the place of storage and for the time necessary for drawing off the petroleum and during such drawing off every reasonable precaution shall be adopted for preventing the escape of dangerous petroleum or the vapour therefrom.

15. The following distances shall be kept clear from protected works round the place of storage :—

Quantity to be stored. Gallons.	Distances to be kept clear when dangerous petroleum is stored in drums of not greater capacity than 4 gallons. Feet.	Distances to be kept clear when dangerous petrolenm is stored in drums of capacity exceeding four gallons but not exceeding ten gallons. Feet.

CONDITIONS OF LICENSE.

1. Each tank shall either be separately surrounded by a wall or embankment of substantial construction, or shall be partially sunk in an excavation. The enclosure thus formed shall be of dimensions sufficient to contain 10 per cent. more oil than the tank is capable of containing, and shall be so constructed as to prevent the escape therefrom of any oil in the form of liquid, whether under the action of fire or otherwise. The space enclosed by such wall or excavation, and not occupied by the tank, shall be kept entirely clear and unoccupied.

2. All sheds or godowns for the storage of oil in tins, drums or cases shall be surrounded by masonry walls or embankments, or a combination of both, so constructed as to prevent the overflow of any oil that may be stored at any time within such sheds or godowns in case of its escape from the tins, drums or cases in which it is stored. The enclosure thus formed shall be of dimensions sufficient to contain 10 per cent. more oil than such sheds or godowns are licensed to contain.

3. A distance of not less than one hundred feet shall be kept clear between one storage tank and another, and no tank shall be of greater height than thirty-two feet above ground level.

4 A distance of not less than one hundred and fifty feet shall be kept clear between sheds or godowns for the storage of oil otherwise than in bulk and tanks for bulk oil storage, the distance being measured between the nearest points of the perimeters of the tanks or storage buildings, as the case may be.

Proviso.—Provided that where a screen wall intervenes the distance to be kept clear shall be not less than one hundred feet.

5. A distance of not less than one hundred and fifty feet shall be kept clear between any storage tank or building and any protected work.

Proviso.—Provided that, where a screen wall intervenes, the distance to be kept clear shall be not less than one hundred feet.

6. No fire or lights except those necessary for soldering purposes shall be permitted within the installation.

ENDORSEMENT ON FORM E.

CONDITIONS ON LICENSE.

1. Every tank of which the capacity exceeds fifteen thousand gallons shall either be separately surrounded by a wall or embankment of substantial construction, or shall be sunk in an excavation. The enclosure thus formed shall be of dimensions sufficient to contain the total quantity of oil capable of being contained in the tank and shall be so constructed as to prevent the escape therefrom of any oil in the form of liquid, whether under the action of fire or otherwise. The space enclosed by such wall or excavation and not occupied by the tanks, shall be kept entirely clear and unoccupied.

2. The distance to be kept clear between a tank and the walls or embankments which surround it shall be measuring from the ground level—

(a) for horizontal tanks, not less than one-third the height of the tank ;

(b) for perpendicular tanks, not less than one-half the height of the tank.

3. The height of walls or embankments surrounding the installation shall be not less than two feet six inches from the ground level.

4. The following distances shall be kept clear between buildings not forming part of the installation and the enclosure walls or embankments :—

Where the number of gallons stored is.	Distance to be kept clear.
5,000 and under	Not less than 15 feet.
Over 5,000 and up to 15,000	Ditto 20 "
Over 15,000 and up to 30,000	Ditto 30 "
Over 30,000 and up to 50,000	Ditto 40 "

Provided that these distances may be reduced by the Local Government on the recommendation of the Chief Inspector of Explosives in cases where screen walls are provided or other special precautions taken.

5. Not more than four hundred cases of oil in addition to tins and drums shall be stored at any one time in any godown or shed in which the storage of oil in tins or drums is permitted.

6. Soldering shall only be permitted in a separate room or building placed as far from the tanks as can be conveniently arranged, in which no storage or filling shall be permitted No more tins shall be allowed in the soldering room at any one time than are necessary for expeditious working.

7. No fire or lights, except those necessary in the soldering room and watchman's house, shall be permitted.

8. If the installation contains tanks of which the capacity does not exceed fifteen thousand gallons, either—

(a) each tank shall be separately enclosed in the manner prescribed in condition 1, or

(b) the entire installation shall be surrounded by a masonry wall or embankment or a combination of these forming an enclosure of dimensions sufficient to contain, and prevent the overflow of all the oil that may be stored at any one time within such walls or embankments.

ENDORSEMENT ON FORM G.

CONDITIONS OF THE LICENSE.

1. The dangerous petroleum shall not be kept, used or transported except in gas-tight tinned or galvanized sheet-iron, steel or lead plate drums or receptacles containing each not more than 4 gallons and fitted with well made filling holes and well fitting screw plugs or fitted with screw cap with metal air-tight under cap. Such drums or receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than half an inch. Provided that wood cases shall not be necessary when the drums or receptacles are made of tinned or galvanized sheet-iron, or steel, and have the following thickness of metal:—

	Not less than
1. When the capacity does not exceed 2 gallons	25 B. W. G.
2. When the capacity exceeds 2 gallons	22 B. W. G.

2. The drums or receptacles shall be so substantially constructed and secured as not to be liable except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

3. Every such vessel, not forming part of a motor vehicle, when used for transporting or keeping dangerous petroleum, shall bear the words "Dangerous Petroleum Highly Inflammable" legibly and indelibly stamped or marked thereon, or on a metallic or enamelled label attached thereto.

4. An air-space of at least one-tenth of its capacity shall be left in each drum or receptacle at the time of filling to allow for expansion of the dangerous petroleum.

5. Before repairs are done to any such vessel, that vessel shall, as far as practicable, be cleaned by the removal of all dangerous petroleum and of all dangerous vapours derived from the same.

6. The store-house or building in which the dangerous petroleum is stored shall be well ventilated and constructed of uninflammable materials, provided, however, that the doors and windows may be of wood.

7. Where a store-house forms part of, or is attached to another building, and when the intervening floor or partition is of an unsubstantial or inflammable character, or has an opening therein, the whole of such building shall be deemed to be the store-house, and no portion of such store-house shall be used as a dwelling or as a place where persons assemble. A store-house shall have a separate entrance from the open air distinct from that of any dwelling or building in which persons assemble.

8. The amount of dangerous petroleum to be kept in any one store-house, whether or not upon motor-vehicles, shall not exceed sixty gallons at any one time.

9. The filling or replenishing of any vessel with dangerous petroleum shall not be carried on, nor shall the contents of any such vessel be exposed, in the presence of fire or artificial light, except a light of such construction, position and character as not to be liable to ignite any inflammable vapour, and no artificial light shall be brought within dangerous proximity of the place where any vessel containing dangerous petroleum is being kept.

10. In the case of all dangerous petroleum kept or transported for the purpose of, or in connection with any motor-vehicle, (a) all due precautions shall be taken for the prevention of accidents by fire or explosion and for the prevention of unauthorised persons having access to any dangerous petroleum kept or transported and to the vessels containing, or having actually contained, the same, and (b) every person managing or employed on or in connection with any motor-vehicle shall abstain from every act whatever which tends to cause fire or explosion, and which is not reasonably necessary, and shall prevent any other person from committing such act.

11. The store-house shall be liable to inspection by an officer authorised in this behalf.

DRAFT RULES UNDER SECTION 9 OF THE INDIAN PETROLEUM ACT, 1899, FOR THE IMPORTATION, POSSESSION AND TRANSPORT OF PETROLEUM IN THE TERRITORIES ADMINISTERED BY THE AGENT TO THE GOVERNOR-GENERAL IN BALUCHISTAN.

PART I.

PRELIMINARY.

Definition.

In these rules, —

(*a*) "Part" means a part of these rules;

(*b*) "petroleum in bulk" means petroleum in quantities exceeding five hundred gallons, contained in any one receptacle;

(*c*) "installation" means a place specially prepared for the storage of petroleum;

(*d*) "major installation" means an installation—

(1) capable of containing an amount of oil, whether in bulk only or in combined bulk and non-bulk storage, exceeding fifty thousand gallons, or

(2) in which tin-making operations are carried on;

(*e*) "minor installation" means an installation—

(1) capable of containing an amount of oil, whether in bulk only or in combined bulk and non-bulk storage, not exceeding fifty thousand gallons, and

(2) in which no tin-making operations are carried on;

(*f*) "protected works" includes buildings in which persons dwell or assemble, timber yards, other petroleum stores and any other place which the Local Government may declare as such by Notification;

(*g*) "motor-vehicles" includes a motor bicycle, and a motor tricycle; and

(*h*) "owner" as applied to a motor vehicle, includes a person who hires, or is otherwise entitled for the time being to use or work a motor-vehicle.

PART II.

POSSESSION AND TRANSPORT OF PETROLEUM.

CHAPTER I.—POSSESSION OF PETROLEUM.

Smoking prohibited.

1. No smoking shall be permitted inside any installation

Supervision of operations within installation.

2. All operations within any installation shall be conducted under the supervision of a responsible Agent or Supervisor.

Cleanliness of installation.

3. The ground in the interior of an installation shall be kept clean and free from goods of a combustible nature, vegetation and rubbish.

Supply of sand in installation.

4. A sufficient supply of sand shall always be kept in an installation for the purpose of extinguishing fire.

5. All enclosure walls and embankments required to be constructed by or under these rules shall be certified as being sufficient to ensure safety by a Railway Engineer in the case of installations constructed on Railway premises, and in the case of other installations by an Engineer accepted as qualified for this purpose by the Local Government.

Enclosure walls and embankments.

6. The capacity in gallons of every tank and storage shed or godowns in an installation shall be conspicuously marked on it, and shall be calculated as follows:—

Marking of capacity of tanks.

for tanks, at the rate of 6·25 gallons per cubic foot;
for sheds and godowns, at the rate of 10 gallons per 3 cubic feet.

7. Every tank or other receptacle for the storage of petroleum in bulk, except a tank or receptacle which is not of sufficient capacity to contain ten thousand gallons of petroleum and which is so situated as not to be liable to cause danger in the event of the petroleum being ignited, shall be protected by an efficient lightning-conductor.

Protection from lightning.

Explanation.—A tank or receptacle shall be deemed to be so situated as not to be liable to cause danger in the event of the petroleum being ignited, if it is not in close proximity to any other tank or receptacle, or to any building and if it is surrounded by a wall, or moat, or combination of both, sufficient to prevent the flow of petroleum beyond certain circumscribed limits in the event of the escape of the whole contents of the tank when full.

8. Not less than once in every year the licensee of an installation shall test or cause to be tested the efficiency of the conductor in such manner as the authority granting the license may, by general or special order, declare to be sufficient, and a certificate showing the date of the last test shall be posted in a conspicuous place within the installation.

Testing of lightning-conductor by licensee.

9. Any officer appointed by a Local Government in this behalf may enter any installation for the purpose of testing the efficiency of the conductor, at any time after sunrise and before sunset.

Official testing of lightning-conductor.

10. No installation shall be open, and no work in any installation shall be permitted, between sunset and sunrise: provided that in cases where electric lighting is exclusively used, night working may be permitted by the Local Government on the recommendation of the Chief Inspector of Explosives.

Time for work in installations.

11. Where there are any pipes or openings for draining out water in any enclosure wall, arrangements shall be made whereby they can be closed, and they shall only be kept open when actually necessary for drainage purposes. The nature of such arrangements shall be shown in the specifications submitted with the application for a license.

Closure of pipes and openings.

12. All sheds or godowns in an installation for the storage of oil in tins, drums or cases shall be built of uninflammable material.

Materials for sheds and godowns.

13. There shall be hung up in a conspicuous place in every installation for which a license has been granted, copies, in English and the Vernacular, of the rules contained in this Part, and of the conditions endorsed on the license.

Posting up of rules and conditions.

CHAPTER II.—GENERAL PROVISIONS RELATING TO LICENSES.

1. All applications for licenses for the possession or transport of petroleum shall be made to the District Magistrate.

Applications for Licenses.

2. Licenses (*a*) for the possession or transport of dangerous petroleum in quantities not exceeding forty gallons, (*b*) for the possession or transport of petroleum, not being dangerous or crude petroleum nor petroleum in bulk, and (*c*) for the possession of petroleum, in bulk or otherwise, in a minor installation, may be granted by a District Magistrate or by such other authority as the Local Government may, from time to time by order in writing, appoint in this behalf. In all other cases the licensing authority shall be the Local Government.

Licensing authority.

3. The licensing authority may, for reasons to be communicated to the applicant, refuse a license in any case: provided that when a license is refused by any authority other than the Local Government, such refusal shall be reported to the Local Government.

Refusal of license.

4. Every license granted under these rules shall be liable to be forfeited for any contravention of the Act, or of any rule thereunder, or of any condition contained in such license, or for any other reason deemed by the licensing authority to be good and sufficient, and recorded by him in writing.

Forfeiture of license.

5. Every license and pass granted under these rules shall be held subject to the conditions endorsed on it, and shall contain all the particulars required to be entered on it by the form prescribed for it under these rules.

Particulars of license.

6. (1) Every application for the renewal of a license shall be made in the same manner as an application for an original license.

Renewal of licenses.

(2) Every such application shall be made at a date not less than fifteen days before the date on which the original license expires.

(3) The same fee shall be charged for the renewal of a license as for a new license.

7. When any license is granted for the possession or transport of petroleum a copy of the rules contained in Chapter I of this Part in the case of a license for possession, and rule 10 of Chapter IV of this Part in the case of a license for transport, printed in English and the vernacular, shall be given, together with the license, to the licensee.

Supply of rules to licensee.

CHAPTER III.—LICENSES FOR THE POSSESSION OF PETROLEUM.

1. Save as provided in rule 10 of this Chapter, every license for the possession of petroleum shall remain in force until the 31st of December next following the date of issue of the license.

Continuance of license.

Petroleum not in bulk, other than dangerous petroleum.

2. Licenses for the possession of petroleum, not being dangerous petroleum, otherwise than in bulk, may be granted in Form A.

3. (1) The holder of a license in Form A may, at any time before the expiry of the license, apply for permission to transfer his license to another person.

Transfer of certain licenses.

(2) Such application shall be made to the District Magistrate, who shall, if he approves of the transfer, enter upon the license, under his signature, an endorsement to the effect that the license has been transferred to the person named.

(3) A fee of Rs. 5 shall be charged on each such application.

(4) The person to whom the license is so transferred shall enjoy the same powers nd be subject to the same obligations under the license as the original holder.

Dangerous petroleum not in bulk.

4. Licenses for the possession of dangerous petroleum not in bulk in quantity exceeding forty gallons may be granted in Form B.

Dangerous petroleum not exceeding forty gallons.

5. Licenses for the possession of dangerous petroleum in quantity not exceeding forty gallons may be granted in Form C.

6. Licenses for the possession of any stated quantity of petroleum in major installations in accordance with such specifications and plans as may be approved by the Local Government, on the recommendation of the Chief Inspector of Explosives, may be granted in Form D.

Storage in major installations.

7. Licenses for the possession of any stated quantity of petroleum in minor installations in accordance with such specifications and plans as may be approved by the Local Government, on the recommendation of the Chief Inspector of Explosives, may be granted in Form E.

Storage in minor installations.

8. Subject to such conditions as may be prescribed by the Local Government in each case, licenses in Form F may be granted to any person engaged in the extraction of petroleum from wells for the possession of any quantity of crude petroleum in any place of storage at or near such wells.

Storage of crude petroleum in bulk.

9. (1) Licenses in Form G may be granted free of charge for the possession of dangerous petroleum for use on motor-vehicles and for its transport thereon, for the purpose of use therein.

Dangerous petroleum for use on motor-vehicles.

(2) Save in the cases provided for by the conditions of the license, the provisions of the ordinary rules relating to the possession of dangerous petroleum shall regulate the possession of dangerous petroleum for use on motor-vehicles.

10. Licenses for the possession of petroleum in an installation may be granted free of charge to any local authority, subject to such conditions and for such period, as the Local Government may direct.

Storage by local authority.

CHAPTER IV.—LICENSES FOR THE TRANSPORT OF PETROLEUM.

General licenses for the transport of non-dangerous petroleum.

1. General licenses for the transport of petroleum, other than dangerous petroleum, may be granted for a period of twelve months in Form H.

General licenses for the transport of dangerous petroleum.

2. General licenses for the transport of dangerous petroleum otherwise than in bulk may be granted for a period of twelve months in Form I.

Effect of general license.

3. Licenses granted under rules 1 and 2 of this Chapter may authorise the holder to transport petroleum without restriction as to destination or total quantity.

Pass for transport of petroleum.

4. The holder of a general license granted under rules 1 or 2 of this Chapter shall, with each consignment of petroleum conveyed under cover of his license, issue to the person who takes charge of the petroleum for the purpose of transporting it a numbered pass in Form J.

Special licenses for the transport of petroleum other than dangerous petroleum.

5. Special licenses may be granted for the transport of petroleum, other than dangerous petroleum, in quantities exceeding five hundred gallons in Form K.

Special licenses for the transport of dangerous petroleum.

6. Special licenses may be granted for the transport of dangerous petroleum other than in bulk in Form L.

Effect of special license.

7. A special license granted under rules 5 and 6 shall only cover the transport of the particular consignment entered in the license.

Particulars to be given in applications for special licenses.

8. Applications for special licenses for the transport of petroleum by rail, or by road or by both, shall specify the description and quantity of petroleum to be transported, and the places from and to which, respectively, the petroleum is to be conveyed, and shall describe the receptacles in which it is to be contained.

Transport of dangerous petroleum by motorists otherwise than on a motor-vehicle.

9. Licenses in Form M to transport dangerous petroleum, otherwise than on a motor-vehicle, may be granted to owners of motor-vehicles holding licenses under rule 9, sub-rule (1), of Chapter III of this Part, to possess petroleum and use or transport it on a motor-vehicle.

Validity of license granted in another Province.

10. Petroleum may be transported within British Baluchistan under cover of a license granted by the prescribed authority in any other province, provided that the conditions of such license are observed throughout the period during which the petroleum is in transit.

CHAPTER V.—FEES.

Method of levying fees.

1. (1) Where the proceeds of fees leviable for licenses under these rules have been assigned by the Local Government to any local authority, the fees shall be levied in such manner as the local authority may from time to time direct.

(2) In all other cases the fees shall be levied by means of impressed stamps.

(3) An application for the grant or the renewal of a license shall bear the proper stamp, and, if it be refused, the value of the separate stamp (if any) which may have been already provided by the applicant for the desired license or renewed license, *minus* the deductions prescribed by section 54 of the Indian Stamp Act, 1899 (II of 1899), may be refunded to the applicant. An application should not be made on the stamped paper intended for the license or renewed license; but, where this has been wrongly done, the value of the stamp may be refunded *minus*—

(*i*) the value of the stamp which should have been affixed to the application, and

(*ii*) the deductions prescribed as aforesaid.

ENDORSEMENT ON FORM B.

CONDITIONS OF LICENSE.

1. If the licensing officer call upon the holder of a license, by notice in writing, to execute any repairs of the licensed place, which may, in the opinion of such officer, be necessary for the safety of the place, the holder of the license shall execute the repairs within such period not being less than one week from the date of receipt of the notice, as may be fixed by the notice.

2. The license-holder is prohibited from delivering any quantity of dangerous petroleum exceeding three gallons to any one who has not a license under section 5 or section 6 of Act, or any less quantity of such petroleum, except in accordance with the conditions of the proviso to section 6 of the Act, as to the vessels in which petroleum must be contained.

The petroleum shall be stored in gas-tight tinned or galvanized sheet iron, steel or lead plate receptacles containing each not more than ten gallons and fitted with well made filling holes and well fitting screw plugs or fitted with screw cap with metal air-tight under-cap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than half an inch : provided that wood cases shall not be necessary when the receptacles are made of tinned or galvanized sheet iron or steel, and have the following thickness of metal :—

	Not less than
(1) When the capacity does not exceed two gallons	25 B. W. G.
(2) When the capacity exceeds two gallons but does not exceed four gallons	22 B. W. G.
(3) When the capacity exceeds 4 gallons	16 B. W. G.

4. An air space of at least one-tenth of its capacity shall be left in each receptacle at the time of filling.

5. The receptacles shall be so substantially constructed and secured as not to be liable, except under circumstances of grave negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

6. The receptacles shall be labelled in accordance with the provisions of sections 7 of the Act.

7. Any receptacle, before being repaired, shall be cleared of all dangerous petroleum and of all dangerous vapours arising from the same.

8. The building shall be constructed of masonry or other uninflammable material with terraced, tiled or iron roofs and with tiled or paved or earthen floors.

9. Either the doorways and other openings of the building shall be built up to such a height above the level of the road or street, or the floor sunk to such a depth below the level of the road or street, that the petroleum cannot flow out from the building in case of its escape from the receptacle in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment or both sufficiently high to contain all the petroleum in case of its escape from the building.

A combination of these methods is permissible.

10. All ventilating openings in the building shall be protected by strong wire gauze.

11. No light, except a light of such strength, position and character as is not liable to ignite any inflammable vapour, or fire of any description, shall be permitted at any time within the installation.

12. All due precautions shall be taken for the prevention of unauthorised persons having access to any dangerous petroleum kept and to the vessels containing or having actually contained the same.

13. Every person managing or employed on or in connection with the place of storage shall abstain from any act whatever which tends to cause fire or explosion and which is not reasonably necessary, and shall prevent any other person from doing such act.

14. The drum or other receptacle containing dangerous petroleum shall only be opened on the licensed premises at or immediately adjoining the place of storage, and for the time necessary for drawing off the petroleum and during such drawing off every reasonable precaution shall be adopted for preventing the escape of dangerous petroleum or the vapour therefrom.

15. The following distances shall be kept clear from protected works round the place of storage :—

Quantity to be stored.	Distances to be kept clear when dangerous petroleum is stored in drums of not greater capacity than four gallons.	Distances to be kept clear when dangerous petroleum is stored in drums of capacity exceeding four gallons but not exceeding ten gallons.
Not exceeding 1,000 gallons . . .	25 Feet.	30 Feet.
From 1,000 to 5,000 „ . . .	40 „	50 „
„ 5,000 to 10,000 „ . . .	60 „	70 „
„ 10,000 to 15,000 „ . . .	90 „	100 „
„ 15,000 to 20,000 „ . . .	130 „	150 „
„ 20,000 to 30,000 „ . . .	180 „	200 „
„ 30,000 and over „ . . .	200 „	200 „

16. Provided that when the quantity to be possessed does not exceed 60 gallons the provisions of conditions 8, 9 and 15 shall not apply, but the licensee shall observe the following conditions :—

(i) The store-house or building in which the dangerous petroleum is stored shall be well ventilated and constructed of uninflammable material; provided, however, that the doors and windows may be of wood.

(ii) Where a store-house forms part of or is attached to another building and when the intervening floor or partition is of an unsubstantial or inflammable character or has opening therein, the whole of such building shall be deemed to be the store-house and no portion of such store-house shall be used as a dwelling house or as a place where persons assemble. The store-house shall have a separate entrance from the open air distinct from any building or dwelling in which persons assemble.

17. The store-house shall be liable to inspection by an officer authorised on this behalf.

THE HONOURABLE THE RESIDENT IN MYSORE.

NOTIFICATION.

Dated the 26th December 1906.

No. 122.—In exercise of the powers conferred by section 6 of the Bangalore Sanitary Improvements Loans Law, 1906, and with the previous sanction of the Governor General in Council, the Resident in Mysore is pleased to make the following rules under the said law for the grant of loans for the purpose of purchasing lands and erecting buildings in such localities as may, from time to time, be prescribed by Government:—

Officers by whom loans may be granted and the maximum amount admissible.

I. The Collector shall be competent to sanction loans not exceeding R1,000.

Explanation.—The Collector is not precluded by this rule from granting several loans to the same individual although the aggregate amount thereof may exceed the maximum prescribed.

Provided that—

(*a*) more than three loans shall not be granted to the same individual,

(*b*) no such several loan shall exceed R500, and

(*c*) such several loans shall be for distinct purposes and be covered by separate and independent security.

Rate of interest.

II. The rate of interest shall be 6¼ per cent. per annum, the Collector having the discretion to remit interest in case of borrowers who are known to be poor.

The Resident in Mysore may, if he sees fit, grant loans in special cases at reduced interest or without interest.

III. Interest shall accrue, from the date of disbursement of loans. If the loan is disbursed in instalments, interest on each instalment shall run from the date of the disbursement of such instalment.

Period allowed for repayment and method of recovery.

IV. Loans shall be repayable by equal annual instalments discharging both principal and interest, the time allowed for repayment being fixed by the Collector with reference to the convenience of the borrower and the circumstances of the case, but so as not to exceed the maximum period of 10 years prescribed by section 4(2) of the Law.

The time for repayment specified above, shall count from the date of the payment of the loan, or where the loan is paid by instalment, from the date of payment of the last instalment.

In cases of extraordinary calamity, involving destruction of property, the Resident in Mysore may suspend the payment of instalments of interest and principal for such period as he may think necessary, and may remit an amount equal to the interest due for the period of such suspension. He may also in such cases sanction an additional loan not exceeding R500 to an individual to whom a loan has already been granted irrespective of the fact that such additional loan may cause the total amount due on account of principal from that individual to exceed R1,500.

The time allowed for repayment is liable to revision under rule XIV.

Provided that nothing in this rule shall be taken to preclude a borrower from discharging the loan at an earlier period by payment of a larger amount than the annual instalment. The excess so paid shall be credited at once in reduction of principal and the number of future instalments shall, if necessary, be decreased, but no alteration in the amount of subsequent instalment shall be allowed, nor shall postponement of payment of subsequent instalments be permitted.

V. The first repayment of the principal and interest shall not be demanded within less than twelve months from the date of disbursement of the first instalment of the loan.

VI. Repayment may be made at the Resident's Treasury, Bangalore, through the Collector.

VII. Interest at 7½ per cent. will be charged on all instalments of interest or o principal overdue.

In calculating interest under this rule, a broken period of a month shall be taken as half a month or one month according as it is less or not less than fifteen days, and a rupee may be taken as half a rupee or one rupee according as it is less or not less than eight annas.

Security.

VIII. No loan shall be granted unless the value of the security offered exceeds by at least one-fourth the amount of the loan applied for.

The nature of the security to be required shall be—

(*i*) the land on which the building is to be erected and the building to be erected thereon; and

(*ii*) other lands or buildings, or both, belonging to the applicant.

If the value of the applicant's interest in the lands and buildings aforesaid does not exceed by one-fourth the amount of the loan applied for, further security consisting of lands or buildings or both belonging to other persons willing to become his sureties shall be required.

IX. If at any time the Collector is satisfied that any borrower has failed to perform any of the conditions on which the loan was made, he may proceed to recover forthwith from such person or from any surety of such person, the entire unpaid balance of the loan together with any interest payable thereon and costs, as arrears of land revenue.

X. An application for a loan shall in every case be made in writing to the Collector in Form No. I hereto annexed (printed copies of which can be obtained from the Collector's Office free of cost) and may be presented in person or sent by post. Mode of application.

XI. No loan shall be granted without a local enquiry. On receipt of an application the Amildar of the Civil and Military Station or other officer empowered by the Collector in this behalf may be required to make summary enquiry as to the correctness of the entries in the application, and as to the *boná fides* and the solvency of the applicant and the sufficiency of the security offered, and submit a report to the Collector.

XII. If after local enquiry and such further investigation as may be deemed necessary, the Collector is satisfied that the loan may be granted, he shall record a decision to the effect that the loan asked for, or a less sum, may be given and then shall at once issue an order granting the loan in Form No. II hereto annexed, which shall be signed by the applicant in token that he understands and agrees to the conditions contained therein. The security bond to be taken in the case of collateral securities shall be in Form No. III hereto annexed.

An order rejecting an application for a loan shall be intimated to the applicant by a notice in Form No. IV hereto annexed.

XIII. Loans may, at the discretion of the Collector, be advanced in one or more instalments. Disbursements of loans.

XIV. The Collector may make provision for the proper inspection of works in course of construction for which loans have been made and for ascertaining and securing that such loans are duly applied to the purpose for which they are made. Inspection of works.

All works for which loans are made by instalments shall be inspected and reported upon before each instalment subsequent to the first is paid.

All works shall be inspected and reported on as soon as possible after the date fixed for their completion in the order granting the loan.

If it should then be found that the work has not been carried out in substantial conformity with the proposals made, the Collector may either require immediate repayment of the whole amount advanced with interest at 6¼ per cent. and costs, if any, or alter the instalment fixed under Rule IV, so as to ensure repayment of the loan within the period for which it has been granted. In such cases the original loan order shall be cancelled and a fresh loan order issued, the former being recovered from the borrower if possible.

XV. The Collector shall keep a register of loans and repayments in Form No. V hereto annexed and such other accounts and statements as may from time to time be prescribed by the Resident in Mysore.

S. M. FRASER,
Resident.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall Summary for the seven days ending at 8 h., on Thursday, the 3rd January 1907, based on the Indian Daily Weather Reports of the period.

A depression which formed in the Bay of Bengal towards the close of the previous week, crossed the Coromandel coast near Madras on the 27th, and advanced slowly to the Konkan coast, where it disappeared on the 30th. While this depression was in existence, a feeble disturbance formed in Gujarat and was apparently transmitted eastwards. Under the influence of these two disturbances unusually wet weather prevailed in the Peninsula during the first half of the week, and rainfall extended as far north as Pendra and Chaibassa. No disturbance entered north-west India from Persia, and weather was dry throughout the week in Baluchistan, northern India and Burma.

Burma.—Skies were clear or only lightly clouded, and temperature was higher than usual, especially at night.

North-east India and Orissa.—On the approach of the disturbance from Gujarat cloud spread over the division on the 30th, and light rain fell at Chaibassa and Sambalpur. The appearance of cloud was accompanied by a large rise in night temperature, but as skies cleared, temperature fell, and at the close of the week it was normal everywhere.

The United Provinces Central India and the Central Provinces.—Skies were clear throughout the greater part of the week in the United Provinces and Central India, but in the Central Provinces there was much cloud up to the 31st, and rain fell in the southern and eastern districts on the 29th and 30th. Temperature was nearly normal in the division, except in the Central Provinces, where unusually high temperatures were recorded up to the 1st of January.

North-west India.—Skies were clear or only partially clouded for greater part of the week, but on the 3rd January pressure gave way and cloud appeared over nearly the whole division. Weather was warmer than usual, both by day and by night, more particularly in the Frontier Province and the Himalayan region.

The Peninsula.—Rain was reported on the 28th from South India, Mysore and the Circars coast, but as the depression from the Bay of Bengal advanced north-westwards, rainfall extended into the Deccan, where it was fairly general on the 29th. Rainy weather continued in the Peninsula for the next two days, but the falls became more local in character and ceased on the 1st. Skies were more or less thickly clouded, and night temperature was in consequence largely above normal, the excess being most marked in the Bombay Deccan.

The rainfall of the period, from the 30th November to the 3rd January, was largely above normal in most divisions of the Peninsula, and was also in excess in the North-west Dry Area and the rainfall sub-divisions of Ludhiana and Jaipur. In other parts of the country rainfall was in defect.

The following summarises the chief rainfall amounts of the week, as reported at 8h., each day:

December 28th, Gopalpur 1·63″, Masulipatam 1·32″, Nellore 1·74″ and Madura 1·39″.

" 29th, Gulbarga 2·62″, Cocanada 2·94″, Ahmednagar 2·09″, Chitaldroog 1·39″, Nizamabad 1·10″ and Bijapur and Karwar 1·06″.

" 30th, Pendra 1·46″, Cocanada 1·78″, Hyderabad (Deccan) 0·90″, Masulipatam 1·88″ and Kurnool 2·80″.

" 31st, Masulipatam 0·98″ and Kurnool 1·61″.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 29th December 1906.

Burma.—Slight showers fell in Sandoway and the Arracan Hill tracts during the week. Reaping of early wet weather paddy is completed in Thayetmyo and that of late wet weather paddy is proceeding satisfactorily everywhere. Threshing has commenced in Prome and Tavoy. Plucking of cotton is completed in the Gangaw township of Pakokku. Transplanting of tobacco and onions is completed in Mandalay. Sowing of beans and tobacco on islands is completed and reaping of late wet weather paddy has commenced in Myingyan. In parts of Mandalay the dry weather paddy nurseries are withering for want of water from canals. The standing crops are generally in good condition and the prospects of the harvests are on the whole favourable. The price of paddy has fallen largely in Toungoo; considerably in Bassein, Thaton, and Tharrawaddy; and slightly in Mandalay and Mergui; elsewhere it is stationary.

Eastern Bengal and Assam.—The weather is seasonable. There was no rain during the week. Rain is wanted in Lakhimpur for the winter crops. The tea season is practically closed; the outturn is good in Nowgong and fair in Darrang. Pruning of tea has commenced in most places. Plucking of cotton; harvesting of winter rice; and transplantation of summer rice are in progress. Insects are still causing damage to the mustard crop in parts of Kamrup. Prospects of cotton are unfavourable in the Garo Hills and the Khasi and Jaintia Hills; fair in Nowgong; and good in Sylhet. Prospects of winter rice and other standing crops are moderate. Prices of common rice:—Manipur 19; Kohima 10; Rangamati 9½; Dinajpur and Sibsagar 9; Barisal, Chittagong, Silchar, Tezpur, and Dibrugarh 8½; Faridpur, 7 to 8; Bogra, Malda, Sylhet, Aijal, Dhubri, Gauhati, and Nowgong 8; Comilla and Jalpaiguri 7½; Pabna 7¼; Mymensingh 7¼; Dacca, Noakhali, and Rampur Boalia 7; Tura 6 to 7; and Rangpur and Shillong 6½ seers per rupee. Prices have risen in seven; fallen in eight; and remain stationary in the remaining districts. There are no test works open in any district. Three hundred and sixty-four persons received gratuitous relief in Sylhet. Prices are daily falling and the condition of people is improving with the new crop now on the market.

Bengal.—Rain is reported from Bankura, Angul, Puri, Sambalpur, Ranchi and Singhbhum, the fall being light except in Angul and Singhbhum, where it was moderate. Harvesting of winter paddy is still going on. Pressing of sugarcane continues. The spring crops are doing well, but rain is needed for them in the Patna and Bhagalpur Divisions. The number of persons receiving gratuitous relief is—Muzaffarpur 919 and Darbhanga 15,847. The number of persons on test-works is—Muzaffarpur 130, and Darbhanga 1,449. The number on relief works in Darbhanga is 32,437. The price of common rice has risen in three and fallen in six districts.

United Provinces.—No rain fell during the week; it is needed in districts which have not had it. The standing crops on the whole are in good condition. Irrigation and weeding are being carried on and sugarcane pressing is in progress. Slight damage by locusts is reported in Gharwal and by frost in parts of Agra, Farrukhabad, Cawnpore, and Hamirpur. Cattle are generally healthy. Markets are full but fodder continues scarce in Sitapur and Rae Bareli. Prices are stationary but high.

The weekly report on the scarcity is as follows:—No rain fell during the week in Gorakhpur. Irrigation continues and crops are in good condition except in tahsil Bansgaon where slight damage is reported for want of rain. Supplies and fodder are adequate and prices remain stationary. The numbers on relief are:—on works 1,196; on gratuitous relief 1,375; in poor houses 303; total 2,874.

Punjab.—Slight rain has fallen in parts of Ambala and Rawalpindi. There is very little fluctuation in the prices of food grains; wheat is rising in Rohtak and falling in Ambala, and Sialkot. Cotton picking and sugarcane pressing continue in some districts. Sowings of spring crops are still in progress in Sialkot and Rawalpindi. Harvesting of *toria* (*Brassica campestris*) is in progress. The condition and prospects of the standing crops are generally good. Rain is needed for unirrigated crops in Hissar and Rohtak. The yield of cotton is poor in Multan and average in other districts and that of *toria* (*Brassica campestris*) average in Shahpur. Locusts appeared in Rohtak, Ambala, Amritsar, Sialkot Mianwali, and Multan but did no damage. Cattle are generally in good condition. Fodder is sufficient. There are no complaints regarding the water-supply.

North-West Frontier Province.—No rain. Unirrigated spring sowings are still in progress. The condition of the standing crops on irrigated and unirrigated areas is generally good; crops have been slightly damaged by locusts in the southern part of the Dera Ismail Khan District. The water-supply is sufficient. Fodder is ample. The condition of cattle is good except in Dera Ismail Khan. Prices are fluctuating but are easy. Prices:—wheat $14\frac{3}{8}$ to $18\frac{3}{4}$; gram $16\frac{11}{16}$ to 22; maize $16\frac{1}{4}$ to $27\frac{1}{2}$; and bajra $18\frac{3}{4}$ to 20 seers per rupee.

Jammu.—No rain. Prices are fluctuating. Prices:—wheat 17 to 24 and maize 21 to 35 seers per rupee. The condition of the standing crops is good. Fodder is sufficient. Sowings of spring crops are in progress.

Kashmir.—The weather is bright and cold. Prices are stationary.

Rajputana.—Rainfall:—Nizamat Bikaner forty-one cents. Agricultural operations are satisfactory. Prospects are generally satisfactory. Pasturage or fodder is sufficient. Prices are nearly steady throughout though still high in places.

Central India.—No rain. Autumn harvesting and picking of cotton are in progress. The standing crops and the probable outturn are good. Pasturage is good. Prices are high in Gwalior and Baghelkhand; and are stationary elsewhere. Irrigation and weeding of opium are in progress.

Central Provinces.—Rain was received in most districts during the week ranging from 1 inch in Seoni and Chhindwara to 33 cents in Bhandara. These showers have greatly benefited the spring crops but have damaged *juar* and cotton to some extent in Akola and Yeotmal. Cloudy weather has also injured the crops slightly in Nagpur, Chanda, Drug and Akola. Picking of cotton and threshing and winnowing of autumn crops still continue. Prospects are favourable and fodder and water are sufficient. Wheat has become slightly cheaper in Damoh, Drug and Bilaspur and rice in Nimar and Raipur; *juar* has become dearer by one seer per rupee in Narsinghpur and Buldana and cheaper by $1\frac{1}{4}$ seers in Damoh; elsewhere prices are steady but still maintain the scarcity level in Chanda and Bilaspur.

Bombay.—The rain during the week in parts of Ratnagiri, Kanara, the Deccan, the Karnatak and Kolhapur was beneficial to the standing crops except in parts of Kanara, Bijapur and Belgaum. More rain is needed in parts of the Deccan and the Karnatak where the crops are withering. Crops have been slightly damaged by locusts in parts of Hyderabad, Upper Sind Frontier, Thar and Parkar and Mahi Kantha; by insects in parts of Upper Sind Frontier and Thar and Parkar; and are generally in good condition elsewhere. Harvesting of autumn crops is nearly completed and threshing continues. Spring sowings are nearing completion. Cotton picking continues in Sind, Broach, the Deccan and Kathiawar. The supply of drinking water is generally sufficient and water for irrigation purposes is adequate except in parts of Ahmednagar, Poona and Sholapur. Agricultural stock is sufficient except in Ahmednagar, Sholapur, Bijapur and Cutch. The fodder supply is sufficient. The quantity of food grains purchasable per rupee is in the Deccan 23 per cent. above normal to 20 per cent. less than normal, and elsewhere normal to 25 per cent. below.

Hyderabad.—Rainfall:—16 cents. The early rice harvest still continues. Spring crops are in good condition and weeding continues. Late rice is being sown. Prices:—wheat 8; coarse rice $7\frac{1}{2}$; and juwar 16 seers per rupee.

Mysore.—There was slight rain throughout the State. The standing crops are in good condition and are being generally harvested. The prospects of the season are good. Cattle are healthy and water and fodder are available.

Coorg.—Rainfall:—30 cents. Picking of coffee and reaping of rice continue. Prices of food grains are stationary. Water and fodder are sufficient.

Madras.—The rainfall of the week was heavy in Tanjore; good in Nellore, South Arcot, Madras, North Arcot, Trichinopoly, Guntur, Chingleput, and Godavari; and light to fair elsewhere. Irrigation supplies are sufficient except in parts of Kistna, Bellary, Anantapur, Salem and Madura. Ploughing, sowing, weeding and transplanting are in progress in parts. The standing crops are generally fair, but in some parts of Godavari, Kistna, Kurnool, Tanjore, they have been damaged by heavy rain. Harvests continue with outturn poor to normal and bumper. Pasture is sufficient except in parts of Kistna and Bellary. Fodder is scanty in parts of Godavari, Kistna, Anantapur, Tanjore and Madura. The condition of cattle is generally good. The price of rice is stationary in twelve districts; has fallen in eight; and has slightly risen in three. The prices of millets

have fluctuated as follows:—*Ragi* is stationary in eight districts; has fallen in seven; and has slightly risen in six. *Cholam* is stationary in six districts; has fallen in one; and has slightly risen in seven. *Cumbu* is stationary in six districts; has fallen in two; and has slightly risen in eight.

The number of persons in receipt of relief during the preceding and present weeks in each Province or State is shown in the following table:—

CANTONMENTS.

REGULATIONS.

No. 10.—The following draft of certain rules which it is proposed to make for licensing, controlling and regulating the practice of brokers, measurers and weighmen in the Cantonment of Saugor in exercise of the powers conferred by section 26, clause (20), and section 27 of the Cantonments Act, 1889 (XIII of 1889), is published, in accordance with the provisions of section 27 of the said Act, for the information of persons likely to be affected thereby and notice is hereby given that the draft will be taken into consideration on the 11th February 1907.

2. Any objections or suggestions received from any person with respect to the draft before the date aforesaid will be considered by the Governor-General in Council.

Draft Rules.

1. No person shall practise in any public place as a broker, measurer or weighman without having previously obtained from the Cantonment authority a license authorising him so to practise, and unless such license is still in force. In case of breach of this rule, the offender shall, on conviction before a Magistrate, be liable to a fine which may extend to R50.

Licenses once granted, and not suspended or cancelled, may be renewed from year to year by the Secretary to the Cantonment Committee, subject to report of such renewal to the Cantonment authority.

2 No person convicted of an offence under Chapter XIII or under Chapter XVII of the Indian Penal Code, and no person who, on conviction of any offence, has been punished with imprisonment, shall, while such conviction remains in force, be licensed to practise as a broker, measurer or weighman.

3. No person shall be licensed to practise as a broker, unless he is able to read and write. But this rule shall not apply to any person who, at the time when these rules came into force, is practising as a broker in the Saugor Cantonment.

4. No person shall be licensed to practise as a measurer or weighman unless he is in possession of weights and measures, verified and stamped by order of the Cantonment authority under section 286 (1), Cantonment Code, 1889. Such weights and measures shall be produced by the licensee for inspection on demand made at any reasonable time by any member of the Cantonment Committee, or by any officer or servant of the Cantonment Committee who is in receipt of a monthly salary of not less than seven rupees, and who has been duly empowered by the Cantonment authority in this behalf, or by any Police officer above the rank of Constable.

5. Every person licensed to practise as a broker shall keep, or cause to be kept, regular and accurate accounts of all his dealings as a broker in a bound book, which shall be supplied to him at his expense by the Cantonment authority. The pages of such book shall be numbered consecutively in the office of the Secretary to the Cantonment Committee, and the first and last pages of such book shall be signed by the Secretary, who shall certify to the number of pages contained in such book. The book shall be produced by the licensee for inspection on demand made at any reasonable time by any member of the Cantonment Committee or by any officer or servant of the Cantonment authority who is in receipt of a monthly salary of not less than seven rupees, and who has been duly empowered by the Committee in this behalf.

6. The Committee shall frame—

(*a*) a scale of fees payable by licensees under these rules;

(*b*) a scale of rates at which licensees may charge for their services.

The Cantonment authority may from time to time make alterations in scales so fixed.

7. No broker, measurer or weighman shall charge or endeavour to obtain payment for his services, at a higher or lower rate than that prescribed under rule 6. The licensee's charges shall be payable by the seller, or by the purchaser, according to the agreement made in each case In the absence of any special agreement the charge shall be borne half by the seller and half by the purchaser.

8. Licenses under these rules, unless suspended or cancelled, shall be in force from the 1st of April of the year in which they are granted up to the 31st March of the ensuing year. Licenses granted on any date subsequent to the 1st April shall continue in force up to the 31st March following, and no longer. But only half fees shall be charged for licenses granted on or after the 1st October in any year.

9 Every license shall be in the vernacular, in the form appended, and shall be signed by the Secretary to the Cantonment Committee. Licenses are not transferable. The terms of every license granted under these rules shall be fully explained to the licensee, at the time when it is granted by the Secretary to the Cantonment Committee or by some servant of the Cantonment authority appointed by the Secretary for the purpose, and a copy in the vernacular of the rules and of the rates of charges fixed under rule 6 (*b*) shall be supplied to him with the license. Licenses shall be given in the form appended to these rules.

10 Copies in the vernacular of the rates prescribed under rule 6 (*b*) shall be suspended at such public offices or places as the Cantonment authority may think requisite for their due publication. No alteration in rates shall take effect until notice of the proposed alteration has been posted up at the above mentioned offices or places for a period of at least 15 days.

11. The Cantonment authority may, for good and sufficient reason, refuse to grant a license under these rules, and may for mis-conduct and non-compliance with the requirements of these rules on the part of the licensee, or for any other good and sufficient reason, suspend or cancel a license so granted. Such suspension or cancellation shall not entitle the licensee to any refund of fees paid on account of such license.

12. Every order of the Cantonment authority refusing the grant of a license under these rules or cancelling or suspending a license so granted, shall be recorded in writing by the Secretary to the Committee, and shall contain a brief statement of the reasons for the discussion of the Committee A copy of such order shall be supplied free of cost to the person thereby affected, on application by him to the Committee.

13. The Cantonment authority shall at the time of granting a license to a weighman or measurer under these rules cause to be supplied to him a suitable badge of office. A fee not exceeding one rupee shall be paid by the licensee for such badge when first supplied or on renewal, when it becomes unserviceable No weighman or measurer shall practise his calling in any public place without such badge, which must always be conspicuously worn by him while so practising his calling Such badges are not transferable.

14. Every licensee under these rules shall when practising his calling produce his license, badge, or both, as the case may be, for inspection on demand made at any reasonable time by any member of the Cantonment Committee or by any officer or servant of the Cantonment authority who is in receipt of a monthly salary of not less than seven rupees, and who has been duly empowered by the Cantonment authority in this behalf.

15. Every licensee under these rules shall deliver up to the Cantonment authority the license granted to him on its expiry, suspension or cancellation. When a license is so delivered up, the badge, supplied to the licensee by the Cantonment authority in accordance with the provisions of rule 13, shall also be surrendered. But on renewal or restoration of the license, the badge, if still serviceable, shall be returned to the licensee free of charge.

16. If after issue of any license or badge granted under these rules, such license or badge is lost or destroyed, the licensee shall not practise in any public place as a broker, measurer or weighman until he has, on application to the Cantonment authority, obtained a fresh license or badge. If the Cantonment authority is satisfied that such license or badge has been accidentally lost or destroyed, a fresh license or badge may be issued by the Committee to the licensee in place of it, on payment in either case of an additional fee of eight annas Every license as issued shall have the word "duplicate" written in large letters across it in red ink.

17. No licensee under these rules, while practising his calling in any public place, shall without reasonable cause refuse to transact business for any person calling on him to do so.

18. The following acts are included in the term "misconduct" within the meaning of rule 11:—

(*a*) Taking part in a combination to enhance or reduce the prices of goods, or to divert traffic from the Cantonment markets.

(*b*) Intentional betrayal by a licensee of the interests of any person employing him, or connivance in any fraud against persons not employing him.

(*c*) The purchase or sale of goods by a licensee, on his own account, while in the exercise of his calling.

(*d*) Interference by a licensee between buyers and sellers, when his services are unsought, or the demand of payment from any person who has not employed him.

(*e*) Demand by a licensee from any person employing him of any charge not authorised by rule 6.

Form of license for a Broker or Weighman.

(No. 9 of the Rules for licensing Brokers, Measurers or Weighmen.)
(To be maintained in duplicate, the bound copy being retained in the Cantonment office for record.)

caste resident of is hereby authorised to practise as a * in all public places within the limits of the Saugor Cantonment. This license shall not be in force after the 31st March .

Not transferable.

The attention of the licensee is drawn to the rules (non-compliance with which may entail cancellation of the license, *vide* rule 11) and the rates of charges fixed under rule 6 (*b*), copies of which have been supplied to him with this license.

The sum of R has been paid on account of this license.

GOVERNMENT OF INDIA.
DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall Summary for the seven days ending at 8 h., on Thursday, the 10th January 1907, based on the Indian Daily Weather Reports of the period.

Weather was dry during the first half of the week in northern India, but on the 6th pressure gave way briskly in Gujarat, south Rajputana and the adjacent districts of Central India, and an area of low pressure was formed there. On the 7th a rapid fall of the barometer in Baluchistan, accompanied by thick cloud in that area, showed the formation of another depression, which also apparently was of local origin and was not transmitted from Persia. On the 8th this depression was shown lying over north Rajputana and the south-west Punjab, and cloud had extended over north-west India, except in Sind and Gujarat, while snow was falling in Kashmir. The area of low pressure from Gujarat had in the meantime entered Central India, and skies were cloudy there and over the whole of the United and Central Provinces. The depression in Rajputana was in practically the same position on the 9th, and had given snow and rain in the west Himalayas, and rain in the submontane districts of the Punjab, while the area of low pressure in Central India had also been stationary, but had increased in intensity and importance. The combined action of these two disturbances caused during the next twenty-four hours widespread precipitation extending over the west Himalayas, the submontane and east Punjab, the United and Central Provinces and the east of Central India. Both disturbances then filled up rapidly and had practically disappeared by the morning of the 10th. In the Peninsula no disturbance of any importance appeared, but there were a few falls of rain—due to generally unsettled conditions shown chiefly by the presence of cloud.

Burma.—Skies were clear or only lightly clouded, and temperature was generally above normal, except in Tenasserim.

North-east India and Orissa.—Skies were clear over the greater part of the division until the 10th, when the approach of the area of low pressure from Gujarat caused the appearance of cloud in all parts except Assam. Temperature was nearly normal during the first part of the week and was in general excess during the second.

The United Provinces, Central India and the Central Provinces.—Skies were nearly clear during the first few days of the week, but the advance eastward of the area of low pressure from Gujarat caused an increase of cloud, and by the end of the week skies were overcast in the whole division, and night temperature was in consequence considerably above normal. Rain was reported on the 10th from the east of Central India and most stations in the United Provinces and the northern districts of the Central Provinces.

North-west India.—Skies were cloudy throughout the week in Kashmir, but in the plains of north-west India they were clear till the formation of the depression in Baluchistan and its advance into north Rajputana, when cloud spread over the whole division, except Sind and Gujarat. Snow commenced falling in Kashmir on the 8th and continued in that region during the remainder of the week, while rain was received in the Frontier Province and parts of the Punjab and of Rajputana on the 9th and 10th. Temperature was in general excess throughout the week, and was most largely above normal at night, but a rapid fall in maximum temperature occurred in the area of rainfall at the close of the period.

The Peninsula.—Skies were cloudy, and local falls of rain were reported on most days of the week. Temperature was nearly normal till the 7th, when night temperature rose and remained in slight to moderate excess during the rest of the week.

The rainfall of the period, from the 30th November to the 10th January, was practically normal or in excess over the greater part of the Peninsula, and in the Punjab, the Frontier Province and Rajputana. The excess was largest in the Deccan and Mysore.

The following summarises the chief rainfall amounts of the week, as reported at 8h., each day:

January 6th, Negapatam 1·08″ and Pamban 1·85″.

„ 7th, Pamban 1·01″.

„ 8th, Sonemarg 0·57″.

„ 9th, Ludhiana 0·76″, Murree 1·15″ and Leh 0·42″.

„ 10th, Meerut 0·89″, Roorkee 1·21″, Dehra Dun 1·84″, Chakrata 2·03″, Jhansi 0·45″, Simla 2·04″, Delhi 0·63″, Lahore 0·58″ and Rawalpindi 0·98″.

GOVERNMENT OF INDIA,

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 5th January 1907.

Burma.—Slight showers fell in Sandoway and Kyaukpyu during the week. Sowing of early wet weather paddy has commenced in the Southern Shan States. Reaping of late wet weather paddy has commenced in irrigated tracts of Minbu and has been completed in Pegu, Tavoy, and the Monywa sub-division of Lower Chindwin. Threshing is completed in Henzada and is progressing in Tharrawaddy, Prome, Tavoy, and in the Northern Shan States. Ploughing for dry weather paddy has commenced in the Yeu sub-division of Shwebo and is progressing in the Monywa sub-division of Lower Chindwin. Sowing continues in Kyaukse and in Upper Chindwin and is completed in the Pakokku township of Pakokku. Plucking of cotton in Thayetmyo and gathering of groundnuts in Magwe are progressing. Reaping of sesamum is completed in the Monywa sub-division of Lower Chindwin. The standing crops are generally in good condition. The price of paddy has risen slightly in Rangoon, Pyapon, Mandalay, and Shwebo; it has fallen considerably in Tharrawaddy, Toungoo, and Minbu; largely in Akyab and Thaton; and slightly in Maubin and Henzada.

Eastern Bengal and Assam.—The weather is seasonable. There was no rain during the week. Rain is wanted for mustard and other winter crops in the Surma Valley and in Upper Assam. The tea season is practically closed; the outturn is good in Sylhet and Nowgong and fair in Darrang. Pruning of tea has commenced in most places. Plucking of cotton; harvesting of winter rice; pressing of sugarcane; gathering of pulses; and transplantation of summer rice are in progress. Insects are still causing damage to the mustard crop in parts of Kamrup. Prospects of cotton are unfavourable in the Garo Hills and the Khasi and the Jaintia Hills; fair in Nowgong; and good in Sylhet. Prospects of winter rice and other standing crops are moderate. Prices of common rice:—Manipur 18; Kohima 10; Rangamati 9½; Nowgong and Sibsagar 9; Silchar, Tezpur, and Dibrugarh 8½; Barisal, Chittagong, Dinajpur, Jalpaipuri, Aijal, Dhubri, and Gauhati 8; Faridpur 7 to 8; Bogra, Pabna and Rampur Boalia 7½; Mymensingh and Sylhet 7½; Noakhali and Malda 7; Tura 6 to 7; and Rangpur and Shillong 6½ seers per rupee. Prices have risen in six; fallen in five; and have remained stationary in the remaining districts. One hundred and seventy-six persons received gratuitous relief in Sylhet.

Bengal.—Moderate rainfall is reported from Sambalpur and Palamau, and a slight fall from Cuttack. Harvesting of winter rice is nearly finished. Sugarcane-pressing continues. Spring crops are doing well. But rain is still needed for them in the Patna Division, and also in parts of the Hooghly, Bhagalpur, Purnea, Palamau, and Singhbhum districts. The number of persons receiving gratuitous relief is:—Muzaffarpur 1,608 and Darbhanga 19,453. The number of persons on test and relief works in Darbhanga is 585 and 48,381, respectively. The price of common rice has risen in ten and fallen in five districts.

United Provinces.—The week was rainless though cloudy and rain is needed generally for spring crops. Weeding and irrigation continues. The condition of crops is good though some injury is reported to the *arhar* crop by frost in one tahsil of the Cawnpore district. Agricultural stock is on the whole in good condition. Supplies are adequate, but fodder is still scarce in Sitapur and Rae Bareli. Prices continue stationary.

The weekly report on the scarcity is as follows:—rain is urgently needed in Gorakhpur. Crops are in good condition except in parts of the Bhat tract where damage is reported both from rust and deficient moisture. Irrigation, weeding and cane pressing continue. Markets are full. Prices have fallen slightly but are still high. The numbers on relief are:—on works 377, on gratuitous relief 1,613, in poor houses 352, total 2,342.

Punjab.—Slight rain has fallen in parts of Jullundur, Ferozepur, Lahore, Amritsar, and Sialkot. The price of wheat is rising in Rohtak, Ambala, and Sialkot and falling in Rawalpindi and Multan; there is very little fluctuation in the prices of other food grains. Harvesting of autumn crops; cotton picking; and sugarcane pressing are in progress in some districts. The condition and prospects of the standing crops are generally good. Rain is needed for unirrigated crops in Rohtak, Ambala and Shahpur. Locusts appeared in Ambala, Jullundur, Sialkot, Shahpur, and Multan causing slight damage in those districts. The condition of cattle is good. Fodder is sufficient. There are no complaints regarding the water-supply.

North-West Frontier Province.—Rainfall *nil*. Spring sowings are still progressing. The condition of the standing crops on irrigated and unirrigated areas is good. Locusts have slightly damaged the wheat and oil seeds crops in Dera Ismail Khan. The water-supply is ample. Fodder is sufficient. The condition of cattle is good except in the Tank tahsil of the Dera Ismail Khan district. Prices show a downward tendency. Prices:—wheat 15 to 19; gram 17 to 22; maize 15 to 27¾; and bajra 18¾ to 20 seers per rupee.

Jammu.—There was slight rain during the week. Prices are fluctuating. Prices:—wheat 11 to 22 and maize 12 to 28 seers per rupee. The condition of the standing crops is good. Fodder is sufficient except in the Kishtwar tahsil. Sowing of spring crops is nearly over.

Kashmir.—The weather was bright except on the last day of the week when it was cloudy with slight rain. Prices are almost stationary.

Rajputana.—Agricultural operations are proceeding satisfactorily and prospects are generally satisfactory. Pasturage or fodder is sufficient. Prices are nearly steady throughout though still high in places.

Central India.—There were light showers in parts of Bhopawar during the week but no rain elsewhere Spring sowings and autumn reapings are in progress. The standing crops and probable outturn are good. Pasturage is good. Prices are normal in Gwaior and Bhopal; high in Baghelkhand; and steady elsewhere. Poppy cultivation is in progress in Malwa and Indore.

Central Provinces.—The weather is cloudy and cool but no rain fell except in parts of Bhandara and Balaghat, improving prospects of the spring crops. Threshing and winnowing of autumn crops; and picking of cotton are in full swing. *Juar* has been slightly damaged by frost in Jubbulpore and wheat plants by cloudy weather in parts of Hoshangabad; linseed and gram in Wardha, *tur* and gram in Burhanpur tahsil (Nimar), and linseed in Bilaspur and Bhandara tahsils have also been slightly damaged by cloudy weather and by insect pests. The standing crops are generally in good condition and prospects are favourable. Fodder and water are ample everywhere. The prices of food grains have risen slightly in Jubbulpore, Mandla, Nimar, Chhindwara, and Wardha and have fallen in the Chhattisgarh division and in the districts of Damoh, Narsinghpur, and Yeotmal; prices elsewhere are steady but still exceed the scarcity rate in Wardha, Chanda, and Bilaspur; rates are generally cheaper than those ruling at this time last year.

Native States:—Kawardha received nearly one inch of rain during the week. Threshing of rice and *kodon*; picking of cotton; and sugarcane pressing continue. Spring crops are flourishing and prospects are good. Fodder and water are sufficient. Prices have risen in Raigarh owing to large rice exports towards Bengal; elsewhere prices are:—wheat 11 to 20; rice 13 to 17; and *kodon* 18 to 23 seers per rupee.

Bombay.—There was rain during the week in parts of Surat, Ratnagiri, Kanara the Deccan, the Karnatak and Kolhapur. The standing crops have been slightly damaged by locusts and insects in parts of Hyderabad; by recent rain in parts of Kanara and Belgaum; are withering in parts of the Deccan and Bijapur; and are generally in good condition elsewhere. Harvesting of autumn crops is nearly completed and threshing continues. Cotton picking is progressing in Hyderabad, Thar and Parkar, Broach, the Deccan and Kathiawar. The supply of drinking water is generally sufficient and water for irrigation purposes is adequate except in parts of Nasik, Ahmednagar, Poona and Sholapur. Agricultural stock is sufficient except in Thar and Parkar, Ahmednagar, Sholapur, Bijapur, and Cutch. The fodder supply is sufficient. The quantity of food grains purchasable per rupee is in the Deccan 10 per cent. above normal to 24 per cent. less than normal, and elsewhere normal to 25 per cent. below.

Hyderabad.—Rainfall one inch eleven cents. The early rice harvest is nearing completion. Spring crops are in fair to good condition. Weeding continues. Late rice sowing continues. Prices:—wheat 7¾; coarse rice 7¼; and jowar 15¼ seers per rupee.

Mysore.—There was slight rain throughout the State during the week. Prices are generally steady. The standing crops are in good condition and are being generally harvested. The prospects of the season are good; cattle are healthy and water and fodder are available.

Coorg.—Rainfall two cents. Picking of coffee and reaping of rice continues. Prices of food grains are stationary. Water and fodder are sufficient.

Madras.—Rainfall *nil* in the Central districts and Malabar; good in Guntur, Anantapur, Vizagapatam Agency, Kurnool, Kistna and Nellore; and light to fair elsewhere. Irrigation

supplies are sufficient except in parts of Kistna, Bellary, Salem and Madura. Ploughing, sowing, weeding and transplanting are in progress in parts. The standing crops are generally fair but some in parts of Godavari, Kistna, Guntur, and Kurnool have been damaged by recent rains. Harvests continue with outturn poor to normal and bumper. Pasture is sufficient except in parts of Kistna and Bellary. Fodder is scanty in parts of Godavari, Kistna, Salem, Tanjore and Madura. The condition of cattle is generally good. The price of rice is stationary in six districts; has fallen in twelve; and has very slightly risen in five. The prices of millets have fluctuated as follows :—*Ragi* is stationary in six districts; has fallen in eight; and has slightly risen in seven. *Cholam* is stationary in four districts; has fallen in five; and has slightly risen in five. Cumbu is stationary in two districts; has fallen in five; and has slightly risen in eight.

NOTIFICATION.

Calcutta, the 18th January 1907.

The following Statute is published for general information :—

THE MARRIAGE WITH FOREIGNERS ACT, 1906.

[6 EDW. 7, CHAPTER 40.]

An Act to amend the Law with respect to Marriages between British Subjects and Foreigners.

[29th November 1906.]

Be it enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows :—

Brit- with oad. 1. (1) Any British subject who desires to be married in a foreign country to a foreigner according to the law of that country may, if it is desired for the purpose of complying with the requirement of the law of that country to obtain the certificate hereinafter mentioned, give notice of the marriage, if resident in the United Kingdom, to the registrar, and if resident abroad, to the marriage officer, and apply to the registrar or officer for a certificate that after proper notices have been given no legal impediment to the marriage has been shown to the registrar or officer to exist, and the registrar or officer shall, after the conditions set out in the Schedule to this Act have been complied with, give the certificate applied for unless the certificate is forbidden or a caveat is in operation as provided in that Schedule, or some legal impediment to the marriage is shown to the registrar or officer to exist.

(2) If a person—

(*a*) knowingly and wilfully makes a false oath or signs a false notice of marriage for the purpose of a certificate under this section; or

(*b*) forbids the granting of a certificate under this section by falsely representing himself to be a person who is authorised to forbid the certificate, knowing that representation to be false,

that person shall be guilty of perjury, and if the offence is committed abroad, may be tried in any county or place in the United Kingdom in which the offender may be, and dealt with in the same manner in all respects as if the offence had been committed in that county or place.

(3) If any person enters a caveat on grounds which the registrar or officer, or, in case of appeal, the Registrar General declares to be frivolous, that person shall be liable to pay as a debt to the applicant for the certificate such sum as the registrar or officer or, in the case of appeal, the Registrar General considers to be proper compensation for the damage caused to the applicant by the entering of the caveat.

(4) Such fees may be charged in respect of any notice of an intended marriage, or any application for or grant of a certificate, or the entering of a caveat under this section, as may be fixed, as respects certificates to be granted by or caveats entered with registrars, by the Registrar General, with the consent of His Majesty in Council, and, as respects certificates to be granted by or caveats entered with a marriage officer, as may be fixed by Order under the Consular Salaries and Fees Act, 1891. 54 & 55

A. D. 1906.

Marriage of foreigners with British subjects in the United Kingdom.

2. (1) Where arrangements have been made to the satisfaction of His Majesty with any foreign country for the issue by the proper officers of that country, in the case of persons subject to the marriage law of that country proposing to marry British subjects in the United Kingdom, of certificates that after proper notices have been given no impediment according to the law of that country has been shown to exist to the marriage, His Majesty may, by Order in Council, make regulations—

(a) requiring any person, subject to the marriage law of that foreign country, who is to be married to a British subject in the United Kingdom, to give notice of the fact that he is subject to the marriage law of that country to the person by or in the presence of whom the marriage is to be solemnised; and

(b) forbidding any person to whom such a notice is given to solemnise the marriage or to allow it to be solemnised until such a certificate as aforesaid is produced to him.

(2) If any person knowingly acts in contravention of, or fails to comply with, any such regulation, he shall be guilty of a misdemeanour, and shall be liable to a fine not exceeding one hundred pounds, or to imprisonment for a term not exceeding one year.

(3) Nothing in this section shall be taken to relate or have any reference to any marriages between two persons professing the Jewish religion solemnised according to the usages of the Jews in the presence of the secretary of a synagogue authorised by either the Births and Deaths Registration Act, 1836, or the Marriages (Ireland) Act, 1844, or by the Marriage and Registration Act, 1856, to register such a marriage, or of a deputy appointed by such secretary by writing under his hand, and approved by the president for the time of the London committee of deputies of the British Jews by writing under his hand.

6 & 7 Will. 4, c 86. 7 & 8 Vict, c 81. 19 & 20 Vict, c. 119.

Power to make general regulations.

3. His Majesty may by Order in Council make general regulations prescribing the forms to be used under this Act and making such other provisions as seem necessary or expedient for the purposes of this Act, and may by Order in Council revoke, alter, or add to any Order in Council made under this Act

Interpretation.

4. In this Act, unless the context otherwise requires,—

the expressions "Registrar General" and "registrar" mean respectively the Registrar General within the meaning of the Births and Deaths Registration Act, 1836, and a superintendent registrar of marriages within the meaning of the Marriage Act, 1836, and

the expression "marriage officer" means a marriage officer for the time being under the Foreign Marriage Act, 1892, and includes any person for the time being empowered to register a marriage under section eighteen of that Act.

55 & 56 Vict., c. 23.

Application to Scotland.

5 In the application of this Act to Scotland—

(1) references to the forbidding of a certificate shall not apply;

(2) a reference to a caveat shall be construed as a reference to an objection, and the provisions respecting the entry of a caveat on frivolous grounds shall not apply;

(3) the expressions "Registrar General" and "registrar" mean respectively the Registrar General of births, deaths, and marriages in Scotland, and the registrar of births, deaths, and marriages for a parish or district under the Registration of Births, Deaths, and Marriages (Scotland) Act, 1854, and the Acts amending that Act;

17 & 18 Vict., c. 80

(4) paragraph (a) of subsection one of section two shall be read as if the following words were inserted after the word "solemnised," namely, "or to any registrar, law agent, or other person whom he desires to draw up any declaration of irregular marriage between him and a British subject"; and paragraph (b) of the same subsection shall be read as if the following words were inserted after the word "solemnised," namely, "or to aid in effecting the said irregular marriage";

(5) the duly appointed minister of a synagogue shall be substituted in subsection (3) of section two for the secretary of the synagogue or deputy as described in that subsection.

Application to Ireland.

6. In the application of this Act to Ireland the expressions "Registrar General" and "registrar" mean respectively the Registrar General and registrar within the meaning of the Marriages (Ireland) Act, 1844.

Short title.

7. This Act may be cited as the Marriage with Foreigners Act, 1906.

SCHEDULE.

PART I.

PROVISIONS APPLICABLE EXCEPT IN SCOTLAND.

A.—CONDITIONS.

1. The applicant shall sign a notice stating the name, surname, profession, condition, nationality, and residence of each of the parties to the marriage, and whether each of the parties is or is not a minor.

5. 2. The applicant shall at the time of giving the notice make and subscribe in a book to be kept by the registrar or officer for the purpose, an oath—

(a) that the applicant believes that there is no impediment to the marriage by reason of kindred or alliance, or otherwise; and

(b) that the applicant has for three weeks immediately preceding had his usual residence within the district of the registrar or officer; and

(c) if the applicant, not being a widower or widow, is under the age of twenty-one years, that the consent of the persons whose consent to the marriage is required by law has been obtained thereto, or that there is no person having authority to give that consent, as the case may be.

3. The registrar or officer shall file every such notice and keep it with the archives of his office, and shall forthwith enter in a book of notices to be kept by him for the purpose, and post up in some conspicuous place in his office a copy of every such notice, and shall keep it so posted up for at least twenty-one days.

4. The book in which the notice is entered, and the copy posted up, shall be open at all reasonable times without fee to the inspection of any person.

B.—PROVISIONS AS TO FORBIDDING CERTIFICATE, AND AS TO CAVEATS.

5. Any person whose consent is required by law to marriages solemnised in England may forbid the certificate by writing the word "forbidden" opposite to the entry of the application in the book of notices, and by subscribing thereto his name and residence and the character by reason of which he is authorised to forbid the certificate.

6. (a) Any person may enter with the registrar or officer a caveat against the granting of the certificate. signed by him or in his behalf and stating his residence and the grounds of his objection.

(b) The registrar or officer shall examine into the matter of the caveat and decide whether it ought to obstruct the giving of the certificate or not, but he may if he thinks fit refer the matter to the Registrar General to decide. If the registrar or officer decides the question himself, and decides that the caveat ought to obstruct the granting of the certificate, the applicant for the certificate may appeal to the Registrar General in manner provided by regulations made under this Act.

(c) The caveat shall cease to operate—

(i) if withdrawn by the persons entering it; or

(ii) if it is decided by the registrar or officer or by the Registrar General on appeal that it ought not to obstruct the giving of the certificate.

PART II.

PROVISIONS APPLICABLE IN SCOTLAND.

A.—CONDITIONS.

1. The applicant shall give a notice to the registrar of the parish or district in which he shall have resided for a period of not less than fifteen clear days previous to the giving thereof. Such notice shall be in the form as nearly as may be set forth in Schedule A to 41
the Marriage Notice (Scotland) Act, 1878, but shall state, in addition to the particulars therein set out, the nationality of the parties to the intended marriage.

2. On the receipt of a notice of an intended marriage the registrar, being satisfied that the notice is conformable to the requirements of this Act, shall forthwith enter the particulars set forth in the notice in the Marriage Notice Book kept in terms of the Marriage Notice (Scotland) Act, 1878, and shall on the same day post or put up in a conspicuous and accessible place on the door or outer wall of his office a public notice of the intended marriage, in the form as nearly as may be set forth in the Schedule B annexed to the said last-mentioned Act, but stating, in addition to the particulars therein set out, the nationality of the parties to the intended marriage, and shall keep the same so posted or put up for seven consecutive days thereafter.

B.—PROVISIONS AS TO OBJECTIONS.

3. (a) Any person may enter with the registrar an objection against the granting of the certificate signed by him or on his behalf, and stating his residence and the grounds of his objection.

(b) The registrar shall refer any objection to the Registrar General, who shall decide whether it ought to obstruct the granting of the certificate or not, and shall instruct the registrar accordingly, and the instructions so given shall be carried out by the registrar.

(c) The objection shall cease to operate—

(i) if withdrawn by the person entering it; or

(ii) if it is decided by the Registrar General that it ought not to obstruct the granting of the certificate.

REVENUE COMMISSIONER'S OFFICE—NORTH-WEST FRONTIER PROVINCE.

NOTIFICATIONS.

Peshawar, the 10th January 1907.

No. 128.—The Revenue Commissioner, North-West Frontier Province, in exercise of the powers conferred on him by sections 20 and 65 of the Excise Act (XII of 1896), is pleased, with the previous sanction of the Chief Commissioner, to make the following rules as to the possession and sale of cocaine and of the preparations and admixtures of cocaine:—

1. A license for the sale of cocaine shall not be given to any person other than a druggist, chemist or medical practitioner approved by the Collector.

2. The license issued by the Collector shall in all cases expire on the 31st day of March following the date of issue. No fee shall be charged for a license.

3. No license for the vend of cocaine shall authorise the licensee to possess more than one ounce of cocaine without the previous sanction of the Revenue Commissioner obtained to the raising of this limit in each particular case.

4. Any cocaine in respect of which an order of confiscation is passed under the provision of the Excise Act XII of 1896, as amended by Act VII of 1906, shall be delivered to the Deputy Commissioner of the district in which such an order is passed and forwarded by him to the Medical Store Depôt, Lahore Cantonments, for disposal.

5. The license shall be in the form given below:—

License for the sale of cocaine by druggist, chemist and medical practitioners.

Register No.

Name and description of licensee.

Locality of vend premises.

The person named above and hereinafter called the licensee is licensed to sell cocaine subject to the provisions of Act XII of 1896, as amended by Act VII of 1906, and the rules thereunder and to the following conditions:—

1. This license is not transferable.

2. The licensee shall not sell or keep or store cocaine in any place except in the permises described above.

3. The licensee shall be responsible for the acts and omissions of every person employed by him in carrying on his business and of all his servants, as if the said acts and omissions were his own.

4. The licensee shall purchase all cocaine to be sold under his license either direct from Europe or from a licensed vendor thereof in India, and he shall not receive or have in possession cocaine obtained elsewhere.

5. The licensee shall not at any time have in his possession more than one ounce of cocaine.

6. The licensee shall not sell cocaine to any person other than—

(a) a medical practitioner, that is to say, a person who has been registered under an European or American Medical Act or who has received a medical diploma from an Indian University or College and who practises medicine according to European methods ;

(b) a dental surgeon, that is to say, a person who has received a European or American degree in dental surgery or who practises dental surgery in European methods ;

(c) a person producing a prescription of a medical practitioner as defined in (a) or in the case of the licensee who is a medical practitioner, for whom he has himself prescribed ;

(d) a person holding a license in this form.

7. The licensee shall retain every prescription on the authority of which he has sold cocaine, and he shall not sell cocaine more than once on the authority of any one prescription.

8. The licensee shall keep a correct daily account in the following form, to be balanced at the close of each day, a separate set of pages being set aside for cocaine and for each preparation and admixture thereof stocked by him :—

(1) Date.
(2) Balance in hand yesterday.
(3) Quantity received this day and whence received.
(4) Total quantity to be accounted for.
(5) Quantity sold this day.
(6) Name of purchaser.
(7) Address.
(8) Signature of purchaser.
(9) Date of prescription (if any) and name of medical practitioner who granted it.
(10) Remaining in store.
(11) Remarks.

9. The licensee shall produce his license and accounts of sale of cocaine and each preparation and admixture thereof for inspection at once on the demand of any officer specially or generally authorized by the Collector or officer in charge of excise.

10. This license may be cancelled by the Collector if any breach of the Excise Act, 1896, or of the rules made thereunder or of the above-mentioned conditions is committed by the license-holder or his partner or agent or any other person employed in the premises for which this license is granted.

11. At the determination or expiration for any cause of this license the license-holder shall hand over to the Collector any cocaine of which he is not able to dispose forthwith, and such cocaine shall then be dealt with as directed in rule 4 of these rules.

The 14th January 1907.

No. 186.—It is hereby notified that, in accordance with section 50 of the Punjab Court of Wards Act II of 1903, as applied to the North-West Frontier Province by Regulation V of 1904, the Court of Wards releases from its superintendence the persons and the properties of Ghulam Haidar Khan and Sher Bahadur Khan, sons of Mir Rahman Khan of Shab-Kadr in the Peshawar District, with effect from the 15th January 1907.

AGENT TO THE GOVERNOR GENERAL IN CENTRAL INDIA.

NOTIFICATIONS.

Indore, the 11th January 1907.

IMPOSITION OF PROPERTY RATES.

No. 50-B.—In exercise of the powers conferred by Section 17, Sub-Section (1) of the Cantonment Act, 1889 (XIII of 1889), as applied to the Cantonment of Nowgong by the Notification of the Government of India in the Foreign Department No. 5024-I., dated the 24th December 1891, and of all other powers enabling him in this behalf, and with the previous sanction of the Governor General in Council, the Governor General's Agent in Central India hereby directs that the following tax shall be imposed in the Cantonment of Nowgong, with effect from the 1st April 1907.

PROPERTY RATES.

1. A general rate of 10 per cent. per annum on the rateable value of houses, buildings and lands situate outside the limits of any Bazar.

2. A general rate of 7 per cent. per annum on the rateable value of houses, buildings and lands situate within the limits of any Bazar.

Provided that—

(1) No property rate shall be leviable in respect of— The City of Bombay Municipal Act, 1888, Section 143.

(*a*) any buildings exclusively occupied for public worship or religious or charitable purposes, or

(*b*) any houses, buildings or lands belonging to Government and used for Government purposes, or occupied by Government servants entitled as such to free quarters.

The following buildings shall not be deemed to be buildings exclusively occupied for public worship or for charitable purposes within the meaning of clause (*a*), namely :—

(*c*) buildings in which any trade or business is carried on, and

(*d*) buildings in respect of which rent is derived, whether such rent is or is not applied exclusively to religious or charitable purposes.

(2) From the time the said property-rate is first levied, the Cantonment Authority shall undertake the conservancy of all houses and buildings made liable to the said rate within the limits of the Cantonment.

The Notifications Nos. 3047 and 3048, dated the 26th March 1897, authorising the imposition of a latrine tax in the Nowgong Cantonment are hereby cancelled.

NOTIFICATION UNDER THE CANTONMENT ACT, XIII OF 1889.

No. 51-B.—In exercise of the powers conferred by Section 17, Sub-Section (2) of the Cantonment Act (XIII of 1889), as applied to the Cantonment of Nowgong by the Notification of the Government of India in the Foreign Department No. 5024-I., dated the 24th December 1891, and with reference to the Notification No. 50-B., of this date imposing property rates in the Cantonment of Nowgong, the Hon'ble the Agent to the Governor General in Central India, with the previous sanction of the Governor General in Council, hereby applies to the said Cantonment the provisions of the enactments and rules hereinafter specified for the assessment and recovery of the said tax, in the adapted form set forth below. The said provisions, as so adapted, may be cited as "the Nowgong Cantonment Taxation Regulations."

ADAPTED FORM. — ENACTMENT OR RULE.

Liability for Property Rates.

Primary responsibility for property rates on whom to rest.

1. (1) Property rates shall be leviable primarily from the actual occupier of the premises upon which the said rates are assessed if such occupier holds the said premises immediately from Government or from the Cantonment Authority. — The City of Bombay Municipal Act, 1888, Section 146 (1).

(2) Otherwise the said rates shall be primarily leviable as follows, *viz* :— — The City of Bombay Municipal Act, 1888, Section 146 (2).

(*a*) If the premises are let, from the lessor ;

(*b*) If the premises are sublet, from the superior lessor ;

(*c*) If the premises are unlet, from the person in whom the right to let the same vests.

ENACTMENT OR RULE.	ADAPTED FORM.
The City of Bombay Municipal Act, 1888, Section 147.	2. (1) If any premises assessed to any property rate are let, and their rateable value exceeds the amount of rent payable in respect thereof to the person from whom under the provisions of the last preceding rule, the said rate is leviable, the said person shall be entitled to receive from his tenant the difference between the amount of the property rate levied from him and the amount which would be leviable from him if the said rate were calculated on the amount of rent payable to him.

Apportionment of responsibility for property rate when the premises assessed are let or sublet.

(2) If the premises are sublet and their rateable value exceeds the amount of rent payable in respect thereof to the tenant by his sub-tenant, or the amount of rent payable in respect thereof to a sub-tenant by a person holding under him, the said tenant shall be entitled to receive from his sub-tenant, or the said sub-tenant shall be entitled to receive from the person holding under him, as the case may be, the difference between any sum recovered under this Section from such tenant or sub-tenant, and the amount of property rate which would be leviable in respect of said premises if the rateable value thereof were equal to the difference between the amount of rent which such tenant or sub-tenant receives and the amount of rent which he pays.

(3) Any person entitled to receive any sum under this Section shall have for the recovery thereof, the same rights and remedies as if such sum were rent payable to him by the person from whom he is entitled to receive the same.

Notice of transfer, etc., of premises assessable to property rates.

The City of Bombay Municipal Act, 1888, Section 149.

Notice to be given to the Cantonment Magistrate of all transfers of titles of persons primarily liable to payment of property rate.

3. (1) Whenever the title of any person primarily liable for the payment of property rates on any premises to or over such premises is transferred, the person whose title is so transferred, and the person to whom the same shall be transferred, shall, within three months after the execution of the instrument of transfer, or after its registration, if it be registered, or after the transfer is effected, if no instrument be executed, give notice of such transfer in writing to the Cantonment Magistrate,

(2) In the event of the death of any person primarily liable as aforesaid, the person to whom the title of the deceased shall be transferred, as heir or otherwise shall give notice of such transfer to the Cantonment Magistrate within three months from the death of the deceased.

The City of Bombay Municipal Act, 1888, Section 150.

4. (1) The notice to be given under the last preceding Section shall be in the form either of Schedule A or Schedule B as the case may be, and shall state clearly and correctly all the particulars required by the said form.

(2) On receipt of any such notice, the Cantonment Magistrate may, if he thinks it necessary, require the production of the instrument of transfer, if any, or of a copy thereof obtained under Section 57 of the Indian Registration Act, 1877.

The City of Bombay Municipal Act, 1888, Section 151.

Liability for payment of property rates to continue in the absence of any notice of transfer.

5. (1) Every person primarily liable for the payment of a property rate on any premises, who transfers his title to or over such premises without giving notice of such transfer to the Cantonment Magistrate as aforesaid, shall in addition to any other liability which he incurs through such neglect, continue liable for the payment of all property rates from time to time payable in respect of the said premises until he gives such notice or until the transfer shall have been recorded in the Cantonment Magistrate's books.

(2) But nothing in this Section shall be held to diminish the liability of the transferee for the said property rates or to affect the prior claim of the Cantonment Magistrate on the premises, conferred by Section 38 for the recovery of the property rates due thereupon.

The City of Bombay Municipal Act, 1888, Section 152.

Notice to be given to the Cantonment Magistrate of the erection of a new building, etc.

6. (1) When any new building is erected, or when any building is rebuilt or enlarged, or when any building which has been vacant is re-occupied, the person primarily liable for the property rates assessed on the building shall within fifteen days give notice thereof in writing, to the Cantonment Magistrate.

(2) The said period of fifteen days shall be counted from the date of the completion, or of the occupation, whichever first occurs, of the building which has been newly erected or rebuilt, or of the enlargement, as the case may be, and in the case of a building which has been vacant, from the date of the re-occupation thereof.

The City of Bombay Municipal Act, 1888. Section 153.

Notice to be given to the Cantonment Magistrate of demolition or removal of a building.

7. (1) When any building or any portion of a building, which is liable to the payment of a property rate is demolished or removed, otherwise than by order of the Cantonment Authority, the person primarily liable for the payment of the said rate shall give notice thereof in writing to the Cantonment Magistrate.

(2) Until such notice is given, the person aforesaid shall continue liable to pay every such property rate as he would have been liable to pay in respect of such building, if the same, or any portion thereof had not been demolished or removed.

ADAPTED FORM. Enactment and Rule.

Valuation of Property assessable to Property rates.

8. (1) In order to fix the rateable value of any building or land assessable to a property rate, there shall be deducted from the amount of the annual rent for which such building or land might reasonably be expected to let from year to year, a sum equal to ten *per centum* of the said annual rent, and the said deduction shall be in lieu of all allowance for repairs or on any account whatsoever.

Rateable value how to be determined.

The City of Bombay Municipal Act, 1888, Section 154.

(2) The value of any machinery contained or situate in or upon any building or land shall not be included in the rateable value of such building or land.

9. (1) To enable him to determine the rateable value of any building or land and the person primarily liable for the payment of any property rate leviable in respect thereof, the Cantonment Magistrate may require the owner or occupier of such building or land or of any portion thereof to furnish him, within such reasonable period as the Cantonment Magistrate prescribes in this behalf, with information or with a written return signed by such owner or occupier—

Cantonment Magistrate may call for information or returns from owner or occupier or enter and inspect assessable premises.

(*a*) as to the name and place of abode of the owner or occupier, or of both the owner or occupier of such building or land, and

(*b*) as to the dimensions of such building or land or of any portion thereof and the rent, if any, obtained for such building or land or any portion thereof.

(2) Every owner or occupier on whom such requisition is made shall be bound to comply with the same and to give true information or to make a true return to the best of his knowledge and belief.

(3) The Cantonment Magistrate may also for the purpose aforesaid make an inspection of any such building or land.

Assessment Book.

10. The Cantonment Magistrate shall keep a book to be called "the Assessment Book" in which shall be entered every official year—

Assessment Book what to contain.

The City of Bombay Municipal Act, 1888, Section 156.

(*a*) A list of all buildings and lands in the Cantonment, distinguishing each either by name or number as he shall think fit;

(*b*) the rateable value of each such building and land determined in accordance with the foregoing provisions of these Regulations;

(*c*) the name of the person primarily liable for the payment of the property rates if any, leviable on each such building or land;

(*d*) if any such building or land is not liable to be assessed to the general tax, the reason of such non-liability;

(*e*) when the rates of the property rates to be levied for the year have been duly fixed by the Cantonment Magistrate, and the period fixed by public notice as hereinafter provided for the receipt of complaints against the amount of rateable value entered in any portion of the assessment book has expired, and, in the case of any such entry which has been complained against, when such complaint has been disposed of in accordance with the provisions hereinafter contained, the amount at which each building or land entered in such portion of the assessment book is assessed to each of the property rates, if any, leviable thereon;

(*f*) such other details, if any, as the Cantonment Magistrate from time to time thinks fit to direct.

11. (1) When any building or land is let to two or more persons holding in severalty, the Cantonment Magistrate may, for the purpose of assessing such building or land to the property rates, either treat the whole thereof as one property, or with the written consent of the owner of such building or land, treat each several holding therein, or any two or more of such several holdings together, or each floor or flat, as a separate property.

Treatment of property which is let to two or more persons in separate occupancies.

The City of Bombay Municipal Act, 1888, Section 158.

(2) When the Cantonment Magistrate has determined to treat all the several holdings comprised within any one building or land under this Section as one property, he may, subject to any general conditions which may from time to time be prescribed by the Cantonment Authority in this behalf, at any time not later than seven days before the first day of any half-year for which an instalment of general-tax will be leviable in respect of the said property, sanction a drawback of one-fifth part of the general tax leviable.

Allowance of drawback in such cases.

ENACTMENT OR RULE.	ADAPTED FORM.
The City of Bombay Municipal Act, 1888, Section 159.	12. (1) When the name of the person primarily liable for the payment of property rates in respect of any premises cannot be ascertained, it shall be sufficient to designate him in the assessment-book and in any notice which it may be necessary to serve upon the said person under these rules "the holder" of such premises without further description. *Person primarily liable for property rates how to be designated if his name cannot be ascertained.* (2) If, in any such case, any person in occupation of the premises shall refuse to give information as may be requisite for determining who is primarily liable as aforesaid, such person shall himself be liable, until such information is obtained, for all property rates leviable on the premises of which he is in occupation.
The City of Bombay Municipal Act, 1888, Section 160.	13. (1) When the entries required by clauses (*a*), (*b*), (*c*), and (*d*) of Section 11 have been completed, as far as practicable, the Cantonment Magistrate shall give public notice thereof and of the place where the Assessment-book or a copy of it may be inspected. *Public notice to be given when valuation of property has been completed.* (2) Such public notice shall be proclaimed by beat of drum, and also by posting placards in conspicuous places in the Bazaars.
The City of Bombay Municipal Act, 1888, Section 161.	14. (1) Every person who reasonably claims to be the owner or occupier of some premises entered in the Assessment-book of the agent of any such owner or occupier, shall be permitted, free of charge, to inspect and to take extracts from any portion of the said book which relates to the said premises. *Assessment book to be open to inspection.* (2) Any person not entitled under sub-section 1 to inspect and take extracts from any portion of the Assessment-book free of charge shall be permitted to do so on payment of such fee as shall from time to time be prescribed in this behalf by the Cantonment Magistrate with the approval of the Cantonment Authority.
The City of Bombay Municipal Act, 1888, Section 162.	15. (1) The Cantonment Magistrate shall at the time and in the manner prescribed in section 13 give public notice of a day, not being less than 15 days from the publication of such notice, on or before which complaints against the amount of any rateable value entered in the Assessment-book will be received in his office. *Time for filing complaints against valuations to be publicly announced.* (2) In every case in which any premises have for the first time been entered in the Assessment-book as liable to the payment of property rates or in which the rateable value of any premises liable to such payment has been increased, the Cantonment Magistrate shall, as soon as conveniently may be after the issue of the public notice under sub-section (1), give a special written notice to the owner or occupier of the said premises specifying the nature of such entry and informing him that any complaint against the same will be received in his office at any time within fifteen days from the service of the special notice. *Special notices to be issued in certain cases.*
The City of Bombay Municipal Act, 1888, Section 163.	16. (1) Every complaint against the amount of any rateable value entered in the Assessment-book must be made by written application to the Cantonment Magistrate which shall be left at his office on or before the day or the latest day fixed in this behalf in the public or special notice aforesaid. *Time and manner of filing complaints against valuations.* (2) Every such application shall set forth briefly but fully the grounds on which the valuation is complained against.
The City of Bombay Municipal Act, 1888, Section 164.	17. The Cantonment Magistrate shall give notice, in writing, to each complainant of the day, time and place when and whereat his complaint will be investigated. *Notice to complainant of day fixed for investigating their complaints.*
The City of Bombay Municipal Act, 1888, Section 165.	18. (1) At the time and place so fixed, the Cantonment Magistrate shall investigate and dispose of the complaint in the presence of the complainant if he shall appear, and, if not, in his absence. *Hearing of complaint.* (2) For reasonable cause, the Cantonment Magistrate may from time to time adjourn the investigation. (3) When the complaint is disposed of, the result thereof shall be noted and any necessary amendment shall be made in accordance with such result, in the Assessment-book.
The City of Bombay Municipal Act, 1888, Section 166.	19. (1) When all such complaints if any have been disposed of, and the entries required by clause (*e*) of section 10 have been completed in the assessment-book, the said book shall be authenticated by the Cantonment Magistrate, who shall certify under his signature, that except in the cases, if any, in which amendments have been made as shown therein, no valid objection has been made to the reteable values entered in the said book. *Authentication of Assessment books when all complaints have been disposed of.* (2) Thereupon the said Assessment-book, subject to such alterations as may thereafter be made therein, under the provisions of the next following rule shall be accepted

ADAPTED FORM. ENACTMENT OR RULE.

as conclusive evidence of the amount of each property rate leviable on each building and land in the official year to which the book relates.

20. (1) The Cantonment Magistrate may upon the representation of any person concerned, or upon any other information at any time during the official year to which an Assessment-book relates, amend the same by inserting therein the name of any person whose name ought to be so inserted or any premises previously omitted, or by striking out the name of any person not liable for the payment of any property rate, or by increasing or reducing the amount of any rateable value and of the assessment based thereon, or by making or cancelling an entry, exempting any premises from liability to any property rate.

Assessment-book may be amended by the Cantonment Magistrate during the official year.

The City of Bombay Municipal Act, 1888, Section 167.

(2) Every such amendment shall be deemed to have been made, for the purpose of determining the liability, or exemption of the person concerned in accordance with the altered entry, from the earliest day in the Current Official year when the circumstances justifying the amendment existed.

21. (1) It shall not be necessary to prepare a new Assessment-book every Official year. The Cantonment Magistrate may adopt the entries in the last preceding year's book, with such alterations as he thinks fit, as the entries for each new year.

New Assessment-book need not be prepared every official year.

The City of Bombay Municipal Act, 1888, Section 168.

(2) But public notice shall be given in accordance with Sections 13 and 15 every year and the provisions of the said Section and of Sections 16 to 20 both inclusive shall be applicable each year.

Refund of Property rates for vacancies.

22. When any building or land or any portion of any premises which the Cantonment Magistrate has treated under Section 11 as a separate property, has been vacant or unproductive of rent for not less than thirty consecutive days, the Cantonment Magistrate shall, subject to the provisions hereinafter contained, refund two-thirds of the amount of general tax, if any, paid for the number of days that such vacancy lasted.

Refund of general tax when and to what extent obtainable.

The City of Bombay Municipal Act, 1888, Section 175.

23. (1) No refund of any property-rate shall be claimable from the Cantonment Magistrate as aforesaid, unless notice in writing of the vacancy shall have been given by the person liable for the payment of the rate or his agent, to the Cantonment Magistrate.

Refund not claimable unless notice of vacancy is given to the Cantonment Magistrate.

The City of Bombay Municipal Act, 1888, Section 176.

(2) No refund shall be paid by the Cantonment Magistrate for any period previous to the day of the delivery of such notice.

(3) When a vacancy continues from one half-year in respect of which property rates are, under Section 26, recoverable into the next following half-year, no refund of any property rate shall be claimable, from the Cantonment Magistrate as aforesaid on account of such continued vacancy, unless notice thereof shall be given to the Cantonment Magistrate as aforesaid within thirty days from the commencement of the said next following half-year.

24. No refund of general tax s' all be claimable in any case, in which the Cantonment Magistrate has sanctioned a drawback under Sub-Section 2, Section 11.

The City of Bombay Municipal Act, 1888, Section 178.

25. It shall be in the discretion of the Cantonment Magistrate to disallow any claim for refund of any property rate unless application therefor is made to him in writing within thirty days after the expiry of the half-year to which the claim relates, accompanied by the bill presented to the applicant under Section 27 for the amount of the rate from which the refund is claimed.

Application for refund when and how to be made.

The City of Bombay Municipal Act, 1888, Section 179.

Collection of Taxes.

26. Each of the property rates shall be payable in advance in half-yearly instalments on each first day of April and each first day of October.

Property rates payable half-yearly in advance.

The City of Bombay Municipal Act, 1888, Section 197.

27. (1) When any property rate or any instalment of such rate, shall have become due, the Cantonment Magistrate shall, with the least practicable delay, cause to be presented to the person liable for the payment thereof a bill for the sum due.

Presentation of bills for taxes.

The City of Bombay Municipal Act, 1888, Section 200.

(2) Every such bill shall specify the period for which, and the premises in respect of which the rate is charged, and shall also give notice of the time within which an appeal may be preferred, as hereinafter provided, against such rate.

Enactment or Rule.

Adapted Form.

The City of Bombay Municipal Act, 1888, Section 201.

When one bill may be presented for several claims.

28. (1) All the sums due for each half-year for the property rates by any one person on account of one and the same property shall be charged to such person in one bill and shall be recoverable from him in the lump: Provided that nothing herein contained shall affect the liability of such person to any increased tax to which he may be assessed on account of the said property under Section 20.

(2) If any one person is liable for all or any of the said rates on account of more properties than one, it shall be competent to the Cantonment Magistrate to charge to such person in one or several bills, as he shall think fit, the several sums payable by him on account of such properties: Provided that if such person by written notice to the Cantonment Magistrate, requests to be furnished with several bills, the Cantonment Magistrate shall comply with such request in respect of the taxes for which such person becomes liable after receipt by the Cantonment Magistrate of his said notice.

The City of Bombay Municipal Act, 1888, Section 202.

Notice of demand.

29. (1) If the amount of rate for which any bill has been presented as aforesaid is not paid into the Cantonment Office within fifteen days from the presentation thereof, the Cantonment Magistrate may cause to be served upon the person liable for the payment of the same, a notice of demand in form of Schedule C or to the like effect.

(2) For every notice of demand which the Cantonment Magistrate causes to be served on any person under this rule, a fee of such amount not exceeding one rupee as shall in each case be fixed by the Cantonment Magistrate shall be payable by the said person and shall be included in the costs of recovery.

The City of Bombay Municipal Act, 1888, Section 203.

Distress.

30. If the person liable for the payment of the said rate do not, within 15 days from the service of the notice of demand pay the sum due, or show sufficient cause for non-payment of the same to the satisfaction of the Cantonment Magistrate, and if no appeal is preferred against the said rate, as hereinafter provided, such sum, with all costs of the recovery, may be levied under a Warrant in the form of Schedule D, or to the like effect, to be issued by the Cantonment Magistrate by distress and sale of the goods and chattels of the defaulter, or if the defaulter be the occupier of any premises in respect of which a property rate is due, by distress and sale of any goods and chattels found on the said premises.

The City of Bombay Municipal Act, 1888, Section 204.

Goods of defaulters may be distrained wherever found.

31. The goods and chattels of any person liable for the payment of any rate, for levy of which a Warrant has been issued as aforesaid, may be distrained wherever the same may be found.

The City of Bombay Municipal Act, 1888, Section 205.

Inventory and notice of distress and sale.

32. The officer charged with the execution of a Warrant of distress issued under Section 30, shall forthwith make an inventory of the goods and chattels which he seizes under such Warrant, and shall at the same time give a written notice, in the form of Schedule E, to the person in possession thereof at the time of seizure, that the said goods and chattels will be sold as therein mentioned.

The City of Bombay Municipal Act, 1888, Section 206.

Sale.

33. (1) If the Warrant is not in the meantime suspended by the Cantonment Magistrate or discharged, the goods and chattels seized, shall after the expiry of the period named in the notice served under the last preceding rule, be sold by order of the Cantonment Magistrate who shall apply the proceeds or such part thereof as shall be requisite, in discharge of the sum due and of the costs of recovery.

(2) The surplus, if any, shall be forthwith credited to the Cantonment Fund, but, if the same be claimed by written application to the Cantonment Magistrate within three months from the date of the sale, a refund thereof shall be made to the person in possession of the goods and chattels at the time of the seizure. Any surplus not claimed within three months as aforesaid shall be the property of the Cantonment Authority.

The City of Bombay Municipal Act, 1888, Section 207.

Fees for distraints.

34. For every distraint made under these rules, a fee shall be charged at the rate set forth in Schedule F, and the said fee shall be included in the costs of recovery.

The City of Bombay Municipal Act, 1888, Section 208.

Fees for cost of recovery may be remitted.

35. The Cantonment Magistrate may in his discretion, remit the whole or any part of any fee chargeable under the last preceding rule, or under clause (2), Section 29.

The City of Bombay Municipal Act, 1888, Section 209.

When occupiers may be held liable for payment of property rates.

36. (1) If the sum due on account of any property rate remains unpaid, after a bill has been duly presented to the person primarily liable for the payment thereof, and the said person be not the occupier for the time being of the premises in respect of which the rate is due, the Cantonment Magistrate may present a bill for the amount to the occupier of the said premises, or if there are two or more occupiers thereof, may present a bill to each of them for such portion of the sum due as bears to the whole amount due the same ratio which the rent paid by such occupier bears to the aggregate amount of rent paid by them both or all in respect of the said premises.

ADAPTED FORM. ENACTMENT OR RULE.

(2) If the occupier or any of the occupiers fails within 15 days from the presentation of any such bill to pay the amount therein claimed, the said amount may be recovered from him in accordance with the foregoing provisions.

(3) No arrears of a property rate shall be recovered from any occupier under this rule, which has remained due for more than one year, or which is due on account of any period for which the occupier was not in occupation of the premises on which the rate is assessed.

(4) If any sum is paid by, or recovered from, an occupier under this rule, he shall be entitled to credit therefor in account with the person primarily liable for the payment of the same.

Summary proceedings may be taken against persons about to leave the Cantonment.

37. (1) If the Cantonment Magistrate shall at any time have reason to believe that any person from whom any sum is due on account of any property rate, or who would be liable for any sum on account of the rate if the current half-year had come to a close, is about forthwith to remove from the Cantonment, the Cantonment Magistrate may direct the immediate payment by such person of the sum so due or about to become due by him and cause a bill for the same to be presented to him. The City of Bombay Municipal Act, 1888, Section 210.

(2) If on presentation of such bill, the said person do not forthwith pay the sum due or about to become due by him, the amount shall be leviable by distress and sale in the manner hereinbefore prescribed, except that it shall not be necessary to serve on the defaulter any notice of demand, and the Cantonment Magistrate's Warrant for distress and sale may be issued and executed without any delay.

Defaulters may be sued for arrears, if necessary.

38. Instead of proceeding against the defaulter by distress and sale as hereinbefore provided, or after a defaulter shall have been so proceeded against unsuccessfully or with only partial success, any sum due or the balance of any sum due as the case may be, by such defaulter, on account of a property rate may be recovered from him by a suit in any Court of competent jurisdiction. The City of Bombay Municipal Act, 1888, Section 211.

Property rates to be a first charge on premises on which they are assessed.

39. Property rates due under these rules in respect of any building or land shall, subject to the prior payment of land revenue, if any, due to the Cantonment Authority thereupon, be a first charge upon the building or land, and upon the goods and chattels, if any, found within or upon such building or land and belonging to the person liable for such rates. The City of Bombay Municipal Act, 1888, Section 212.

Writing off of irrecoverable taxes.

40. The Cantonment Magistrate may, with the approval of the Cantonment Authority, from time to time write off any sum due on account of any rate or the costs of recovering any rate, which shall, in his opinion, be irrecoverable. The City of Bombay Municipal Act, 1888, Section 216.

Appeals against Valuations and Taxes.

Appeals when and to whom to lie.

41. (1) Subject to the provisions hereinafter contained, appeals against any rateable value or rate fixed or charged under these regulations shall be heard and determined by the Cantonment Authority. The City of Bombay Municipal Act, 1888, Section 217.

(2) But no such appeal shall be heard by the said Authority unless—

(a) it is brought within fifteen days after the accrual of the cause of complaint;

(b) in the case of an appeal against rateable value, a complaint has previously been made to the Cantonment Magistrate under section 16 and such complaint has been disposed of;

(c) in the case of an appeal against any amendment made in the assessment-book under Section 20 during the official year, a complaint has been made by the person aggrieved within fifteen days after he first received notice of such amendment, and his complaint has been disposed of;

(d) in the case of an appeal against a rate, or in the case of an appeal made against a rateable value after a bill for any property rate assessed upon such value has been presented to the appellant, the amount claimed from the appellant has been deposited by him with the Cantonment Magistrate.

Cause of complaint when to be deemed to have accrued.

42. For the purposes of the last preceding rule, cause of complaint shall be deemed to have accrued as follows, namely:— The City of Bombay Municipal Act, 1888, Section 218.

(a) in the case of an appeal against a rateable value, on the day when the complaint made to the Cantonment Magistrate under Section 16 against such value has been disposed of;

ENACTMENT OR RULE.

ADAPTED FORM.

(*b*) in the case of an appeal against any amendment made in the assessment-book, under Section 20 during the official year, on the day when the complaint made to the Cantonment Magistrate by the person aggrieved against such amendment is disposed of;

(*c*) in the case of an appeal against a rate, on the day when payment thereof is demanded or when a bill therefor is presented.

The City of Bombay Municipal Act, 1888, Section 219.

Unappealed values and taxes and decisions on appeal to be final.

43. (1) Every rateable value fixed under these rules against which no complaint is made as hereinbefore provided, and, the amount of any sum claimed from any person under these rules on account of any rate, if no appeal therefrom is made as hereinbefore provided, and, the decision of the Cantonment Authority upon any appeal against any such value or rate, shall be final.

(2) Effect shall be given by the Cantonment Magistrate to every decision of the Cantonment Authority on any appeal against any such value or rate.

PART V.

Bills introduced in the Council of the Governor General of India for making Laws and Regulations, Reports of Select Committees presented to the Council, and Bills published under Rule 23.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 18th January 1907:—

NO. 1 OF 1907.

A Bill further to amend the Coroners Act, 1871, and the Prisoners Act, 1900.

IV of 1871. III of 1900. WHEREAS it is expedient further to amend the Coroners Act, 1871, and the Prisoners Act, 1900; It is hereby enacted as follows:—

Short title. **1.** This Act may be called the Coroners (Amendment) Act, 1907.

IV of 1871. Amendment of section 9, Act IV, 1871. **2.** In section 9 of the Coroners Act, 1871, for the word "buried" the words "disposed of" shall be substituted.

Addition of proviso section 15, Act IV of 1871. **3.** To section 15 of the said Act the following shall be added, namely:—

"Provided that the Coroner may dispense with a view of the body, if he is satisfied, from medical evidence or certificates, that death was due to some infectious disease."

Amendment of section 17, Act IV of 1871. **4.** In section 17 of the said Act, for the words and figures "Act No. XV of 1869 (*to provide facilities for obtaining the evidence and appearance of prisoners and for service of process upon them*)," the words and figures "Part IX of the Prisoners Act, 1900," shall be substituted.

Addition of new section 18A, Act IV of 1871. **5.** After section 18 of the Coroners Act, 1871, the following shall be inserted, namely:— IV of 18[71].

Report of Chemical Examiner. "18A. Any document purporting to be a report under the hand of any Chemical Examiner or Assistant Chemical Examiner to Government upon any matter or thing duly submitted to him for examination or analysis and report in the course of any proceeding under this Act, may be used as evidence in any inquest under this Act." [Cf. Act ... 1898, s. ...]

Addition to section 21, Act IV of 1871. **6.** To section 21 of the said Act the following shall be added, namely:—

"and the whole, or such part thereof as to the Coroner seems fit, shall be recoverable in the same manner as a fine imposed under section 31."

Substitution of new section 25, Act IV of 1871. **7.** For section 25 of the said Act the following shall be substituted, namely:—

Procedure where death is found due to a criminal act. "25. When the jury or majority of the jury find that the death of the deceased person was occasioned by the criminal act of another, the Coroner shall immediately after the inquest forward a copy of the inquisition to the Commissioner of Police."

8. For section 26 of the said Act the following shall be substituted, namely:—

Substitution of new section 26, Act IV of 1871.

"26. The Coroner may also, where the verdict justifies him in so doing, issue his warrant for the apprehension of the person accused and send him forthwith to a Magistrate empowered to commit the accused for trial."

Power to arrest and commit for trial.

9. Section 27 of the said Act is hereby repealed.

Repeal of section 27, Act IV of 1871.

10. In section 28 of the said Act, for the word "burial" the word "disposal" shall be substituted.

Amendment of section 28, Act IV of 1871.

11. In section 11 of the Prisoners Act, 1900, for the words "Justice of the Peace or Coroner" the words "or Justice of the Peace" shall be substituted.

III of 1900.

Amendment of Act III of 1900, section 11.

STATEMENT OF OBJECTS AND REASONS.

THE main object of this Bill is to repeal section 27 of the Coroners Act, 1871, and to amend sections 25 and 26 of the said Act and section 11 of the Prisoners Act, 1900, so as to withdraw the power of the Coroners of Calcutta and Bombay to commit accused persons to the High Court or to jail pending trial and to take bail for their appearance before that Court while leaving the Coroners power to arrest the accused and send him forthwith to a Magistrate empowered to commit him for trial. As shown in the cases of *Queen-Empress* v. *Mahomed Rajudin* (1890), I. L. R. 16 Bom. 159, and *Emperor* v. *Jogessur Passi* (1903), 7 C. W. N. 889, practical difficulties have arisen, both in Bombay and Calcutta, from the co-existence of two jurisdictions in these matters, namely, that possessed by the Coroner, and that possessed by the Chief Presidency Magistrate; and it is proposed to overcome such difficulties by depriving the Coroner of the authority now vested in him to commit accused persons to the High Court and to commit accused persons to prison. Thus the Magistrate alone will exercise jurisdiction in these matters at the instance of the Commissioner of Police or when the accused has been sent to him under arrest by the Coroner.

2. At the same time it is proposed to take the opportunity of bringing the Coroners Act up to date and of remedying certain minor defects in its working. An explanation of the changes proposed will be found in the subjoined *Notes on Clauses.*

The 5th January 1907. H. ADAMSON.

Notes on Clauses.

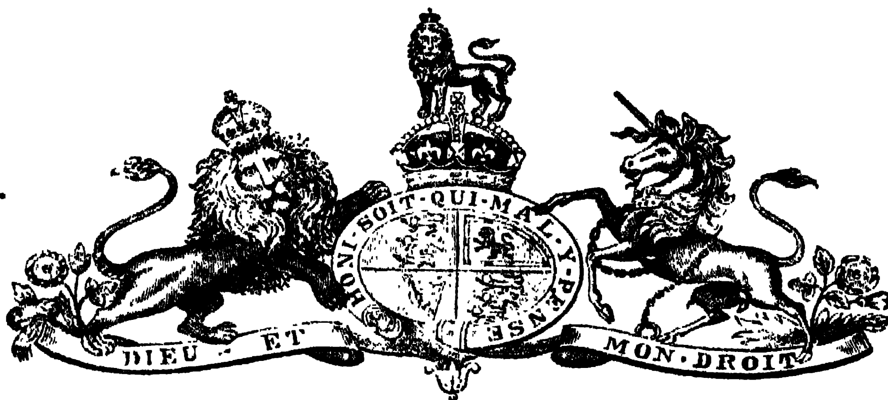
Clause 2.—This alteration is intended to include other methods of disposing of the corpse than by burial such as exist in Bombay and elsewhere.

Clause 3.—This proviso is to meet difficulties experienced in procuring the inspection by juries of the dead bodies of persons who have died of plague, small-pox and other infectious diseases.

Clause 4.—Act XV of 1869 was repealed by Act III of 1900 which took its place.

Clause 5.—There is no reason why the report of a Chemical Examiner to Government should not be in itself as sufficient evidence in inquests as it is in inquiries and trials under the Criminal Procedure Code. The proposed new section will save delay in the proceedings and harassment to the Chemical Examiner.

Clause 6.—The Act at present lays down no procedure for the recovery of forfeited recognizances. It is proposed that they should be recovered in the same manner as fines imposed by the Coroner.



Clause 7.—The police, who in all cases would be simultaneously holding an investigation, have all the necessary powers of arrest and of securing attendance before the Presidency Magistrate. It is not necessary, therefore, that the Coroner should do more than forward the inquisition to the Commissioner of Police.

Clauses 8 and 9.—The object of the amendment of section 26 and repeal of section 27 has been shown above.

Clause 10.—The word "burial" in section 28 seems to be due to a too close imitation of the English law, overlooking the Hindu custom of cremation.

Clause 11.—The object of the proposed amendment of section 11 of the Prisoners Act, 1900, has been already explained.

QUESTIONS AND ANSWERS.

The Hon'ble NAWAB BAHADUR KHWAJA SALIMULLA OF DACCA asked:—

"Will Government be pleased to state what action is to be taken should the total abolishment of the Government opium revenue at the instance of the Anti-Opium party in England be decided upon? Is Government prepared to support the Secretary of State's statement made in the House of Commons as to the desirability of the English Parliament making good to India the loss of revenue which will be brought about if the persistent efforts of the Anti-Opium party in Parliament are successful?"

The Hon'ble MR. BAKER replied:—

"The proposals of the Chinese Government in regard to Indian opium have only recently been received, and are under consideration. The Government of India think that there would be no advantage in anticipating the result of the negotiations. With reference to the second part of the question, it does not appear from the report of Mr. Morley's speech in the House of Commons on the 30th May 1906 that he made any such definite statement as is implied in the question."

The Hon'ble NAWAB BAHADUR KHWAJA SALIMULLA OF DACCA asked:—

"Will Government be pleased to state whether it is a fact that the Government of Madras has sanctioned a grant of Rs. 30,000 for the publication of Dr. Pope's Tamil Lexicon? If so, will Government be pleased to move the Government of the United Provinces to give similar encouragement to the compilation and completion of the Urdu Lexicon—*The Amir ul Logat?*"

The Hon'ble SIR HARVEY ADAMSON replied:—

"The Madras Government recently submitted proposals to the Secretary of State for the payment by the Government of £400 a year for five years as a contribution towards the cost of compiling and publishing a Tamil-English lexicon, the materials for which have been collected by Mr. Pope of Oxford University. The Secretary of State has however withheld his sanction pending a further consideration of the scheme and of its probable cost. The Government of India have no information regarding the Urdu lexicon—the *Amir ul Logat.*"

The Hon'ble NAWAB BAHADUR KHWAJA SALIMULLA OF DACCA asked:—

"Has the attention of the Government been drawn to a recent decision of the High Court of Bombay which has declared railway receipts not negotiable, and, if so, is it the intention of Government to take measures to legalise the negotiability of such receipts?"

The Hon'ble MR. FINLAY replied:—

"The Government are aware that railway receipts are not negotiable. The question of making them negotiable instruments has been considered several

times and hitherto the Government have refused to propose legislation with that object, one of the main reasons for the decision being the great diversity of opinion among the commercial community. If commercial opinion ever asks for the change in the law with some approach to unanimity, the Government will be willing to consider the question again."

The Hon'ble NAWAB BAHADUR KHWAJA SALIMULLA OF DACCA asked :—

"Having regard to the fact that the Bengal Government was unable to reply to a question on the subject asked at the meeting of its Legislative Council on the 10th November last, will Government be pleased to state the exact stage at which the Calcutta Improvement Trust Scheme has arrived, and whether it will be possible to place the official papers regarding this subject on the Council table at an early date?"

The Hon'ble SIR HARVEY ADAMSON replied—

"A summary of the Calcutta Improvement Scheme as provisionally approved by the Government of India was referred in July 1905 for the opinions of the Municipal Corporation and other local bodies concerned, and the papers were then published. It is understood that those opinions have been received and considered by the Government of Bengal and that His Honour the Lieutenant-Governor is about to address the Government of India on the subject. No papers can be placed upon the Council table at present."

The Hon'ble NAWAB BAHADUR KHWAJA SALIMULLA OF DACCA asked :—

"Having regard to the objection taken by certain members of the Bengal Legislative Council at its meeting of the 10th November last to the introduction in that Council of the Bill for the amendment of the Bengal Tenancy Act of 1885, on the grounds that the Council is unable now to legislate for the Province of Eastern Bengal and Assam and that it is desirable that the amendments to be made by the Bill should apply to that Province also, will Government be pleased to state whether there is any objection to the withdrawal of the Bill from the local Council and its introduction in the Legislative Council of the Government of India?"

The Hon'ble SIR DENZIL IBBETSON replied :—

"The question whether the Bill for the amendment of the Bengal Tenancy Act should be introduced in the local or in the Imperial Council was duly considered by the Government of India when the draft Bill first came before them. They decided that the proposed legislation should be undertaken in the Provincial Council; mainly because the detailed examination of the Bill by the officers of Eastern Bengal and Assam which would have been necessary before the Bill could have been introduced to apply to both provinces would have involved a delay which it was important to avoid; but partly also because the different conditions of the two provinces may render advisable some small variations in the detailed provisions of the Act as it will be passed for Bengal, before it is applied to the sister province. But before sanctioning its introduction in the Bengal Council, the Government of India consulted the Government of Eastern Bengal and Assam, and ascertained that it accepted the principles and main provisions of the Bill, and was prepared to introduce similar legislation as soon as the Bengal Bill had been passed. The present Lieutenant-Governor announced his intention of adopting this course, in the meeting of his Legislative Council of the 18th December 1906.

"On general grounds, it is always advisable that the Imperial Council should be relieved of legislation which a Provincial Council is competent to undertake; and this is especially desirable in the case of Tenancy legislation, where, as the Hon'ble Babu Jogendra Nath Mukharji pointed out when the Bengal Bill was introduced, it is most important that the Bill should be considered by men who are intimately acquainted with local conditions, and immediately representative of the interests which will be affected."

The Hon'ble NAWAB BAHADUR KHWAJA SALIMULLA OF DACCA asked :—

"Has the attention of the Government been drawn to the statement in the *Englishman* of the 10th November last where it is stated that it is proposed to make a rule that in future officiating service will count for pension. Will Government be pleased to state whether it is a fact that a definite conclusion has been arrived at in this matter? And, if so, will Government be pleased to place the papers regarding the same on the Council table?"

The Hon'ble MR. BAKER replied :—

"Certain proposals on this subject were submitted to the Government of India by the Government of Bengal in August last and were referred back to the Local Government for further information. No decision has yet been arrived at."

The Hon'ble NAWAB BAHADUR KHWAJA SALIMULLA OF DACCA asked:—

"Will Government be pleased to lay on the Council table a statement showing—

(*a*) the approximate number of men employed in the Subordinate and Ministerial service of the Revenue, Judicial, Educational, Medical, Postal and Telegraph Departments of the various Local Governments;

(*b*) the maximum pay drawn in each grade of the service of such Departments; and

(*c*) the date when the number and pay of the men in such Departments were last increased?"

The Hon'ble SIR HARVEY ADAMSON replied :—

"A statement showing the number of employés drawing Rs. 75 and upwards in the Departments mentioned was published in the Gazette of India of the 4th June 1904. The fuller information now asked for could not be furnished without an expenditure of time and labour which the Government of India cannot regard as commensurate with its probable utility."

The Hon'ble NAWAB BAHADUR KHWAJA SALIMULLA OF DACCA asked :—

"Will Government be pleased to state whether it is a fact that the amounts payable for tentage and travelling allowance (and particularly permanent travelling allowance) to Deputy Collectors and Magistrates, and officers of other Departments of the Provincial Service, are less than those payable to officers who are Civilians or members of the recently organized Police Department, and, if so, will Government be pleased to state the reason for this difference?"

The Hon'ble MR. BAKER replied :—

"The broad principle on which travelling allowances are fixed is that they should be sufficient, but not more than sufficient, to cover the expenses which an officer of any particular class may reasonably be expected to incur in travelling on the public service. A similar principle applies to tentage, which is confined to the Madras and Bombay Presidencies, and which is intended to enable officers to provide themselves with the tents they require for their official duties.

"It is the case that officers of the Imperial branches of the service ordinarily receive higher rates of travelling allowance than those of the Provincial branch. The reason for this is that, in the opinion of Government, the reasonable expenses of travelling are greater in the former case than in the latter.

"No change has been made in the rates of travelling allowance admissible to officers of the Police Department under the recent reorganization."

The Hon'ble NAWAB BAHADUR KHWAJA SALIMULLA OF DACCA asked :—

"Will Government be pleased to state whether any *ad interim* report has been made to Government by the Hon'ble Mr. K. G. Gupta, I.C.S., on Special Duty on fisheries and fish supply of Bengal? If not, has Government observed that certain comments have been made in the public papers regarding what appears to be derived from Mr. Gupta's investigation ?"

The Hon'ble MR. FINLAY replied :—

"No *ad interim* report has been made by Mr. K. G. Gupta on the fisheries of Bengal, but he has submitted one progress report to the Government of Bengal. The Government have not observed any comments in the public newspapers on the subject."

The Hon'ble NAWAB BAHADUR KHAWJA SALIMULLA OF DACCA asked :—

"Will Government be pleased to state—

(*a*) whether any and what correspondence has taken place between the Government of India and the Secretary of State regarding the disability and hardship suffered by British Indian subjects in the Transvaal and Natal ;

(*b*) whether the attention of Government has been drawn to the memorial of the British Indian Association of the Transvaal to the Secretary of State for the Colonies with reference to the Vrededopp Stands Ordinance of 1906 published in the *Transvaal Government Gazette* dated 28th September, praying *inter alia* that His Majesty the King-Emperor may disallow the Ordinance?

"Will Government be pleased to place on the Council table any correspondence or papers on this subject ?"

The Hon'ble MR. FINLAY replied :—

"(*a*) The Government of India have from time to time communicated with the Secretary of State regarding the treatment of British Indians in the Transvaal and Natal. Full information on the subject in regard to both Colonies up to the beginning of 1905 was given to this Council in Lord Curzon's speech in the Budget Debate on the 29th of March 1905. Lord Curzon then summarised the correspondence and described the action taken by the Government of India up to that time. As that speech is accessible to Hon'ble Members, I need not repeat what Lord Curzon said. The only addition I need make is to lay on the table a copy of the despatch of the 20th of July 1904 from the Secretary of State for the Colonies to the Government of the Transvaal.

"There has been correspondence with the Secretary of State subsequent to 1904 on the same subject, but it cannot yet be made public.

"The Government of India have, however, consistently pursued the policy indicated by Lord Curzon, and have lost no opportunity of pleading the cause and doing all in their power to protect the interests of British Indians in South Africa.

"(*b*) The Government of India have received no information in regard to the memorial of the British Indian Association of the Transvaal referred to by the Hon'ble Member."

The Hon'ble NAWAB BAHADUR KHWAJA SALIMULLA OF DACCA asked :—

"(*a*) Will Government be pleased to state whether any correspondence has recently taken place between the Government and the Secretary of State regarding the question of separation of the magisterial and executive duties of Revenue-officers ?

"(*b*) Will Government be pleased, before it finally resolves on such separation, to institute a proper and thorough enquiry by an independent Commission and have up to date evidence recorded of men and officers having personal experience ?

" (*c*) Will Government be pleased to wait and see the actual result of the experiment of such separation, tried in some of the Native States, before it takes final action in British India ?"

The Hon'ble SIR HARVEY ADAMSON replied :—

" The Government of India have not yet addressed the Secretary of State regarding the separation of magisterial and executive duties. A large mass of evidence has been collected, and until this is digested the Government of India are unable to say what action will be taken."

The Hon'ble NAWAB BAHADUR KHWAJA SALIMULLA OF DACCA asked :—

" Has the attention of Government been drawn to an article in the *Pioneer* of the 24th November last concerning the Indian Account Department ? Will Government be pleased to appoint a small Commission of Government expert officers and one or two gentlemen of mercantile and business experience with a view to re-organization of the mode and method of keeping Government accounts so as to make them suitable to the present times ?"

The Hon'ble MR. BAKER replied :—

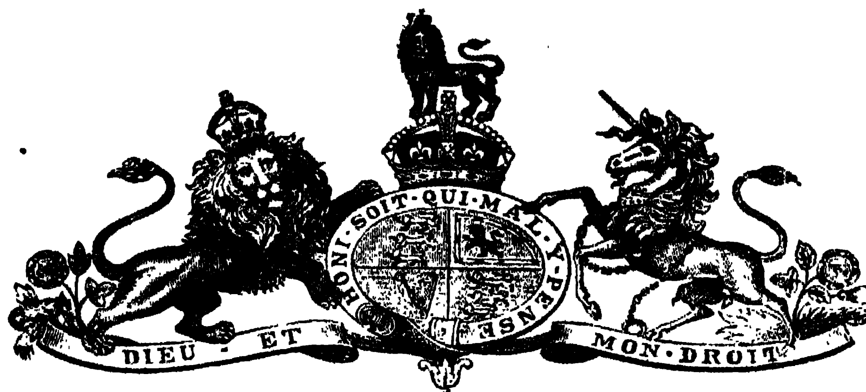
" Government have observed the article in question, which does not however appear to them to call for any special notice. They do not consider that any occasion exists for appointing a Committee to enquire into the accounts system, which is under expert supervision, and is adapted to the conditions of the country."

CORONERS (AMENDMENT) BILL.

The Hon'ble SIR HARVEY ADAMSON moved for leave to introduce a Bill further to amend the Coroners Act, 1871, and the Prisoners Act, 1900. He said :—" The grounds of the proposed legislation are fully set forth in the Statement of Objects and Reasons, to which I have nothing to add."

The motion was put and agreed to.

The Hon'ble SIR HARVEY ADAMSON introduced the Bill.



The Hon'ble SIR HARVEY ADAMSON moved that the Bill, together with the Statement of Objects and Reasons relating thereto, be published in English in the Gazette of India, and in the Bombay Government Gazette, and the Calcutta Gazette.

The motion was put and agreed to.

The Council adjourned to Friday, the 1st February, 1907.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall Summary for the seven days ending at 8 h., on Thursday, the 17th January 1907, based on the Indian Daily Weather Reports of the period.

The disturbed weather prevailing in north-west and central India at the close of the previous week was the cause of a few isolated falls of rain in those regions on the 11th. On the next day a depression appeared in west Persia, where it gave rain, and commenced affecting Baluchistan and Kashmir on the 14th, but on entering India it disappeared rapidly without causing any precipitation, except in Kashmir, where light falls of snow occurred on the 15th and 16th. During the last three days of the week weather was disturbed in the south-east of the Bay of Bengal, and moderately heavy rain was reported from the Andamans on the 16th and 17th, while one or two stations in Lower Burma also had light falls. With the above exceptions weather was dry and settled over the whole Indian regions throughout the week.

Burma.—Skies were clear or only very lightly clouded until the close of the week, when the disturbance in the south-east of the Bay caused the appearance of cloud over the greater part of the province, and gave light falls of rain at Rangoon and Toungoo. The increase of cloud produced a rapid rise in night temperature, which was in moderate to large excess on the 16th and 17th, but before this change occurred, temperature was normal or in defect in Tenasserim, and in only slight excess elsewhere.

North-east India and Orissa.—In Assam the mornings were foggy throughout the week, but in other parts of the division skies were clear or only lightly clouded. During the first half of the week temperature was slightly above normal, but the low temperature conditions prevailing in the Central Provinces extended into north-east India on the 14th,

and during the remainder of the week temperature was in defect in the western districts of the division, especially in Orissa.

The United Provinces, Central India and the Central Provinces.—Cloud did not disappear entirely from the division after the disturbed weather of the previous week till the 13th, and the rain given by the disturbance was the cause of lower temperature than usual up to the 17th, more particularly in Central India and the Central Provinces, where the defect in the maximum averaged 6° on the 11th and again on the 15th.

North-west India.—Skies were thickly clouded in Kashmir during the greater part of the week, and snow was reported from Sonemarg, Dras and Minimarg on the 15th and a few very light falls on the following day. In the plains of north-west India there has been very little cloud, and in Baluchistan skies have been clear, except on the 13th. Mean temperature was slightly below normal in the eastern districts of the division and did not differ much from normal in other parts of the plains, but in Baluchistan and at most stations in Kashmir it was persistently in excess.

The Peninsula.—Skies were cloudy in the south-eastern districts throughout the week, but in the remainder of the Peninsula skies cleared on the 14th, and night temperature, which up to that time had been in general excess, fell, and during the remaining days was normal or in defect.

The rainfall of the period, from the 30th November to the 17th January, was normal or in excess in the Punjab, the Frontier Province and Rajputana, and in excess over the greater part of the Peninsula. The excess represented as a percentage of the normal was largest in the Deccan and Mysore.

The following summarises the chief rainfall amounts of the week, as reported at 8 h., each day :

January 12th, Coimbatore 0·50".
" 15th, Sonemarg 0·72".
" 16th, Port Blair 1·68".
" 17th, Port Blair 2·04" and Slipper Island 1·34".

SIMLA;
The 17th January 1907.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday 12th January 1907.

Burma.—Reaping of wet weather paddy is nearly completed in both Lower and Upper Burma. Threshing and winnowing are in progress. Miscellaneous standing crops in Upper Burma are generally in good condition. Cultivation of dry weather paddy is in progress in Katha, Lower Chindwin, and Kyaukse. The price of paddy has fallen largely in Amherst; changes elsewhere are unimportant.

Eastern Bengal and Assam.—The weather is seasonable. There was no rain during the week. Rain is wanted in Cachar, the Naga Hills and Upper Assam. Pruning and hoeing of tea are in progress. Harvesting of winter rice and gathering of pulses are nearly finished. Preparation of land for early rice and jute has commenced. Plucking of cotton; pressing of sugarcane; gathering of mustard; and transplantation of summer rice are in progress. Prospects of cotton are unfavourable in the Garo Hills and the Khasi and Jaintia Hills; fair in Nowgong; and good in Sylhet. The prospects of winter rice and other standing crops are moderate. Prices of common rice:—Manipur 17; Kohima and Sibsagar 10; Malda 9½; Rangamati, Silchar, and Nowgong 9; Tezpur 8½; Barisal, Chittagong, Jalpaiguri, Gauhati, and Dibrugarh 8; Faridpur 7 to 8; Dinajpur 7⅞; Dacca and Bogra 7½; Mymensingh, Rampur Boalia, Pabna, and Sylhet 7¼; Noakhali and Dhubri 7; Tura 6 to 7; Rangpur 6⅞; Shillong 6½; and Aijal 6 seers per rupee. Prices have risen in eight; fallen in five; and remain stationary in the remaining districts. Five hundred and nineteen persons received gratuitous relief in Sylhet.

Bengal.—Light rainfall is reported from Shahabad, Champaran, Sambalpur and Palamau. Harvesting of *aman* paddy is almost over. Pressing of sugarcane continues. Spring crops are doing well. Rain is needed for them in the Patna Division, and also in Monghyr and Bhagalpur. The number of persons receiving gratuitous relief is—Muzaffarpur 1,570 and Darbhanga 19,739. The number of persons on test and relief works in Darbhanga is 1,497 and 53,772, respectively. Fodder and water-supply are sufficient. The price of common rice has risen in eight and fallen in three districts.

United Provinces.—Rain has fallen in all districts except Lucknow, Sultanpur and Partabgarh; the heaviest falls being in the Himalayan western submontane and Upper Doab districts. The standing crops have benefited and are doing well. Weeding and sugarcane pressing are in progress. Slight damage from hail is reported in Bahraich; from rust in Barabanki; and from insects in Azamgarh. Markets are full. Fodder continues scarce in Sitapur and Rae Bareli and is deficient in Basti. Prices are stationary but show a tendency to fall.

The weekly report on the scarcity is as follows:—Twenty-five cents of rain fell in the Gorakhpur district during the week. The standing crops have been benefited. Supplies and fodder are sufficient. Agricultural stock is in good condition. Slight damage by rust is reported in parts of the Sadr tehsil. Prices are stationary. The numbers on relief are:—on works 208, on gratuitous relief 769, in poor houses 347, total 2,324.

Punjab.—Good to moderate rain has fallen in all districts except Shahpur, Mianwali, and Multan. There are slight fluctuations in the prices of food grains; wheat is rising in Shahpur and Rawalpindi and falling in Rohtak, Gurgaon, Sialkot, and Lyallpur. Cotton is still being picked in Lahore and Amritsar; and sugarcane pressings continue in Jullundur, Amritsar and Sialkot. Sowings of barley are in progress in Sialkot; cutting of *toria* (*Brassica Campestris*) is going on in Lahore. The condition and prospects of the standing crops are generally good. The recent rain wherever received has benefited the standing crops. Crops on the Shahpur inundation canals are withering and more rain is badly wanted in Hissar. Locusts appeared in parts of Sialkot but did no damage; the locust hoppers now on wing in parts of Shahpur are being destroyed; the turnip crop has been damaged in parts of Multan by a disease called "hadda." Cattle are in good condition. Fodder is sufficient. There are no complaints regarding the water-supply.

North-West Frontier Province.—Rain fell in Hazara and Peshawar ranging from 17 cents. to 1·29 inches; there was no rain in other districts. The water-supply is sufficient. The standing spring crops are in good condition but oilseeds in Dera Ismail Khan are below average. Wheat and barley are still being sown on unirrigated areas. Pressing of

sugarcane continues; the outturn is excellent. Fodder is sufficient. Prices are slightly falling. Prices:—Wheat 15 to 19½; maize 15 to 29; gram 17 7/16 to 22; and bajra 18¾ to 22½ seers per rupee.

Jammu.—No rain. Prices are fluctuating. Prices:—Wheat 11 to 24 and maize 12 to 36 seers per rupee. The condition of the standing crops is good. Fodder is sufficient except in the Kishtwar tehsil where it is reported to be scarce.

Kashmir.—The weather was partially bright and cloudy with slight rain. Prices are almost stationary.

Rajputana.—There were showers during the week in Tonk, Kotah, Jhallawar, Jaipur, Kishangarh, Alwar, Karauli, Bharatpur, Dholpur, Ajmer and Merwara; the maximum fall was 70 cents in Alwar. Agricultural operations are satisfactory and prospects are generally satisfactory. Pasturage and fodder is sufficient. Prices are rising in Hill Tracts and are nearly steady elsewhere, though still high in places.

Central India.—There were slight showers during the week in Bhopal, Malwa, and Dhar and Barwani in Bhopawar. Autumn harvesting, ploughing for and sowing of spring crops, and picking of cotton are in progress. The standing crops and the probable outturn are good. Crops have been slightly damaged by hail in part of Khilchipur in the Bhopal Agency. Pasturage is good. Prices are high in Baghelkhand and Malwa and stationary elsewhere. Irrigation and weeding of opium are in progress.

Central Provinces.—Rain was received in fourteen districts during the week ranging from 6 cents in Amraoti to 46 cents in Betul, where it also hailed. These showers have greatly benefited the spring crops, but have damaged linseed slightly in Drug. Picking of cotton and threshing and winnowing of autumn crops still continue. Cloudy weather and insects have injured *tur* and gram a little in Chanda; *tur* in Bhandara, and gram in Raipur. Prospects are generally favourable and fodder and water are sufficient. The price of gram has risen slightly in Damoh, Jubbulpore, Seoni, Hoshangabad, and Wardha and that of rice has fallen in Chanda and Drug; wheat has become slightly cheaper in Nagpur, Drug, and Raipur and dearer in Saugor and Chanda; the price of *juar* has dropped from 20 to 22 seers per rupee in Nimar and risen by 1¼ seers in Wardha; elsewhere prices are steady but still exceed the scarcity level in Wardha and Bilaspur.

Native States:—Rainfall measured (in cents):—Chuikhadan 56; Rajnandgaon 53; Khairagarh 45; Kawardha 40; Kankar 14; and Sakti 4. Sugarcane pressing; picking of cotton; and threshing of rice and *kodon* are in progress. Prospects are good. Fodder and water are ample. Prices are:—wheat 12 to 20; rice 13 to 17; and *kodon* 18 to 23 seers per rupee.

Bombay.—There was rain during the week in parts of Sukkur, Ratnagiri, Kanara, East Khandesh, Ahmednagar, the Karnatak and Palanpur. There has been slight damage to the standing crops by locusts in parts of Karachi and Hyderabad; by insects in parts of Hyderabad, Thar and Parkar, and Broach; crops are withering in parts of the Deccan and Bijapur; and are generally in good condition elsewhere. Threshing of autumn crops is in progress. Cotton picking continues in Hyderabad, Thar and Parkar, Ahmedabad, Panch Mahals, Broach, Ahmednagar, Poona, Kathiawar and Cutch. The supply of drinking water is generally sufficient and water for irrigation purposes is adequate except in parts of Nasik, Ahmednagar, Poona and Sholapur. Agricultural stock is sufficient except in Ahmednagar, Sholapur, Bijapur and Cutch. The fodder supply is sufficient. The quantity of food grains purchaseable per rupee is in the Deccan 10 per cent. above normal to 28 per cent. less than normal and elsewhere normal to 30 per cent. below.

Hyderabad.—Rainfall:—Five cents. The early rice harvest is nearing completion. Late rice sowings continue in parts of a few taluks. Spring crops are in fair to good condition generally. Prices:—Wheat 7¾; coarse rice 7¾; and *jowar* 16 seers per rupee.

Mysore.—Prices are generally steady. The standing crops are in good condition and are being generally harvested. Prospects of the season are good. Cattle are healthy. Water and fodder are available.

Coorg.—Rainfall 42 cents. Picking of coffee and reaping of rice continue. Prices of food grains are falling. Water and fodder are sufficient.

Madras.—Rainfall fair in Tinnevelly and Madura; light in Coimbatore, Nilgiris, Tanjore, Malabar, South Canara, Kurnool, Nellore and Chingleput; but no rain elsewhere. Irrigation supplies are sufficient except in parts of Kistna, Bellary, Anantapur, Salem and Madura. Ploughing, sowing, weeding, and transplanting are in progress in parts. The standing crops are generally fair but some in parts of Godavari, Kistna, Guntur and

Kurnool, have been damaged by the recent rains and some in parts of Madura are withering. Harvests continue with outturn poor to normal and bumper. Pasture is sufficient except in parts of Kistna and Bellary. Fodder is scanty in parts of Kistna, Salem, Tanjore and Madura. The condition of cattle is generally good. The price of rice is stationary in six districts; has fallen in twelve; and has slightly risen in five. The prices of millets have fluctuated as follows:—*Ragi* is stationary in nine districts; has fallen in five; and has slightly risen in seven. *Cholam* is stationary in four districts; has fallen in three; and has slightly risen in seven. *Cumbu* is stationary in four districts; has fallen in seven; and has slightly risen in four.

The number of persons in receipt of relief during the preceding and present weeks in each Province is shown in the following table:—

ADMINISTRATION REPORT OF THE INDO-EUROPEAN TELEGRAPH DEPARTMENT FOR 1905-06.

Nos. 509-514—13, dated Calcutta, the 16th January 1907.

RESOLUTION.

READ—

The Administration Report of the Indo-European Telegraph Department for the year 1905-06.

ORDERED.—That copies of the report be forwarded to the Home, Finance, and Public Works Departments, the Government of Bombay, and the Director General of Telegraphs, for information.

Ordered, also, that the report be published in the Supplement to the *Gazette of India.*

W. L. HARVEY,

Secretary to the Government of India.

ADMINISTRATION REPORT

OF THE

INDO-EUROPEAN TELEGRAPH DEPARTMENT

FOR

1905-1906.

Capital and Revenue Account.

1. *Capital.*—The net outlay during 1905-06 under Capital was Rs. 3,90,784, which raised the expenditure on Capital account to the end of the year to Rs. 1,43,62,362. On the construction of the Central Persia line a sum of Rs. 21,991 was expended during the year, of which amount Rs. 17,204 was on account of cash, and Rs. 4,787 on account of stores expenditure. This Account has also been debited during the year with Rs. 2,63,069, on account of the Indian extension of the Central Persia telegraph line, of which Rs. 34,453 was for cash and Rs. 2,28,616 for Stores. A sum of Rs. 433 also remains at debit of this account on account of the Henjam Bunder

Abbas telegraph line, being the amount spent after the submission of the bill for recovering the cost of the line from the Persian Government.

In the Persian Gulf Section Rs. 23,031 has been expended on the construction of buildings, the cost during the year for constructing the Henjam building was Rs. 18,129, and for additions to the Indo-European telegraph buildings at Karachi was Rs. 4,902. The cost of constructing buildings in the Persian section during the year was Rs. 2,006, of which Rs. 999 was for an addition to Teheran Dispensary, the balance being expended on other petty works in this section. The balance under Capital represents an increase of Rs. 80,254 under Suspense Heads, which includes a sum of Rs. 58,460 held under advance, being the amount recoverable from the Persian Government on account of erecting the Henjam Bunder Abbas line.

The following statement shows how the above increase is made up:—

——	Increase.	Decrease.	Total.
	Rs.	Rs.	Rs.
Works	3,10,530	...	3,10,530
Suspense—			
Stores	22,244	...	22,244
Other heads	58,010	...	58,010
Total	3,90,784	...	3,90,784

A summary of the year's transactions on Capital account is given in Appendix A.

2. *Revenue.*—A summary of the earnings and expenditure* for the year 1905-06 will be found in Appendix B. The earnings of the year were Rs. 16,66,232, or a decrease of Rs. 27,371 on those for 1904-05, *viz.*, Rs. 16,93,603. The expenditure during the year was Rs. 8,91,864, as compared with Rs. 10,77,679 during 1904-05, or a decrease of Rs. 1,85,815. The net result is a profit of Rs. 7,74,368 for the year, as compared with the profit of Rs. 6,15,924 in 1904-05.

3. The following statements show the chief differences between the earnings and expenditure of the current and previous years, details being found in Appendix B:—

Earnings.

Head of Account.	1904-05.	1905-06.	Increase.	Decrease.
	Rs.	Rs.	Rs.	Rs.

* Excluding the cost of the London Office Establishment (2,108*l*.), which is included as part of the establishment of the Secretary of State.

Expenditure.

Head of Account.	1904-05.	1905-06.	Increase.	Decrease.
	Rs.	Rs.	Rs.	Rs.
Persian Gulf Section :—				
General charges . .	1,25,014	1,17,334	...	7,680
Line maintenance . .	46,888	57,846	10,958	...
Signalling . . .	2,11,649	2,16,094	4,445	...
Cable maintenance . .	2,95,100	1,47,236	...	1,47,864
Persian Section :—				
General charges . .	1,20,451	1,22,180	1,729	...
Line maintenance . .	1,46,822	1,04,943	...	41,879
Signalling . .	1,24,062	1,19,088	...	4,974
Expenditure by other Departments	7,693	7,143	...	550
Total . .	10,77,679	8,91,864	17,132	2,02,947
Net Decrease .	...	...	...	1,85,815

Under the Persian Gulf Section the large decrease under Cable Maintenance is principally due to less expenditure during the year of Rs. 94,157, and Rs. 35,121 under Repairs to Cables and to the Cable Steamer respectively. The short charge under General Charges is principally due to charges in Europe being less as compared with last year's figures. The excess of Rs. 10,958 under Line Maintenance is due to increase of Establishment under Line Conservancy and increased expenditure under Repairs and Renewals of Lines. The increase under Signalling is mainly due to annual increases of pay to Signalling Establishment.

In the Persian Section the net decrease of Rs. 45,124 is mainly due to charges under Repairs and Renewals of Lines, being less in comparison with the actuals of 1904-05.

Net Revenue.

4. On a total Capital expenditure of Rs. 1,43,62,362 a net profit of Rs. 7,74,368 was earned during the year, which gives a dividend of 5·391 per cent. (Appendix D). The dividends earned during the past five years are as follows :—

Year.	Interest on Capital.
	Rs.
1901-02	7·89
1902-03	4·50
1903-04	4·97
1904-05	4·408
1905-06	5·391

Cis-Indian Joint Purse.

5. Appendix C deals with the transactions in connection with this Agreement, which was entered into in 1878.

	£	£	s.	d.
The Department's share of the whole Purse after certain adjustments shows a decrease of		1,637	0	0
Which is explained as follows—				
Decrease on Indian traffic	8,287			
Less Department's share of Indian Guarantee	3,908			
		4,379	0	0
Increase on Trans-Indian traffic		2,742	0	0
		1,637	0	0

The above decrease is mainly due to a reduction in the rate between Europe and India from 2*s.* 6*d.* to 2*s.* a word from 1st August 1905, and also to the fact that, from the same date, British, Colonial, or Indian Government messages exchanged between Europe and India or the Far East were carried at half rates.

The payments by the Government of India on account of the Indian Guarantee from 1st March 1902 to 31st March 1906 are shown in Appendix C (I).

6. *Interruptions affecting Joint Purse Traffic.*—There were no interruptions stopping traffic between Karachi and Teheran. Between Teheran and London the Indo-European Company's lines were totally interrupted for an aggregate of 21 days 8 hours and 53 minutes. This was mainly due to revolutionary disturbances in Russia.

7. On the Turkish route interruptions occurred between Fao and Constantinople lasting 41 days 4 hours 5 minutes. The working of this route continues to be unsatisfactory. The Fao-Bushire cable was interrupted for 22 hours 5 minutes during the year.

During the last five years the Turkish route west of Fao has been interrupted as follows :—

1901-1902.			1902-1903.			1903-1904.			1904-1905.			1905-1906.		
Days.	H.	M.	Days.	H.	M.	Days.	H.	M.	Days.	H.	M.	Days.	H.	M.
40	3	40	42	9	37	23	11	50	65	1	55	41	4	15

The Department was liable to the Joint Purse for 22 days' interruptions between Constantinople and Fao at Fcs. 50 per diem.

Australasian Message Fund.

8. The Departmental receipts for this year show a decrease of 210*l.* on the receipts in 1889, on which the original Australasian Message Fund was based. *See* Appendix C (2).

Traffic.

9. The following table gives the amounts paid into the Joint Purse by the Department as compared with its independent traffic revenue* :—

	For Joint Purse, &c.		Independent Revenue.	Total.
	Indian.	Trans-Indian.		
	Fcs. cts.	Fcs. cts.	Fcs. cts	Fcs. cts.
Persian Gulf Section	1,315,119.46⅜	125,233.39	43,262.11118	1,483,614.96743
Persian Section .	172,981.79 1/24	16,729.5815⅛	19,008.00226⅜	208,719.3742⅛
Total francs	1,488,101.25⅜	141,962.9715⅛	62,270.11344⅜	1,692,334.84164⅜

10. Appendix E gives the number of messages and words carried under the different classes :—1, State; 2, Commercial and Private; 3, Press, during the past five years.

11. The average length of "private and commercial" messages was 11·24 words in 1905-1906 as compared with 11·49 words in the previous year. The average length, calculated from the averages of the past seven years, is 12·38 words.

12. *Check of Errors.*—The accuracy of transmission over the lines of the Department for the past two years is shown below, and is satisfactory. The percentage of errors against words examined was as follows :—

For 1904-1905 . . . . 0·126 per cent.
" 1905-1906 . . . . 0·070 "

* The independent traffic revenue is that obtained from traffic not touching India, such as for telegrams between the stations of Jask and Bushire.

13. *Complaints and Errors.*—The number received for investigation amounted to 203, being 20 more than the total for the year 1904-1905. Of this number 115 were from Europe and 88 from India; 54 related to messages *viâ* Turkey.

Of the above, 86 were not admitted by the Administrations concerned, or are still being investigated by them, and of the remaining 117 this Department is responsible for 13.

Offices.

14. The number of offices open to the public throughout the year, excluding those on the Teheran-Meshed (Persian Government) line, was in the Persian Gulf Section 11 and in the Persian Section 15, including 7 offices on the Central Persia line.

PERSIAN GULF SECTION.

Cables.

15. The total length of the various cables on 31st March 1906 was 1950·799 knots, as against 1950·757 knots in the former year, the increase being due to repairs and diversion of Karachi Harbour cables.

Three faults occurred during the year, and two continued into this from the previous year, making a total of five faults. Two were due to teredo, one to corrosion of guards, and one to manufacture. The other remains for further development before removal.

There were two interruptions on the Bushire-Manora cables, aggregating 2 days 2 hours 59 minutes, but as an alternative cable or the Mekran Coast land line was available, through communication was not interrupted. The Fao-Bushire cable was interrupted for 22 hours and 5 minutes.

The expenditure of cable for repairs and renewals amounted to 18·839 knots, the lengths recovered at sea being 15·341 knots, which were only fit for stripping for core.

Manora Cable Factory.

16. The expenditure of cable during the year and cable in stock at the end of the year was as follows:—

		Knots.
Cable in stock on 1st April 1905		61·396
Manufactured at Manora		31·475
Recovered at sea for Harbour work		7·566
Excess brought into stock		0·061
		100·498
Deduct cable expended, 1905-1906	31·638	
Henjam Bunder Abbas line	15·172	
Sold to Submarine Defences	0·061	
		46·871
Balance 31st March 1906		53·627

The amount of cable stripped for core was 24·913 knots.

17. In October 1905 cables, 15 knots in length, were laid between Henjam and Bunder Abbas. In connection with these cables a land line was also erected in Kishm (30·75 miles) with cable houses and office buildings, but, pending the settlement of certain questions with the Persian Government, the line has not been opened for traffic.

Cable Steamer "Patrick Stewart."

18. The cable steamer "Patrick Stewart" steamed 4,650 knots, and the engineering staff either wholly or in part was absent from headquarters on cabling work for 64 days during the year. The actual earnings of the ship were Rs. 5,604-0-6.

MEKRAN COAST LAND LINE.

19. The total lengths on the 31st March 1906 were the same as last year, *viz.*, 697·96 miles of line and 1,393·42 miles of wire.

The total interruptions (*i.e.*, simultaneous interruption to both wires) during the year lasted for 54 hours 40 minutes. Partial interruptions (*i.e.*, those not affecting communication) amounted to 215 hours.

The causes of the faults are summarised as follows :—

	Number	Duration. Hours.
Definitely traced to preventable causes :—		
Corroded wires	6	136
Unpreventable causes :—		
Cyclones and floods	2	59
Malice	2	20

General Remarks.

Nothing of particular interest occurred during the year; the districts along the line remained quiet and the people friendly.

PERSIAN SECTION.

Teheran-Bushire Line.

20. The faults from all causes, including contacts between the wires' during the past three years, have been—

* 4 Krans=1 Rupee approximately.

General Remarks.

22. There is nothing of particular interest to report during the year under review.

TEHERAN-MESHED LINE.

23. This line is the property of the Persian Government, but maintained by the Indo-European Telegraph Department. It is 568 miles in length. It worked satisfactorily during the year and was interrupted only for 141 hours.

No events of a political nature affected this line during the year.

CENTRAL PERSIA LINE.

24. The line from Kashan to the Eastern frontier of Persia, which was commenced on the 2nd December 1902, has been completed through Yezd, Anar, Kerman, and Bam, to a point 25 miles beyond Bam, and 596 miles distant from Kashan. Beyond this a single wire line has been constructed to form a connection with the Indian line from Quetta to Robat. It was completed on 9th May 1904 and is 211 miles long.

The construction of a line from Karachi to Panjgur was commenced on 14th September 1905, and 170 miles had been completed at the end of the year. This line will be continued to meet the Central Persia line at a point near Robat.

INDO-EUROPEAN TELEGRAPH DEPARTMENT.

(a) In the case of emigrants proceeding to places west of the Cape, or to Fiji *viâ* South Australia, fresh mutton (sheep) at scale rate shall be supplied for one week, dried fish for two weeks, and preserved mutton for the rest of the voyage. As one sheep weighing 60 lbs. yields about 25 lbs. of available flesh, four sheep are approximately equivalent to one week's supply of fresh mutton at scale rate for 100 emigrants, and shall be so reckoned in calculating requirements.

(b) In the case of emigrants proceeding to places east of the Cape, and to Fiji *viâ* Torres Straits, fresh mutton (sheep) at scale rate shall be supplied for one week, and dried fish for the rest of the voyage.

(c) In the case of emigrants proceeding to places west of the Cape, or to Fiji *viâ* South Australia, in lieu of fresh potatoes, 16 days' supply of preserved potatoes (at scale rates and according to rule of substitution) shall be shipped at Madras. In substituting dried preserved potatoes for fresh potatoes, one part by weight of preserved potatoes shall be reckoned as equal to four parts by weight of fresh potatoes.

(d) In the case of vessels proceeding to Colonies west of the Cape, five-sevenths of the allowance of mutton (sheep) and vegetables shall be taken at Madras, and two-sevenths the balance at the Cape or St. Helena.

(e) Of the whole quantity of water required for emigrants, Masters, officers and crew, cabin and other passengers, if any, and the live stock, a reduction of three-sevenths will be allowed when a condenser is carried, and further reduction of one-seventh if the vessel is to take water at an intermediate port.

N.B.—Excepting spirits or wine, no surplus articles of diet, or water, of a previous voyage shall be utilized as emigrant stores for any succeeding voyage.

NOTICES

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable *at Calcutta* to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. A consolidated index for the year 1905, entitled "Inventions and Designs in 1905," is also on sale, price one rupee. It contains a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in that year, together with lists of designs applications.

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications and drawings.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or, if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. Royal 8vo volumes, paper cover, 13 annas or 1*s.* 1*d.* Postage extra. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Branch, Department of Commerce and Industry, 2, Bankshall Street, Calcutta.

H. G. GRAVES,
Secretary under the Inventions and Designs Act, V of 1888.

Except under the provisions of Rule 5, no person shall import spirit or fermented liquor manufactured in Kashmir into the North-West Frontier Province unless he holds a license in some district of the North-West Frontier Province for either the wholesale or the retail vend of imported spirit or fermented liquor.

3. Every person holding such license who desires to import spirit or fermented liquor manufactured in Kashmir into the North-West Frontier Province must first obtain from the Deputy Commissioner of the district in which he holds a license under the preceding rule a permit specifying the name of the importer, the amount and class of the spirit or fermented liquor to be imported and the district to which it is to be imported. On the production of such permit and on the payment of the prescribed duty, the Resident in Kashmir will grant a pass for the import into the North-West Frontier Province of spirit or fermented liquor to the amount specified in the permit.

The pass shall specify:—

(*a*) the name of the importer;

(*b*) the district in which he holds a license for the sale of imported spirit or fermented liquor;

(*c*) the class or amount of spirit or fermented liquor or both to be imported;

(*d*) the amount of duty paid;

(*e*) the destination of the spirit or fermented liquor;

(*f*) the period during which the pass will remain in force.

Provided that no single consignment under this pass shall be of a quantity less than 8 gallons.

The Resident shall send a duplicate of each pass to the Deputy Commissioner, who issued the permit.

4. On arrival of the spirit or fermented liquor in the North-West Frontier Province the pass shall be presented for examination to the Assistant Commissioner or Extra Assistant Commissioner in charge of the Excise revenue at Abbottabad. If no material irregularity is discovered at such examination and the pass appears to be correct, the Assistant Commissioner or Extra Assistant Commissioner shall endorse it and return it to the person in charge of the spirit or fermented liquor imported On arrival at the district from which the permit was obtained, the pass shall be again presented for examination to the officer in charge of the Excise revenue of the district.

5. Every person desiring to import spirit or fermented liquor manufactured in Kashmir into the North-West Frontier Province for his private consumption must apply to the Resident in Kashmir for the issue of a pass. On payment to him of the prescribed duty the Resident shall issue a pass specifying—

(1) the name of the importer;

(2) the class and amount of spirit or fermented liquor covered by the pass;

(3) the amount of duty paid.

A memorandum shall be attached at the foot of the pass to be signed by the person to whom the pass is issued, stating that the liquor covered by the pass is for private consumption only and not for sale. The Resident shall send a duplicate of each such pass to the Revenue Commissioner, North-West Frontier Province.

Provided that no person shall import for private consumption more than six dozen quarts of spirit or fermented liquor during the half-year in which the pass is issued.

6. The passes granted by the Resident in Kashmir under Rules 3 and 5 shall have full force and effect to cover consignments in their transit from Kashmir to the North-West Frontier Province through the recognized route, provided—

(a) that all spirit is conveyed in casks securely closed and sealed, or, if in bottles is packed in packing cases securely wired and sealed, so that bulk shall not be broken in transit, and

(b) that marks to show its serial number and the quantity and strength of its contents shall be legibly cut or printed on each cask or packing case in agreement with the entry made in the pass in respect of such cask or packing case.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall Summary for the seven days ending at 8 h., on Thursday, the 24th January 1907, based on the Indian Daily Weather Reports of the period.

Pressure was falling in Persia on the 18th and the fall extended into north-west India the next day, making pressure slightly below normal in Sind and the Frontier Province. On the 21st there was another fall of the barometer in north-west India, and pressure continued to decrease there throughout the remainder of the week with the result that on the 24th a depression, within which pressure was nearly a quarter of an inch in defect, was lying over Sind, north-west Rajputana and the southwest Punjab, and pressure gradients over northern India were completely reversed, allowing an inflow of winds from the Bay of Bengal into north-east India, and from the Arabian Sea into Rajputana, while easterly winds were blowing up the Gangetic plain. The precipitation given by these abnormal conditions was, however, very scanty, and on the 24th was confined to light falls of rain in Assam and light snow and rain in Kashmir and the Punjab hills. Weather was, however, disturbed in Kashmir for the greater part of the week, as snow commenced falling there on the 20th, but there has been no precipitation in Baluchistan or the plains of north-west India. Weather was dry throughout the week in other parts of the Indian region, except for light rain in Burma on the 18th and 19th.

Burma.—The disturbance which was affecting the weather in the south-west of the Bay at the close of the previous week moved northwards, and gave rain over the greater part of Burma on the 18th and 19th. Skies then cleared, and dry weather prevailed in the province for the remainder of the week. The rain caused a rapid fall of day temperature, which was very largely below normal on the 18th and 19th, while the thick cloud produced unusually high temperature by night. With the cessation of rainfall and

the disappearance of cloud these abnormal conditions soon passed away, and temperature was again nearly normal on the 22nd and continued so for the rest of the week.

North-east India and Orissa.—There was very little cloud up to the 24th, when skies clouded over in consequence of the inflow of humid winds from the Bay and light rain occurred in Assam. Temperature was normal, except in Orissa where it was in defect, but a rapid rise took place with the change of conditions at the end of the week, and on the 24th both maximum and minimum temperatures were in general excess.

Tha United Provinces, Central India and the Central Provinces.—Skies were almost clear up to the 21st when cloud appeared in the north-west of the United Provinces, and during the next three days spread over the whole of that area and the east of Central India. Temperature was in defect over the greater part of the division during the first three days of the week, but it then rose, and by the 24th mean temperature was in excess everywhere.

North-west India.—The barometer fell rapidly in Kashmir on the 19th, and from the 20th to the end of the week snow fell every day in that region. No precipitation occurred elsewhere, except in the Punjab hills. Skies were cloudy in Kashmir, the Frontier Province and the Punjab throughout the week, and on the 21st cloud appeared in Baluchistan, and on the 22nd in Rajputana and Gujarat. A noteworthy feature in the meteorological conditions was the unusually high temperature which prevailed over practically the whole division, especially in Baluchistan, where on the 21st it averaged 18° above normal.

The Peninsula.—The only rain reported was a light fall of 0·19″ at Pamban on the 22nd. Skies were clear, except for light cloud in the south, and temperature was nearly normal.

The rainfall of the period, from the 30th November to the 24th January, was normal or in excess in the interior of Burma, in excess in practically the whole of the Peninsula, and normal in the North-west Dry Area and the sub-divisions of Lahore, Ludhiana and Raipur.

The following summarises the chief rainfall amounts of the week, as reported at 8h., each day:

January 18th, Slipper Island 0·71″, Toungoo 0·45″, Yamethin 0·63″, Minbu 0·39″ and Shillong 0·54″.

„ 19th, Toungoo 1·02″, Thayetmyo 0·79″ and Lashio 0·66″.

„ 20th, Minimarg 0·27″.

„ 21st, Mergui 1·30″ and Minimarg 0·30″.

„ 22nd, Sonemarg 0·59″, Minimarg 0·64″ and Dras 0·36″.

„ 23rd, Cherat 1·32″, Murree 0·22″, Minimarg 0·92″ and Leh 0·18″.

„ 24th, Silchar 0·63″ and Tezpur 0·32″.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 19th January 1907.

Burma.—Reaping of wet weather paddy is nearly finished and threshing and winnowing are in progress and have been generally completed in Tharrawaddy. Rain fell in several districts in both Upper and Lower Burma during the week, the amounts in some cases being considerable. No damage to the paddy crop has been reported. Miscellaneous crops in Upper Burma are generally in good condition. The price of paddy has risen considerably in Akyab and Amherst and slightly in Tavoy and Mandalay; it has fallen considerably in Prome and Thayetmyo.

Eastern Bengal and Assam.—The weather is seasonable. There was no rain except in the Khasi and Jaintia Hills. Rain is wanted in Cachar, the Naga Hills, Upper Assam and Manipur. Pruning and hoeing of tea are in progress. Harvesting of winter rice and gathering of pulses are nearly finished. Preparation of land for early rice and jute are in progress. Plucking of cotton; pressing of sugarcane; gathering of mustard and transplantation of summer rice are in progress. Prospects of cotton are unfavourable in the Garo Hills and the Khasi and Jaintia Hills and fair in Nowgong. The prospects of winter rice and other standing crops are moderate. Prices of common rice:—Manipur 16; Kohima 10; Rangamati $9\frac{1}{2}$; Silchar 9 to $9\frac{1}{2}$; Nowgong and Sibsagar 9; Barisal, Chittagong, Gauhati, Tezpur, and Dibrugarh 8; Faridpur 7 to 8; Dinajpur $7\frac{13}{16}$; Dacca and Malda $7\frac{3}{4}$; Bogra $7\frac{5}{8}$; Jalpaiguri and Sylhet $7\frac{1}{2}$; Pabna and Mymensingh $7\frac{1}{4}$; Noakhali, Rampur Boalia and Dhubri 7; Tura 6 to 7; Rangpur $6\frac{1}{2}$; Shillong and Aijal 6 seers per rupee. Prices have risen in eight; fallen in seven; and remain stationary in the remaining districts. Six hundred and seventy-three persons received gratuitons relief in Sylhet,

Bengal.—Except in Darjeeling where the fall amounted to 0·12 inches, no rain fell during the week. Harvesting of winter paddy has been completed in almost all districts. Pressing of sugarcane continues. Rain is required yet for spring crops in Nadia, Murshidabad, Jessore, Gaya, Champaran, Muzaffarpur, Darbhanga, Monghyr, Bhagalpur and Purnea. Prospects of spring crops are on the whole satisfactory. The number of persons receiving gratuitous relief is—Muzaffarpur 801 and Darbhanga 17,441. The number of persons on test and famine relief works in Darbhanga is 1,891 and 58,114, respectively. Fodder and water are sufficient. The price of common rice has risen in six and fallen in five districts.

United Provinces.—No rain fell during the week. Crops are in good condition. Irrigation is in progress where practicable and weeding continues. Fields are being prepared for sugarcane and sowing of extra crops. The condition of cattle is good, except in Garhwal and Almora. Supplies are adequate. Fodder continues scarce in Rae-Bareli and is dear in Hardoi and Sitapur. Prices are stationary with tendency to fall in places.

The weekly report on the scarcity is as follows:—No rain fell in Gorakhpur during the week. Sugarcane pressing is in progress. Rust has done damage in parts of the Sadr tahsil. Supplies and fodder are sufficient. The condition of cattle is satisfactory. Prices are stationary. The numbers on relief are :—on works 224, on gratuitous relief 1,990, in poor houses 358, total 2,572.

Punjab.—Good rainfall was received during the week in tehsil Kasauli, in Ambala and in parts of the Lahore district. The price of wheat is rising in Sialkot and falling in Shahpur, Rawalpindi and Lyallpur; prices of other food grains are slightly fluctuating. Sugarcane pressing continues in Rohtak, Jullundur, Amritsar and Sialkot. Ploughings and sowings of extra spring crops have commenced in Lahore, Sialkot, and Gurgaon. The condition and prospects of the standing crops are generally good. Rain is badly wanted in Rohtak, Ambala and Shahpur. Locusts appeared in parts of Rohtak, Shahpur, Lyallpur and Multan and damaged the crops slightly except in Rohtak. The turnip crop has also been damaged by a disease known as "hadda" in parts of Multan. Cattle are in good condition. Fodder is sufficient. There are no complaints regarding the water supply.

North-West Frontier Province.—No rain. Spring sowings are completed. The condition of the standing crops on irrigated and unirrigated areas is good so far, but rain is now generally wanted. Locusts have slightly damaged the crops in parts of the Dera Ismail Khan district. Pressing of sugarcane goes on, the outturn is good. The water supply is ample. Fodder is procurable. Cattle are in good condition except in a few villages of the Mardan tehsil in the Peshawar district. Prices show a downward tendency. Prices:—wheat 16 to $19\frac{1}{2}$; gram $17\frac{1}{16}$ to 22; maize $17\frac{1}{2}$ to $29\frac{1}{2}$, and bajra 20 to 22 seers per rupee.

Jammu.—There was slight rain during the week at Udhampur, Rampur, and Jammu. Prices are stationary. Prices:—Wheat 11 to 24 and maize 12 to 36 seers per rupee. The condition of the standing crops is good. Fodder is sufficient except in the Kishtwar tehsil where it is scarce.

Kashmir.—The weather was partially bright and cloudy with slight rain during the week. Prices are almost stationary.

Rajputana.—There were showers during the week in Jaipur, Bikanir, Kotah, and Jhalawar; the maximum fall varied from eleven to eighty-five cents in the Nazamaths of Kotah and Jhalawar. Agricultural operations are satisfactory and prospects are generally satisfactory. Pasturage and fodder are sufficient. Prices are nearly steady throughout though still high in places.

Central India.—There were slight showers during the week in Gwalior. Autumn harvesting is completed in Gwalior and continues elsewhere. Weeding and irrigation of spring crops and picking of cotton are in progress. The standing crops and probable outturn are good. Crops have been slightly damaged in parts of the Bhopal and Baghelkhand Agencies. Agricultural stock and pasturage are good except in parts of Bhopawar and Indore. Prices are high in Baghelkhand and Malwa and are stationary elsewhere. Irrigation and weeding of opium are in progress.

Central Provinces.—The weather is clear and cool. Picking of cotton and threshing and winnowing of autumn crops are completed in most districts and reaping of linseed and *til* has commenced in parts of Wardha. *Tur* and *ringni juar* in Chanda; linseed, gram and *tur* in Bhandara; and linseed and gram in Raipur have been damaged slightly by insects. Rats have attacked wheat in three taluqs of Buldana. More rain is required in parts of the Hatta tehsil of Damoh. The standing crops are generally in good condition and prospects are favourable. Fodder and water are sufficient. Prices of food grains fell in Saugor and rose slightly in Jubbulpore; rice has become cheaper by one seer per rupee in Mandla; *juar* rose in Amraoti and fell in Buldana by one seer: elsewhere prices are generally steady but still exceed the scarcity level in Wardha and Bilaspur.

Native States.—The harvesting of autumn crops and sugarcane pressing still continue. Spring crops are in good condition and prospects are good. Fodder and water are sufficient. Prices:—Wheat 10 to 20; rice 12½ to 17; and *kodon* 16 to 23 seers per rupee.

Bombay.—The standing crops have been slightly damaged by insects in parts of Karachi and are withering in parts of the Deccan and Bijapur; they are generally in good condition elsewhere. Threshing of autumn crops is in progress and cotton picking continues in Hyderabad, Thar and Parkar, Gujarat, Poona, Kathiawar and Cutch. The supply of drinking water is generally sufficient and water for irrigation purposes is adequate except in parts of Nasik, Poona and Sholapur. Agricultural stock is sufficient except in Sholapur, Bijapur, and Cutch. The fodder supply is sufficient. The quantity of food grains purchasable per rupee is in the Deccan 10 per cent. above normal to 31 per cent. less than normal, and elsewhere normal to 25 per cent. below.

Hyderabad.—No rain. The early rice harvest is almost over; late rice sowings still continue in parts of a few talukas. Spring crops are generally in fair to good condition. Prices:—Wheat 7¾; coarse rice 7½; and jowar 15¾ seers per rupee.

Mysore.—Prices of food grains are generally steady. The standing crops are in good condition and are being generally harvested. Prospects of the season are good. Cattle are healthy and water and fodder are available.

Coorg.—Picking of coffee and reaping of rice continue. Prices of food grains are falling. Water and fodder are sufficient.

Madras.—Rainfall light in Tanjore, but none elsewhere. Irrigation supplies are sufficient except in parts of Kistna, Bellary, Anantapur, North Arcot, Salem, and Madura. Ploughing, sowing, weeding, and transplanting are in progress in parts. The standing crops are generally fair but some in parts of Madura are withering and some in parts of Kistna have been damaged by the recent rains. Harvests continue with outturn poor to normal and bumper. Pasture is sufficient except in parts of Godavari, Kistna, and Bellary. Fodder is scanty in parts of Kistna, Salem, Tanjore and Madura. The condition of cattle is generally good. The price of rice is stationary in eight districts; has fallen in twelve; and has slightly risen in three. The prices of millets have fluctuated as follows:—*Ragi* is stationary in eight districts; has fallen in seven; and has slightly risen in six. *Cholam* is stationary in three districts; has fallen in five; and has slightly risen in six. *Cumbu* is stationary in seven districts; has fallen in three; and has slightly risen in five.

PROCEDURE TO BE FOLLOWED IN GRANTING LEAVE TO A MILITARY OFFICER WHO IS TEMPORARILY IN CIVIL EMPLOY.

Calcutta, the 24th January 1907.

RESOLUTION.

A QUESTION has recently arisen as to the conditions under which a military officer, who is temporarily in civil employ, should be granted leave when such leave would extend beyond the period for which his services have been lent to the civil department. Articles 605, 606 and 855—860 of the Civil Service Regulations have been held to cover cases of the nature under consideration; but as they do not clearly specify the procedure in every contingency, the Governor General in Council is pleased to prescribe the following rules for general information:—

(*a*) In the case of a military officer who is lent to a civil department for the performance of a specific duty, his term of service under the civil authorities terminates on the completion of such duty, and any leave for which he may then apply will be granted by the military authorities with reference to his status as a military officer.

(*b*) In the case of a military officer who is lent to a civil department for a fixed period, and who is desirous of taking leave prior to the termination of that period, leave will be granted, within the period for which his services have been lent to the civil department, with reference to the applicant's status as a civil officer, even though he does not return to his civil appointment on the expiry of his leave.

(*c*) In the case of a military officer lent to a civil department for a fixed period, who applies before the expiry of the term of his civil employment for leave which will extend beyond the period of such term, the whole period of leave will be granted by the civil authorities, after consultation with the military authorities, the portion antecedent to the expiry of the term of civil employ being granted with reference to the officer's status as a temporary civil officer and the balance with reference to his status as a military officer. In such cases the officer's service under the civil department will be held to terminate not at the commencement of his leave, but on the completion of the period for which his services were originally lent to the civil department.

ORDER.—Ordered that a copy of this Resolution be forwarded to the local Governments and Administrations for information; that a copy be forwarded to the Departments of the Government of India (except the Legislative Department) for information and further necessary action; and that the Resolution be published in the Supplement to the *Gazette of India*.

No. 368-E.B.—In exercise of the powers conferred by the Indian (Foreign Jurisdiction) Order in Council, 1902, the Governor-General in Council is pleased to make the following orders:—

PART I.

1. The provisions, so far as they can be made applicable in the circumstances for the time being, and as amended for the time being by subsequent enactments, of the enactments specified in the First Schedule to this part, are hereby applied to the Aden Protectorate, subject, in the case of the Code of Criminal Procedure, 1898 (Act V of 1898), to the modifications specified in the Second Schedule to this Part.

2. For the purpose of facilitating the applications of the said enactments to the Aden Protectorate, any Court for the Aden Protectorate may construe any provision in any such enactment with such alterations not affecting the substance as may be necessary or proper to adapt it to the matter before the Court.

3. No legal practitioner shall be permitted to appear in any case before any Court without the express authority in writing of the Political Resident.

THE FIRST SCHEDULE.

Enactments applied.

Number and year.	Subject.
Act XLV of 1860	Penal Code.
Act V of 1898	Criminal Procedure.
Regulation IV of 1901	Frontier Murderous Outrages.

THE SECOND SCHEDULE.

Modifications in the Code of Criminal Procedure, 1898 (Act V of 1898).

(*I*) *In the Code of Criminal Procedure, 1898*—

(*a*) The Court of Session may take cognisance of any offence as a Court of original jurisdiction without the accused person being committed to it by a Magistrate and shall, when so taking cognisance of any offence, follow the procedure prescribed by the Code of Criminal Procedure, 1898, for the trial of warrant-cases by Magistrates.

(*b*) Save as hereinafter provided, no appeal shall lie from any order of any Sessions Judge.

(*c*) Trials before the Court of Session may, in the discretion of the Sessions Judge, be without jury or the aid of assessors.

(*d*) In cases under Regulation IV of 1901 no sentence of death passed by an Assistant Resident shall be carried out unless and until it is confirmed by the Political Resident.

(*e*) In cases under other Acts, no sentence of death passed by any Court shall be carried out unless and until it is confirmed by the Governor of Bombay.

(*f*) All sentences of imprisonment passed by an Assistant Resident for a term exceeding one year shall be submitted for confirmation to the Political Resident.

(*g*) In any case in which an Assistant Resident passes a sentence of imprisonment for a term exceeding six months, an appeal shall lie to the Political Resident.

PART II.

For the purposes of the exercise of criminal jurisdiction as regards the Aden Protectorate—

1. The Political Resident and, with the sanction of the Political Resident in writing, the Assistant Resident for the time being at Aden shall exercise the powers of District

Magistrates and Sessions Judges as described in the Code of Criminal Procedure, 1898 and of Deputy Commissioners or Sessions Judges under the Frontier Murderous Outrages Regulation, 1901, as applied by this Notification.

2. If in any case in which the complainant (if any) and the accused person or all the accused persons are not British subjects, the Court deems it expedient for political reasons to decline to exercise the powers so conferred on it, it shall be in the discretion of the Court to do so.

3. The Political Resident and Assistant Residents for the time being at Aden are hereby appointed to be Justices of the Peace within the Aden Protectorate.

4. The High Court of Judicature at Bombay shall be the Court to which European British subjects charged with an offence punishable with death, and persons charged jointly in such cases with European British subjects, shall be committed for trial.

5. If any European British subject shall be charged in Aden with any offence (other than an offence punishable with death) which a Justice of the Peace shall not be competent to punish, and there shall be sufficient grounds for committing him for trial, such European British subject shall be committed to the Court of the Resident, and shall be tried by the Resident.

Bills introduced in the Council of the Governor General of India for making Laws and Regulations, Reports of Select Committees presented to the Council, and Bills published under Rule 23.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Report of the Select Committee on the Bill further to amend the Presidency Banks Act, 1876, was presented to the Council of the Governor General of India for the purpose of making Laws and Regulations on the 1st February, 1907:—

WE, the undersigned, Members of the Select Committee to which the Bill further to amend the Presidency Banks Act, 1876, was referred, have considered the Bill and the papers noted in the margin, and have now the honour to submit this our Report, with the Bill as amended by us annexed thereto.

From Messrs. Orr, Dignam & Co., Calcutta, No. 15691, dated 30th November 1906 [Papers No. 1].
From Government, Bengal, No. 4431 F., dated 30th November 1906, and enclosures [Papers No. 2]
From Government, Bombay, No. 4571, dated 1st December 1906, and enclosures [Papers No. 3].
From Government, Madras, No. 742 (Financial), dated 30th November 1906, and enclosures [Papers No. 4].
From Registrar, High Court, Calcutta, No. 3379, dated 3rd December 1906 [Paper No. 5].

2. *Clause 3.*—We have suggested some alterations in the form of the amendments which this clause proposed to make in section 36 of the Act. We have omitted the proviso which sub-clause (*i*) proposed to add to clause (*1*) of paragraph (*a*) of that section and the second part of the proviso which sub-clause (*vi*) proposed to add to paragraph (*d*) of the same section, introducing instead in the latter sub-clause a single proviso, by which it is made clear that the total of the assets held by the Bank of Madras either upon the security of Ceylon Government securities or by way of investment in such securities is never to exceed the sum of the deposits held and balances of cash accounts at credit at the Ceylon Branch of that Bank. Further, we have expanded the addition to paragraph (*a*), clause (*6*) of the same section proposed by sub-clause (*iv*), so as to make it cover "the joint and several promissory notes of two or more persons *or firms unconnected with each other in general partnership*", thus bringing the language of the clause into conformity with that used in section 37, paragraph (*e*), of the Act.

3. *Clause 4.*—We have altered sub-clause (*i*) of this clause so as to enable the Bank to make loans for six months in all cases, instead of continuing the limit of three months in the case of loans made on "personal security" as proposed in the Bill as introduced.

The personal securities on which loans and advances may be made are limited by section 36, and we think that loans made on these securities might well run for six months in the same way as other loans. The fixing of a uniform term of six months necessitates certain consequential alterations in clause (*b*) of the section which we have provided for in a new sub-clause (*iii*).

4. *Clause 5.*—We have made various changes in the new section 42A which this clause proposed to add to the Act. It has been pointed out that the phraseology of the new section proposed in the Bill as introduced, which was copied from the provisions of section 37 of Act IV of 1862, is somewhat obsolete and hardly suited to modern conditions. The language has therefore been revised and generalized so as to enable the Bank to pay for the business of the other Bank which it may purchase wholly or partly in cash as well as by the allotment of shares in its capital stock, and further to pay such cash or allot such shares either to the other Bank or to its liquidators, or otherwise as may be agreed upon. Further, when the shares are to be allotted and new capital stock has to be raised, we have thought it desirable to subject the directors' power in this behalf, which was unrestricted under the Bill as introduced, to the control of the shareholders by prohibiting the directors from making any increase of capital until such increase has been sanctioned by a special resolution of the shareholders. Lastly, we have limited the application of the proposed section to banking companies registered under the Indian Companies law and carrying on business in India, as these appear to us to be the only class of banks which the Presidency Banks should be empowered to take over.

5. *Clause 6* is new and merely adds certain words to clause (*a*) of section 63 in order to make it clear that the directors may make byelaws to regulate the amounts in respect of which overdrafts without security may be allowed, as contemplated by the last paragraph of section 37 of the Act as it will stand when amended by clause 4 (*iv*) of the Bill.

6. The other alterations proposed by us in the Bill are either verbal or not of sufficient importance to call for explanation.

7. The publication ordered by the Council has been made as follows:—

No. II.

A Bill further to amend the Presidency Banks Act, 1876.

WHEREAS it is expedient further to amend the Presidency Banks Act, 1876; It is hereby enacted as follows:—

Short title.

1. This Act may be called the Presidency Banks (Amendment) Act, 1907.

Amendment of sections 10 and 14, Act XI, 1876.

2. In section 10 of the Presidency Banks Act, 1876, the words "to thirty millions of rupees", "to twelve millions of rupees" and "to twenty millions of rupees", and in section 14 of the said Act the proviso, shall be repealed.

Amendments of section 36 of same Act.

3. In section 36 of the said Act the following amendments shall be made, namely:—

(i) in *paragraph* (*a*), to *clause* (*1*) the following shall be added, namely —

"and, in the case of the Bank of Madras, securities of the Government of Ceylon;

(ii) in the same *paragraph*, to *clause* (*3*) the following shall be added, namely:—

"or such securities issued by State-aided railways as the Governor General in Council may from time to time prescribe";

(iii) in the same *paragraph*, in *clause* (*4*) after the words "any Municipal body" the words "or any District Board" shall be inserted;

(iv) in the same *paragraph*, to *clause* (*6*) the following shall be added, namely:—

"and joint and several promissory notes of two or more persons *or firms* unconnected *with each other in general partnership*";

(v) after *paragraph* (*b*) the following shall be inserted, namely:—

"(*bb*) the advancing and lending money to Courts of Wards upon the security of estates in their charge or under their superintendence and the realization of such advances or loans and any interest due thereon, provided that no such advance or loan shall be made without the previous sanction of the Local Government concerned and that the period for which any such advance or loan is made shall not exceed six months"; and

(vi) at the end of *paragraph* (*d*) the following shall be added, namely:—

"Provided that—

(*1*) the power of investing in the securities of the Government of Ceylon shall extend only to the Bank of Madras, and

(*2*) *the total of the assets held at any time by the Bank of Madras either upon the security of, or invested in, securities of the Government of Ceylon in accordance with the authority conferred by paragraph* (*a*), *clause* (*1*), *or this paragraph, shall not exceed the sum of the deposits held and balances of cash accounts at credit at the Ceylon Branch of the said Bank of Madras.*"

Amendments of section 37 of same Act.

4. In section 37 of the said Act the following amendments shall be made, namely:—

(i) *in clause* (*a*), *for the words "three months" the words "six months" shall be substituted;*

(*ii*) *to clause* (*c*) *the following words shall be prefixed, namely:—*

"save in the case of the estates specified in section 36, paragraph (*bb*);"

(*iii*) *in clause* (*f*), *for the words "three months", each time they occur, the words "six months" shall be substituted, and the proviso shall be omitted; and*

(iv) in the last paragraph, *for the words "from overdrawing" the words "to overdraw," and* for the words "sums not exceeding at any one time two thousand rupees in the whole," the words "such sums not exceeding at one time ten thousand rupees in the whole as may be prescribed for the time being by the byelaws" shall be substituted.

Addition of new section 42A to same Act.

5. After section 42 of the said Act the following section shall be inserted, namely:—

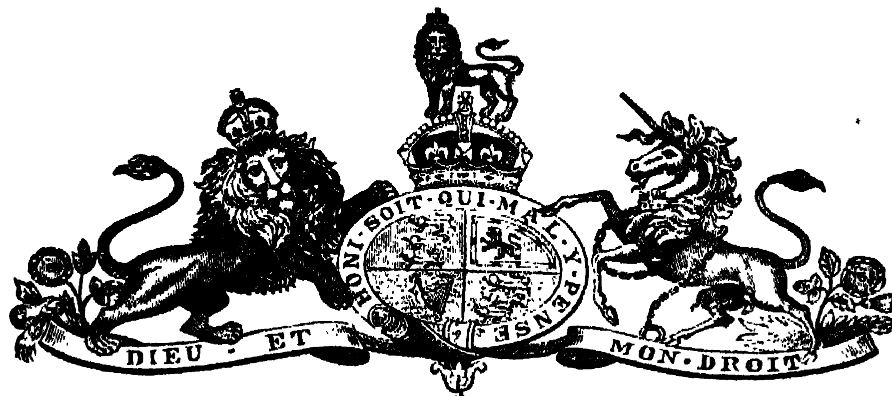
Power to Bank to take over business of certain other Banks and for that purpose to increase its capital.

"42A. (*1*) With the sanction of the Governor General in Council, the directors may at any time enter into negotiations for and purchase and take over *the* business, *including* the capital, assets and *liabilities* of any *banking company carrying on business* in India of which the capital is divided into shares, and may *pay the consideration for such purchase either in cash or by the allotment* of shares in the capital stock of the Bank, *or partly in one and partly in the other of these ways,* and may, for *the* purpose *of any such allotment of shares*, increase the capital stock of the Bank by the issue of such number of shares as may be determined on by them:

Provided that the directors shall not make any increase of the capital stock of the Bank under this section unless the proprietors and shareholders have passed a special resolution in accordance with the provisions of section 13 sanctioning such increase.

(2) The *persons* to whom such new shares are allotted shall be proprietors of the Bank, and be in all respects in the same position as if they had respectively subscribed and paid for the shares so allotted to them:

Provided always that the business so purchased shall after the purchase be carried on by the Bank subject to the several restrictions contained in this Act.



Explanation.—For the purposes of this section "banking company" means any company formed for the purpose of carrying on the business of banking and registered under the Indian Companies Act, 1882, or the law relating to Companies for the time being in force in British India.

Addition to section 63 (a) of same Act.

6. *In section 63 of the said Act, to clause (a) the words "and the extent of the sums to which accounts may be overdrawn without security under the provisions of the last paragraph of section 37" shall be added.*

" Will Government be pleased to state what decision has been arrived at with regard to the Imperial Service Troops as referred to in Lord Curzon's speech at the Daly College, Indore, on the 4th November 1905 ?"

His Excellency THE COMMANDER-IN-CHIEF replied :—

" The offers made by the Chiefs in response to Lord Curzon's appeal were submitted for the consideration of His Majesty's Secretary of State for India, in pursuance of whose instructions each offer is now being considered separately in consultation with the Chief concerned."

The Hon'ble TIKKA SAHIB RIPUDAMAN SINGH OF NABHA asked:—

" With reference to the Typhoid Commission recently appointed, will the Government be good enough to state the nature of the enquiries ordered and the class of persons from whom information is sought?"

His Excellency THE COMMANDER-IN-CHIEF replied :—

" The terms of the orders appointing the Committee specified that it was 'for the purpose of investigating and advising on the incidence of Enteric fever in India and its prophylaxis.'

" Up to the present the questions considered by the Committee have included diagnosis and statistical returns; infection by water, milk, foods, dust, flies, etc., infection from outside sources, sewage disposal, and from washing of clothes; sanitary inspection and supervision, anti-typhoid inoculation, and certain technical bacteriological questions.

" Information has been and is being obtained from Medical officers of both services, from General and other officers commanding, from Engineer officers, the Inspecting officers of cantonments and the Anti-typhoid Inoculation Committee in London."

The Hon'ble TIKKA SAHIB RIPUDAMAN SINGH OF NABHA asked :—

" Will Government be pleased to state at what stage the scheme of the Tata Research Institute has reached ?"

The Hon'ble SIR HARVEY ADAMSON replied :—

"A scheme drawn up in accordance with the Charitable Endowments Act for the administration of the Tata Research Institute has recently been submitted to the Government of India by the Solicitors of the Tata family. It has been framed in consultation with Dr. Morris Travers, F.R.S., who has recently been appointed Director of the Institute; and the Government of India propose to take it into consideration as soon as they receive a further communication from the Mysore Darbar regarding the site of the buildings."

The Hon'ble TIKKA SAHIB RIPUDAMAN SINGH OF NABHA asked :—

" Will Government be pleased to state the results of the enquiries of the 'Plague Research Commission' appointed some time since ?"

The Hon'ble SIR HARVEY ADAMSON replied :—

" A preliminary report on the investigations of the Plague Research Committee has been published recently under their authority in a special number of the *Journal of Hygiene*. A copy of this is laid upon the table."

The Hon'ble MR. GANGADHAR RAO MADHAV CHITNAVIS asked :—

" Has Government received a memorial from the people of Nagpur and several other districts of the Central Provinces, praying for the extension of the right of election to the Local Bodies in the matter of the appointment of a member for those Provinces to the Imperial Legislative Council of India? What action does Government propose to take in the matter?"

The Hon'ble MR. RICHARDS replied :—

" The memorial referred to by the Hon'ble Member has been received, and will be taken into consideration in due course. Government is not at present in a position to make any statement in regard to it."

The Hon'ble MR. GANGADHAR RAO MADHAV CHITNAVIS asked :—

" Has the attention of Government been drawn to the Resolution of the Second Industrial Conference praying for the early publication of the Report of the Indian Stores Committee? Will Government be pleased to state when it proposes to publish the Report, whether before or after the passing of final orders by Government?"

" Does Government not think it desirable that Reports of Committees of Inquiry should be published before final orders are passed by Government to enable the public to offer suggestions which may also be considered by Government along with the Reports?"

The Hon'ble MR. FINLAY replied :—

" The attention of Government has been drawn to the Resolution of the second Industrial Conference praying for the early publication of the Report of the Indian Stores Committee. Government are not in a position to state when the Report will be published.

" Government are unable to lay down any definite rule in the matter, but will consider each case on its own merits."

The Hon'ble MR. GANGADHAR RAO MADHAV CHITNAVIS asked :—

" Is it a fact that the present scale of pay of the subordinate Postal establishment was fixed over thirty years ago? Have prices and wages increased since then? Is it a fact that salaries have been increased in other Departments on that ground? If so, will Government be pleased to revise the scale of pay of the subordinate Postal establishment, so as to make due allowance for the increased cost of living?"

The Hon'ble MR. FINLAY replied :—

" It is not the case that the present scales of pay of the subordinate Postal establishment were fixed over thirty years ago. As regards the salaries of postmen, village postmen, peons, and packers,—who form the bulk of the subordinate establishment,—the following information gives an abstract of the changes which have been made during recent years, and shows a continuous improvement in the conditions of the service of these officials. In 1897, 11 per cent. of the postmen and village postmen were in receipt of less than Rs. 7 a month, in 1906 practically none. In 1897, 34 per cent. drew less than Rs. 8 a month; in 1906, in spite of the transfer to Imperial from provincial and local funds of a large number of postmen and village postmen on low pay, the percentage has fallen to 19. In 1897, 66 per cent. drew less than Rs. 9 a month; in 1906, 45 per cent. In 1897 only 18 per cent. were drawing Rs. 10 or higher pay; in 1906, 34 per cent. In the case of peons and packers, in 1897 12 per cent. were

drawing less than Rs. 6 a month; in 1906 practically none. In 1897, 45 per cent. were drawing less than Rs. 7 a month; in 1906 only 23 per cent.

"Similar information in respect of the remainder of the subordinate establishment is not available, and could not be obtained without an expenditure of time and labour incommensurate with any advantages to be derived from its preparation. In the circumstances, replies to the other questions asked by the Hon'ble Member in connection with this subject do not appear to be necessary."

The Hon'ble MR. GOKHALE asked:—

"Will Government be pleased to lay on the table a Return, showing the annual expenditure on Primary Education for the last five years from (*a*) Provincial Revenues, (*b*) Local Funds, (*c*) Municipal Funds, (*d*) Fees, and (*e*) Other sources?"

The Hon'ble SIR HARVEY ADAMSON replied:—

"The statement asked for by the Hon'ble Member is laid upon the table.*"

The Hon'ble MR. GOKHALE asked:—

"Will Government be pleased to state if commissions have been granted since last March to any more members of the Cadet Corps, and, if so, where these men have been posted and what are their prospects of being entrusted with regimental duties in the Indian Army?"

His Excellency THE COMMANDER-IN-CHIEF replied:—

"Commissions have recently been granted to four more members of the Imperial Cadet Corps, namely:—

Khan Muhammad Akbar Khan of Hoti.
Malik Mumtaz Muhammad Khan of Shahpur.
Banwar Prithi Singh of Kota.
Bala Sahib Daphle of Jath.

"It is proposed to post the three first-named officers to the Frontier Militia, the Division of the Chief of the Staff, and the Supply and Transport Corps, respectively, and Lieutenant Bala Sahib Daphle is being attached to a native infantry regiment for a further period of military instruction.

"The question of these officers being given regimental employment in the Indian Army has not yet arisen."

PRESIDENCY BANKS (AMENDMENT) BILL.

The Hon'ble MR. BAKER presented the Report of the Select Committee on the Bill further to amend the Presidency Banks Act, 1876.

The Council adjourned to Friday, the 15th February 1907.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall Summary for the seven days ending at 8 h., on Thursday, the 31st January 1907, based on the Indian Daily Weather Reports of the period.

During the past week snowfall occurred in Kashmir and rain in the Frontier Province and the hills and submontane districts of the Punjab and of the west of the United Provinces. This precipitation was due to two separate disturbances in north west India, the first and more important of which appeared over the western desert on the 24th and remained in practically the same position till it filled up on the 27th. It caused an inflow into north-west India of humid winds from the Arabian Sea, but precipitation occurred only in the Frontier Province and in the hill districts of Upper India—as far east as Muktesar. The barometer fell briskly in Baluchistan on the 27th and 28th, and on the 29th a small but well marked depression was shown over the south-west Punjab, in the central area of which pressure was a quarter of an inch in defect. The depression moved northward and had practically disappeared by the morning of the 31st, after giving snow in Kashmir and light to moderate rain in the Frontier Province and the hills and submontane districts of the Punjab. Pressure was low throughout the week in north-east India, favouring southerly winds at the head of the Bay, and rain occurred in Assam every day, except on the 29th, and on the 27th and 28th rainfall extended into the northern districts of Burma. Dry weather prevailed in other parts of India and Burma. Temperature conditions were abnormal in northern India, where both the maximum and minimum were in marked excess, especially in north-west India. A cold wave, however, made its appearance in Baluchistan on the 30th and extended over north-west India during the next twenty-four hours, bringing about a very rapid fall of temperature which on the 31st was at many stations more than 10° lower than it was the day before.

Burma.—Skies were clear, except in the northern districts, where light rain fell on the 27th and 28th. Maximum temperature was approximately normal and minimum was in excess.

North-east India and Orissa.—Rain fell in Assam on nearly every day of the week and skies were thickly clouded in that region, but were generally clear elsewhere. The rain caused a reduction in day temperature in Assam, but night temperature remained high, and in the remainder of the division temperature both by day and by night was considerably higher than usual.

The United Provinces, Central India and the Central Provinces.—No rain fell, except at Chakrata, Dehra Dun and Muktesar on the 26th, and skies have been clear on most days of the week. Weather was much warmer than usual, but on the 31st a cold wave advancing across north-west India caused a rapid fall in temperature in the western districts of the division.

North-west India.—Two depressions affected the weather in this division and occasioned precipitation in Kashmir, the Frontier Province and the hills and submontane districts of the Punjab, but weather was dry on the 27th and 28th—between the filling up of the first depression and the appearance of the second. Skies were clear, except in the area of rainfall. The abnormal temperature conditions prevailing in northern India were very marked in this division, and up to the 30th, when the cold wave appeared in Baluchistan and Sind, both the maximum and minimum were in very large excess. By the 31st, however, the cold wave had changed the excess into a defect over the whole of north-west India, and at Deesa the minimum recorded the preceding night was 16° below normal.

The Peninsula.—With the exception of light cloud in the south skies were clear throughout the week. Nights were cooler than usual in Madras.

The rainfall of the period, from the 30th November to the 31st January, was normal or in excess in the interior of Burma, in the Brahmaputra Valley, the sub-division of Narayanganj and nearly the whole of the Peninsula, and normal in the North-west Dry Area and the sub-divisions of Simla and Ludhiana. In other parts of the Indian region it was in defect.

The following summarises the chief rainfall amounts of the week, as reported at 8h., each day:

January 25th, Cherra Poonjee 1·10″, Murree 1·97″, Sonemarg 2·34″ and Peshawar 0·82.″

„ 26th, Dehra Dun 0·71″, Simla 0·84″, Sonemarg 4·24″ and Minimarg 1·17″.

„ 27th, Bhamo 0·40″, Silchar 0·79″ and Gauhati 0·65″.

„ 28th, Bhamo 0·58″, Silchar 3·90″ and Tezpur 1·16″.

„ 30th, Murree 1·10″, Cherat 1·10″ and Rawal Pindi 1·94″.

„ 31st, Sibsagar 1·14″.

GOVERNMENT OF INDIA,

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 26th January 1907.

Burma.—One-and-a-half inches of rain fell in Mergui and moderate train in Bhamo and Myitkyina. Reaping of wet weather paddy is almost completed and threshing and winnowing are progressing generally. Sowing and transplanting of dry weather paddy are in progress. In Upper Burma districts the standing crops are in good condition except in the Arakan Hill tracts where caterpillars have attacked tobacco plants, in the Pakokku township where insects are attacking peas; and in the Northern Shan States where wheat plants have died for want of rain. The price of paddy has risen considerably in Akyab, Bassein, and Myaungmya and slightly in Prome, Toungoo and Thaton; it has fallen slightly in Pakokku and Mandalay, and considerably in Katha.

Eastern Bengal and Assam.—Moderate rain has fallen in the Surma Valley Districts, Darrang, and Nowgong, and slight rain in the hill districts of Upper Assam and in parts of the Chittagong Division and Mymensingh; elsewhere there was no rain. It is badly wanted in Faridpur, the Chittagong Hill tracts and Malda. Recent rain has benefited tea, mustard and other standing crops in the Surma Valley. Pruning and hoeing of tea are in progress. Harvesting of winter rice and gathering of pulses are nearly finished. Preparation of land for early rice and jute is in progress. Plucking of cotton; pressing of sugarcane; gathering of mustard; and transplantation of summer rice are in progress. The prospects of cotton are unfavourable in the Garo Hills and the Khasi and Jaintia Hills and are fair in Nowgong. The prospects of winter rice and other standing crops are moderate. Prices: common rice:—Manipur 15; Kohima 10; Rangamati 9½; Silchar 9 to 9½; Chittagong and Nowgong 9; Barisal 8¼; Dacca, Comilla, Jalpaiguri, Gauhati, Tezpur, and Dibrugarh 8; Mymensingh 7¾; Bogra 7⅝; Dinajpur and Malda 7½; Faridpur 6½ to 7½; Pabna 7¼; Noakhali, Sylhet, and Dhubri 7; Tura 6 to 7; Rangpur 6½; and Shillong and Aijal 6 seers per rupee. Prices have risen in six; fallen in five; and have remained stationary in the remaining districts. Three hundred and seventeen persons received gratuitous relief in Sylhet.

Bengal.—Nominal showers are reported from Darjeeling and Muzaffarpur only. Pressing of sugarcane continues. Prospects of spring crops are on the whole fairly satisfactory, but rain is still needed for them in Nadia, Jessore, Gya, Champaran, Darbhanga, Monghyr, and Bhagalpur. The number of persons receiving gratuitous relief is—Muzaffarpur 553 and Darbhanga 17,578. Two test works have been opened in the Bettiah Subdivision in Champaran where the average attendance during the first 6 days up to and including the 22nd instant the latest day for which figures are available is 133; and the number of persons on test works in the Madhubani Sub-division of Darbhanga on the last day available is 2,270. The number on famine relief works in Darbhanga is 63,747. Fodder and water are generally sufficient. The price of common rice has risen in four and fallen in eight districts.

United Provinces.—Light rain fell during the week in five districts. Preparation of fields for sugarcane and sowing of extra crops continue. Harvesting of peas has commenced in parts. Irrigation and weeding are in progress. Agricultural stock is generally in good condition. Fodder is still scarce in Rai Bareli and dear in Hardoi and Sitapur. Markets are well supplied. Prices are falling in twelve districts.

The weekly report on the scarcity is as follows:—The week was rainless in Gorakhpur. Crops are in good condition generally. Supplies and fodder are sufficient. Agricultural stock is satisfactory and prices continue stationary. The numbers on relief are on works 358, on gratuitous relief 2,220, in poor-houses 363, total 2,941.

Punjab.—Light to moderate rain has fallen in parts of Ambala, Jullundur, Amritsar, Sialkot, Shahpur, Rawalpindi, and Mianwali districts. There are slight fluctuations in the prices of food grains. Wheat is rising in Jullundur, and falling in Rohtak, Amritsar, Rawalpindi, and Lyallpur. Sugarcane pressings continue in Rohtak, Jullundur and Amritsar. Ploughings and sowings of extra spring crops are in progress in Gurgaon, Lahore and Sialkot. The condition and prospects of the standing crops are generally good. Rain is badly wanted for unirrigated crops in Hissar and Rohtak. Hail fell in parts of Sialkot and Shahpur and slightly damaged the crops in the former district. Locusts have also damaged the crops to some extent in parts of Shahpur, Lyallpur and Multan; in parts of Multan turnips have been damaged by a disease called "Hadda." Cattle are in good condition. Fodder is sufficient. There are no complaints regarding the water supply.

North-West Frontier Province.—Rain varying from 11 cents in Bannu to 2 inches in Hazara fell all over the Province except in Dera Ismail Khan where it is needed for the standing crops. The standing crops are generally excellent and unusually forward for this season. Locusts appeared in Dera Ismail Khan and in the Marwat tahsil of Bannu district, in the former slight damage was done to crops. Pressing of sugarcane still continues and the outturn is good. The water supply and fodder are sufficient. Cattle are in good condition except in Dera Ismail Khan. Prices are slightly falling. Prices :—wheat $15\frac{3}{8}$ to $19\frac{5}{8}$; gram $17\frac{1}{16}$ to 23 ; maize 20 to 30; and bajra 20 to $23\frac{1}{2}$ seers per rupee.

Jammu.—Good rain at several tehsils. Prices are stationary. Prices :—wheat 11 to 26 and maize 12 to 36 seers per rupee. The condition of the standing crops is good. Fodder is sufficient except in the Kishtwar tehsil where it is scarce.

Kashmir.—There was rain on two days during the week. The weather is generally bright. Prices are almost stationary. Spring crops have suffered slightly for want of rain.

Rajputana.—Agricultural operations and prospects are generally satisfactory. Pasturage and fodder are sufficient. Prices are nearly steady throughout, though still high in places.

Central India.—No rain. Autumn harvesting and cotton picking continue. Irrigation of spring crops is in progress. The standing crops and the probable outturn are good. Agricultural stock and pasturage are good except in parts of Indore, Bhopal, Baghelkhand and Bhopawar Agencies. Prices are high in Baghelkhand and Malwa and stationary elsewhere. Irrigation and weeding of opium are in progress.

Central Provinces.—The weather continues clear. Threshing and winnowing of autumn crops and picking of cotton are approaching completion and harvesting of spring crops has commenced in parts of Hoshangabad, Wardha, Nagpur, and Chanda. Pressing of sugarcane continues in Betul. Prospects are generally very favourable and fodder and water are sufficient. Wheat has become slightly cheaper in Jubbulpore and Mandla and rice dearer in Jubbulpore and Chanda; wheat, gram and rice have become dearer by 2 seers per rupee in Chhindwara ; juar by 3 seers in Nimar ; and rice by $1\frac{1}{2}$ seers in Chanda; elsewhere prices are steady or fluctuate slightly but still exceed the scarcity level in Wardha, Chanda and Bilaspur.

Native States.—Sugarcane pressing and threshing of rice and *kodon* (millet) are still in progress and reaping of linseed has started in Chhuikhadan. The standine crops are in excellent condition in Sarangirh and good elsewhere. Prospects are good ang fodder and water suffice everywhere. Prices:— wheat 12 to 18; rice 12 to 16, and *kodon* (millet) 16 to 21 seers per rupee.

Bombay.—Slight damage to the standing crops by insects has occurred in parts of Karachi; by locusts in parts of Karachi and Hyderabad; and by blight in parts of Dharwar ; crops are also withering in parts of the Deccan and Bijapur and are generally in good condition elsewhere. Threshing of autumn crops is in progress; cotton picking continues in Hyderabad, Thar and Parkar, Gujarat, Poona, the Karnatak, Kathiawar, Cutch and Rewa Kantha. The supply of drinking water is generally sufficient and water for irrigation purposes is adequate except in parts of Nasik, Poona, and Sholapur. Agricultural stock is sufficient except in Ahmednagar, Sholapur, Bijapur, and Cutch. The fodder supply is sufficient. The quantity of food grains purchaseable per rupee is in the Deccan 10 per cent. above normal to 31 per cent. less than normal and elsewhere normal to 25 per cent. below.

Hyderabad.—No rain. Spring crops are generally in fair to good condition. The harvest has commenced in seven talukas. Late rice sowings continue in parts. The standing crops are fair. Prices :—wheat $7\frac{1}{2}$; coarse rice $7\frac{1}{2}$; and jowar $15\frac{5}{8}$ seers per rupee.

Mysore.—Prices of food grains have slightly fallen in Kolar, Tumkur, and Hassan and are steady elsewhere. The standing crops are in good condition and are being harvested. The prospects of the season are good. Water and fodder are available.

Coorg.—Picking of coffee continues. Reaping of rice is completed and threshing has commenced. Prices of food grains are stationary. Water and fodder are sufficient.

Madras.—No rain. Irrigation supplies are sufficient except in parts of Bellary, Anantapur, South Arcot, North Arcot, Salem, and Madura. Ploughing, sowing, weeding, and transplanting are in progress in parts. The standing crops are generally fair but some

in parts of Madura are withering. Harvests continue with outturn poor to normal and bumper. Pasture is sufficient except in parts of Godavari, Kistna, Bellary, and South Canara. Fodder is scanty in parts of Godavari, Kistna, South Arcot, Salem, Tanjore, and Madura. The condition of cattle is generally good. The price of rice is stationary in nine districts; has fallen in twelve; and has very slightly risen in two. The prices of millets have fluctuated as follows:—*ragi* is stationary in nine districts; has fallen in nine; and has slightly risen in three. *Cholam* is stationary in three districts; has fallen in four; and has slightly risen in seven. *Cumbu* is stationary in three districts; has fallen in six; and has slightly risen in six.

East Indian—*concld.*	Vacuum, automatic	24th February 1906.	(*iii*) *Failure of material.*—No. 13 up train lost 40 minutes and worked non-vacuum from Howrah to Asansol, owing to the hose pipe between the engine and tender having broken.	3,236,628
		25th February 1906.	(*iii*) *Failure of material.*—No. 17 up train lost 9 minutes between Ganaur and Samalkha and worked non-vacuum from Samalkha to Umballa, owing to the breakage of the vacuum pipe on the foot plate.	
		13th March 1906.	(*iii*) *Failure of material.*—No. 7 up train lost 25 minutes and worked non-vacuum between Nawadah and Gya, owing to the train pipe of the engine breaking.	
		12th May 1906.	(*iii*) *Neglect of servants.*—No. 7 up passenger train lost 47 minutes and worked non-vacuum from Jhajha to Gya, due to defective adjustment of the brake of a carriage.	
		20th May 1906.	(*iii*) *Neglect of servants*—No. 7 up passenger train lost 29 minutes and worked non-vacuum from Jhajha to Gya, due to defective vacuum.	
		25th May 1906.	(*iii*) *Failure of machinery.*—No. 4 down Bombay mail train lost 17 minutes at Karchana, 13 minutes at Bheerpur and 10 minutes at Mirzapur, owing to the piston of a Great Indian Peninsula railway 3rd class bogie carriage having jammed.	
		5th June 1906.	(*iii*) *Neglect of servants.*—No. 7 up train lost 45 minutes and worked non-vacuum from Jhajha to Gya, due to defective adjustment of the train pipe of a horse box.	
		12th June 1906.	(*iii*) *Neglect of servants.*—No. 7 up train lost 30 minutes at Tilaiya and worked non-vacuum from Jhajha to Wazirganj, due to a perished and broken hose pipe being used with a 3rd class carriage.	
		22nd June 1906.	(*iii*) *Neglect of servants.*—No. 7 up train lost 51 minutes at Kiul and Sheikhpura and worked non-vacuum to Gya, due to defective vacuum on the engine.	
Great Indian Peninsula.	Vacuum, automatic	...	(*i*) *and* (*ii*)—*Nil.*	See page 11.
		1st January 1906.	(*iii*) *Failure of material.*—No. 6 up mail train was detained 25 minutes at Delhi Sadr, the driver being unable to maintain vacuum, owing to the release valve of a 3rd class carriage leaking badly.	
		7th January 1906.	(*iii*) *Failure of material.*—No. 12 up passenger train started 35 minutes late from Agra Road, the driver being unable to create sufficient vacuum, owing to the piston neck ring and release valve diaphragm of a horse box leaking badly.	
		19th January 1906.	(*iii*) *Failure of material.*—No. 6 up mail train was detained 8 minutes at Delhi Sadr, the driver being unable to maintain sufficient vacuum, owing to a leak in the train pipe of a luggage van.

Great Indian Peninsula—*contd.*	Vacuum, automatic	21st January 1906.	(*iii*) *Failure of material.*—No. 15 down passenger train was detained 12 minutes at Sholapur and worked non-vacuum to Shahabad, owing to the steam pipe of the engine having burst at the flange.	See page 11.
		1st February 1906.	(*iii*) *Neglect of servants.*—No 5 down mail train was detained 8 minutes at Nandgaon, the driver being unable to create vacuum, owing to a Clayton coupling washer on the flexible pipe of a postal bogie composite being deficient.	
		1st February 1906.	(*iii*) *Failure of machinery.*—No. 16 up passenger train was detained 30 minutes at Kem and 10 minutes at Diksal and worked non-vacuum to Lonavla, owing to the large ejector of the engine having got out of order.	
		15th February 1906.	(*iii*) *Failure of material.*—No. 5 down mail train lost 5 minutes on the journey, owing to a heavy leak in the front universal coupling flexible pipe of the engine.	
		17th February 1906.	(*iii*) *Failure of material.*—No. 12 up passenger train worked non-vacuum from Bina to Bhopal, owing to the universal hose pipe of an officer's carriage being torn.	
		1st March 1906.	(*iii*) *Neglect of servants.*—No. 25 down passenger train lost 18 minutes between Bombay and Kalyan, owing to an improper adjustment of the brake blocks of a bogie brake-van and a composite carriage, which caused the blocks to bind on the wheels.	
		3rd March 1906.	(*iii*) *Failure of material.*—No. 12 up passenger train started 12 minutes late from Jhansi, owing to a leakage in the piston neck rings of a 3rd class carriage and the defective fitting of the Clayton coupling washer.	
		13th March 1906.	(*iii*) *Failure of material*—No. 84 up local passenger train was detained 10 minutes at Ghat Kopar, due to a leakage caused by the partial separation of the universal hose couplings of two carriages after an application of the brake.	
		15th March 1906.	(*iii*) *Failure of machinery.*—No. 85 down local passenger train started 25 minutes late from Bombay and worked non-vacuum to destination, the driver being unable to create vacuum owing to the steam disc valve being off the face.	
		16th March 1906.	(*iii*) *Failure of machinery.*—No. 58 up local passenger train lost 12 minutes on the journey and worked non-vacuum throughout, owing to pieces of brass lodging in the combination ejector and preventing the steam disc valve resting on the face.	
		17th March 1906.	(*iii*) *Neglect of servants.*—No. 12 up passenger train started 15 minutes late from Jhansi, owing to leakage caused by the flexible hose pipe in the rear not being properly fixed on the dummy plug.

		1st February 1906.	(*iii*) *Neglect of servants.*—No 5 down mail train was detained 8 minutes at Nandgaon, the driver being unable to create vacuum, owing to a Clayton coupling washer on the flexible pipe of a postal bogie composite being deficient.	
		1st February 1906.	(*iii*) *Failure of machinery.*—No. 16 up passenger train was detained 30 minutes at Kem and 10 minutes at Diksal and worked non-vacuum to Lonavla, owing to the large ejector of the engine having got out of order.	
		15th February 1906.	(*iii*) *Failure of material.*—No. 5 down mail train lost 5 minutes on the journey, owing to a heavy leak in the front universal coupling flexible pipe of the engine.	
		17th February 1906.	(*iii*) *Failure of material.*—No. 12 up passenger train worked non-vacuum from Bina to Bhopal, owing to the universal hose pipe of an officer's carriage being torn.	
		1st March 1906.	(*iii*) *Neglect of servants.*—No. 25 down passenger train lost 18 minutes between Bombay and Kalyan, owing to an improper adjustment of the brake blocks of a bogie brake-van and a composite carriage, which caused the blocks to bind on the wheels.	
		3rd March 1906.	(*iii*) *Failure of material.*—No. 12 up passenger train started 12 minutes late from Jhansi, owing to a leakage in the piston neck rings of a 3rd class carriage and the defective fitting of the Clayton coupling washer.	
		13th March 1906.	(*iii*) *Failure of material*—No. 84 up local passenger train was detained 10 minutes at Ghat Kopar, due to a leakage caused by the partial separation of the universal hose couplings of two carriages after an application of the brake.	
		15th March 1906.	(*iii*) *Failure of machinery.*—No. 85 down local passenger train started 25 minutes late from Bombay and worked non-vacuum to destination, the driver being unable to create vacuum owing to the steam disc valve being off the face.	
		16th March 1906.	(*iii*) *Failure of machinery.*—No. 58 up local passenger train lost 12 minutes on the journey and worked non-vacuum throughout, owing to pieces of brass lodging in the combination ejector and preventing the steam disc valve resting on the face.	
		17th March 1906.	(*iii*) *Neglect of servants.*—No. 12 up passenger train started 15 minutes late from Jhansi, owing to leakage caused by the flexible hose pipe in the rear not being properly fixed on the dummy plug.

Great Indian Peninsula—*contd.*	Vacuum, automatic.	21st March 1906.	(*iii*) *Neglect of servants.*—No. 14 up passenger train was detained 13 minutes at Gwalior, owing to the universal hose couplings between two carriages having been pulled apart in consequence of a slack screw coupling.	See page 11.
		31st March 1906.	(*iii*) *Failure of material.*—No. 5 down mail train was detained 7 minutes at Bhilsa and worked forward non-automatic, owing to a leak in one of the flexible pipes of the dining car.	
		8th April 1906.	(*iii*) *Neglect of servants.*—No. 11 down train lost 41 minutes on the journey, owing to the driver having improperly manipulated his fire and dropped in steam thereby failing to maintain a constant vacuum.	
		12th April 1906.	(*iii*) *Inexperience of servants.*—No. 14 up passenger train worked non-vacuum, owing to the inexperience of the driver.	
		12th April 1906.	(*iii*) *Neglect of servants.*—No. 14 up passenger train lost 30 minutes at Bijrotha, and worked forward non-automatic, owing to the driver tampering with the adjustment of the small ejector cone and not bringing the steam holes well under those of the larger cone.	
		14th April 1906.	(*iii*) *Neglect of servants.*—No. 5 down mail train lost 15 minutes at Nasik, owing to the defective adjustment of the adjusting nut of the brake of the engine.	
		14th April 1906.	(*iii*) *Neglect of servants.*—No. 11 down passenger train lost 22 minutes at Jhansi, owing to a leakage which the driver was unable to locate, and 20 minutes on the journey through mismanagement of the brake by the driver.	
		17th April 1906.	(*iii*) *Failure of material.*—First portion of No. 6 up mail train worked non-vacuum to Bhopal, owing to the passenger communication valve of a North Western railway 1st class carriage being out of order.	
		18th April 1906.	(*iii*) *Neglect of servants.*—No. 602 up mail train worked non-automatic from Pokhryan owing to the engine not steaming freely through mismanagement on the part of the driver.	
		20th April 1906.	(*iii*) *Neglect of servants.*—No. 81 down local passenger train started 5 minutes late from Bombay, due to the flexible hose pipe of the rear brake-van being off the seating of the dummy plug.	
		23rd April 1906.	(*iii*) *Failure of material.*—No. 11 down passenger train lost 43 minutes and worked non-automatic owing to the engine not steaming sufficiently in consequence of the blast pipe and blower joints giving.

		29th April 1906.	(*iii*) *Failure of machinery.*—No. 81 down local passenger train lost 20 minutes at Sion, due to the blocks of an Indian Midland railway 3rd class carriage having jammed on the tyres through the brake shaft seizing in the bracket.	
		3rd May 1906.	(*iii*) *Failure of material.*—No. 12 up passenger train lost 5 minutes at Dabra, due to a leak in the neck rings of a saloon carriage.	
		12th May 1906.	(*iii*) *Neglect of servants.*—No 121 down local passenger train from Bombay to Kurla started 5 minutes late creating vacuum.	
		12th May 1906.	(*iii*) *Failure of machinery.*—No. 6 up mail train lost 10 minutes at Bhilsa, due to leakage caused by the rear brake-van valve sticking up after the vacuum had been destroyed.	
		21st May 1906.	(*iii*) *Failure of machinery.*—No. 49 down local passenger train from Bombay to Kalyan started 20 minutes late, owing to the packing nut on the spindle of the large ejector having slackened back and prevented the radial lever bearing correctly on the face.	
		22nd May 1906.	(*iii*) *Neglect of servants.*—No. 18 up train was detained 15 minutes at Karjat, due to a leak caused by the rear flexible hose pipe not being properly set on the dummy plug.	
		27th May 1906.	(*iii*) *Neglect of servants.*—No. 52 up local train was detained 11 minutes at Parsik, owing to the brake blocks of a carriage binding through bad adjustment.	
		27th May 1906.	(*iii*) *Failure of material.*—No. 351 down passenger train worked non-vacuum from Pulgaon to Nagpur, due to heavy leakages caused by the lugs of the cylinders of the engine breaking off.	
		29th May 1906.	(*iii*) *Failure of material.*—No. 18 up train lost 13 minutes and worked non-vacuum from mile 365 to Gulbarga, owing to the pipe of the passenger communication valve of an East Indian railway bogie carriage having broken.	
		6th June 1906.	(*iii*) *Neglect of servants.*—No. 17 down train from Bombay to Karjat started 42 minutes late, due to a leak caused by the passenger communication cock of a Bombay, Baroda and Central India railway saloon carriage being left open. It subsequently lost 10 minutes on the journey to Kurla, owing to a leak in the pipes of the saloon and consequent difficulty in creating vacuum after each stoppage.

GOVERNMENT OF INDIA.

DEPARTMENT OF COMMERCE AND INDUSTRY.

EMIGRATION.

RESOLUTION.

Dated Calcutta, the 31st January 1907.

THE Government of India have received from His Majesty's Secretary of State for India a copy of a Bill passed by the Parliament of Cape Colony to repeal the Immigration Act of 1902, extracts from which were published in the *Gazette of India* with Resolution No. 4-2—4, dated the 20th February 1903. The more important provisions of this law which is entitled "The Immigration Act, 1906" are noted below for general information.

2. The most important change effected is that, whereas under the Act of 1902, Asiatics domiciled in South Africa were not included in the category of "prohibited immigrants," the present Bill exempts those persons only who are born in that country. Asiatics lawfully resident in the Colony, are permitted, however, to be absent temporarily under permits issued under Regulations approved by the Governor.

3. The Governor General in Council requests all Local Governments to take such measures as seem to them best calculated to make the provisions of the Bill generally known to natives of India, more especially in places from which emigration to Cape Colony is believed to be most common. Intending emigrants should be warned at the ports of embarkation of the difficulties they may encounter in proceeding to this Colony.

"2. In the construction of this Act the following expressions shall, unless the contrary intention appears, bear the meanings hereby respectively assigned to them, that is to say :—

'Ship' shall include any ship, vessel or boat or description thereof used in navigation.

'Master' shall include any person other than a pilot in charge or command of any ship.

'Immigrant' shall mean and include any person who arriving from without this Colony enters or claims to enter by land or sea.

"3. Subject to the provisions of this Act, it shall be unlawful for any immigrant who is or appears to be of any one of the following classes to enter this Colony by land or sea; and every such immigrant shall be termed a 'prohibited immigrant':—

(a) Any person who, when asked to do so by any duly authorized officer shall be unable through deficient education to himself write out

and sign in the characters of any European language an application to the satisfaction of the Minister; provided that for the purposes of this sub-section Yiddish shall be accepted as a European language.

(b) Any person who is not in possession of visible means of support or is likely to become a public charge.

* * * * * *

"4. The provisions of the preceding section shall not apply to any immigrant who is of any of the following classes:—

* * * * * *

(e) The wife and any child under the age of 16 years of any person who is permitted to immigrate into the Colony under the provisions of this Act.

(f) (a) Persons born in South Africa.

(b) Persons of European birth domiciled in South Africa * *

* * * * * *

(g) Any Asiatic who having, when lawfully resident within the Colony, obtained from the Minister a permit issued under such Regulations as shall be proclaimed thereof by the Governor, authorising him to temporarily absent himself from the Colony returns in accordance with the terms and conditions of such permit.

* * * * * *

"5. Any person found to have immigrated at any time into this Colony by land or sea in violation of the provisions of this Act or of 'The Immigration Act, 1902,' shall be liable to a penalty of £50 or in the alternative to three months' imprisonment with or without hard labour, and to be removed at any time from within the limits of the Colony and to be detained in such custody as may by regulation be prescribed pending such removal.

"6. Any master of any ship who knowingly, directly or indirectly allows any immigrant to leave his ship, whereby such immigrant contravenes any provisions of the Act, and the owners of any such ship which any such immigrant so leaves shall be jointly and severally liable to a penalty of £100, and to a further penalty of £20 for each such immigrant landed in excess of the number of five. Such ship may be refused a clearance till such penalty has been paid, and may in default of payment by or on behalf of the master or owners and by order of the Supreme Court be attached and declared executable in satisfaction of any writ issued for the recovery of any such penalty, provided that in lieu of granting such order, it shall be lawful for the Court to accept such security for the payment of such penalty as may appear to be adequate.

"7. Any person aiding or assisting any person in any manner whatsoever in the contravention of any provision of this Act, or of the regulations fram thereunder or making any false declaration in order to obtain for himself another person any certificate or other recommendation for the purposes of Act, or entering into any contract for the purposes of any evasion of the pr sions of this Act, shall be liable to a fine not exceeding £100, or to impr ment with or without hard labour for a period not exceeding six months.

"8. It shall be lawful for the Governor from time to time by Proclam to make regulations in order to prevent any immigration into this Colony trary to and in violation of the provisions of this Act, and to appoint within and beyond the limits of the Colony to carry out such regulatio to provide for the removal from within the territorial limits of the Co he any persons who are, under and by virtue of the provisions of this Ac heir bited from immigrating thereinto, and settling therein, and to provid mo- temporary custody, control and accommodation of such persons pen ents of removal as aforesaid, and to provide for the importation, reception, * dation, maintenance, registration, distribution and contractual enga tificates persons immigrating under any scheme approved by the Governor therefor, * * * *; and to provide for the issue of D and other documents under such regulations and the payment of f

and to provide for the passage of prohibited immigrants through the Colony or for their temporary residence therein and to provide for and prescribe the deposits of security for their journey through the Colony or leaving it within the period allowed to them, and generally in furtherance of the objects and intents of this Act.

"9. It shall be lawful for the Governor to prescribe penalties for the contravention of any regulation made by him under this Act, provided that no penalty in respect of any one contravention shall exceed a fine of £100, or in default of payment thereof, imprisonment with or without hard labour for a period exceeding 12 months, or to imprisonment with or without hard labour and without the option of a fine for a period exceeding 12 months.

"10. This Act may be cited as 'The Immigration Act, 1906'."

ORDERED that a copy of the above Resolution be forwarded, for information and guidance, to the Local Governments and Administrations noted in the margin and to the Home and Foreign Departments for information.

(*a*) when the Authority making the rules is the Resident in Mysore, in one issue of Part II of the *Gazette of India*; and

(*b*) when the Authority making the rules is the Governor General in Council, in one issue of Part I of the *Gazette of India*.

No. 534-*I.B.*—Whereas the Governor-General in Council has and exercises full jurisdiction within those portions of the land forming the Bangalore Branch of the Madras Railway (including the land occupied by stations and out-buildings and for other purposes connected with the Railway) which lie within the territories of His Highness the Maharaja of Mysore;

2. And whereas the Chiefs of Morvi, Wankaner, Wadhwan, Lakhtar, Sayla, Muli, Dhrol and Rajkot, and the Talukdars of Gavridad and Kotharia, in Kathiawar, have ceded to the British Government the civil and criminal jurisdiction exercised by them within the lands which lie within their respective territories and are occupied by the Morvi Railway (including the lands occupied by stations and out-buildings and for all other purposes connected with the Railway and the lands occupied by culverts or bridges over which the Railway passes); and whereas the Governor-General in Council now has full jurisdiction within those lands;

3. And whereas the Rulers or Administrators of the other States mentioned in the second column of the schedule hereto annexed have ceded to the British Government full jurisdiction, or all the jurisdiction they had or the jurisdiction necessary for the administration of Railways and of civil and criminal justice in connection therewith, within the lands which lie within their respective territories, or which lie within the parts of their respective territories mentioned or referred to in the third column of the said schedule, and are occupied, or may be hereafter occupied by the Railways mentioned opposite their names, respectively, in the first column of the said schedule (including the lands occupied by stations and out-buildings and for other purposes connected with the Railway; and whereas the Governor-General in Council now has full jurisdiction within those lands;

4. In exercise of the jurisdiction referred to, and of the powers conferred by the Indian (Foreign Jurisdiction) Order in Council, 1902, the Governor-General in Council is pleased to issue the following orders which shall take effect from the 1st July 1907:—

I.—The provisions, so far as they may be suitable, and as amended for the time being and from time to time by subsequent enactments of the Indian Railways Act, 1890 (IX of 1890), and the Indian Railways Board Act, 1905 (IV of 1905), shall apply to all the aforesaid lands.

II.—In exercise of the power conferred by section 16, read with section 148, sub-section (1), of the said Act so applied, the Governor-General in Council is pleased to sanction the use of locomotive engines or other motive power and rolling-stock to be drawn or propelled thereby, on all Railways occupying any of the aforesaid lands.

III.—The general rules for working open lines of railway administered by the Government which were published under the Notification of the Railway Board, No. 183, dated 8th September 1906, in the Supplement to the

Gazette of India for 1906, page 1923, shall, as modified for the time being and from time to time for British India, apply to all lines of railway administered by the Government occupying any of the aforesaid lands, and for the time being used for the public carriage of passengers, animals or goods.

IV.—The general rules published under the Notification of the Railway Board, No. 183, dated the 8th September 1906, shall also apply to—

(*a*) lines of railway not administered by the Government, occupying any of the aforesaid lands and for the time being used for the public carriage of passengers, animals or goods from such dates and with such modifications as may from time to time be prescribed in respect of their application to the portions of such lines respectively which lie in British India, or to the respective railway systems in British India which administer such lines;

(*b*) the railways comprised in the undertaking of the Nizam's Guaranteed State Railways Company and the Morvi Railway, from such dates and with such modifications as may from time to time be prescribed in respect of their application to the Bezwada Extension Railway, and to the Bhavnagar-Gondal-Junagad-Porbandar Railway respectively.

V.—The general rules for working railways under construction and not used for the public carriage of passengers, animals or goods which were published under the Notification of the Government of India in the Public Works Department, No. 480½, dated the 30th October 1890, in the *Gazette of India* for 1890, Part I, page 795, shall apply to such portions of the railways occupying any of the aforesaid lands as may for the time being be under construction or sanctioned for construction.

VI.—Subject to the modifications prescribed in the Notifications of the Government of India in the Public Works Department, Nos. 301 and 395, dated respectively the 27th August 1902 and 27th October 1903, published in the *Gazette of India*, 1902, Part I, pages 650 and 651, and in the *Gazette of India*, 1903, Part I, page 951, respectively, and any further modifications from time to time prescribed for British India, the rules framed under sections 84 and 85 of the said Indian Railways Act, 1890, which are appended to the Circular of the Government of India in the Public Works Department, No. III Railway, dated the 14th February 1902, published in the *Gazette of India*, 1902, Part I, pages 193 to 195, and the directions contained in that Circular shall apply to the railways occupying the aforesaid lands.

VII.—In exercise of the authority given by section 135 of the said Indian Railways Act, 1890, applied as aforesaid, the Governor-General in Council is pleased to declare that the provisions of the Notifications of the Government of India in the Public Works Department, No. 270, dated the 12th June 1890, published in the *Gazette of India* for 1890, Part I, page 438, and No. 136, dated the 5th April 1893, published in the *Gazette of India* for 1893, Part I, page 190, declaring Railway administrations in British India to be liable to pay certain taxes in aid of the funds of local authorities, shall apply, and shall be deemed to have applied (save as regards any tax actually paid or accrued due before the date of this notification), with effect from the dates which they bear, respectively, to the administrations of the railways occupying the aforesaid lands.

VIII.—In exercise of the power conferred by section 144 of the said Indian Railways Act, 1890, applied as aforesaid, the Governor-General in Council is pleased to delegate to Local Governments, to the extent and subject to the conditions hereinafter specified, the following powers and functions which are now vested in him under the said Act so applied, the powers and functions hereby delegated being liable to be revoked or varied, and the exercise and discharge thereof to be controlled, as the Governor-General in Council may from time to time think fit:—

(1) *Sections 7, 9 and 11.*—All the powers and functions of the Governor-General in Council, subject to the proviso that the exercise and discharge of such powers and functions shall not entail any expenditure in excess of the general powers of sanction of the Local Government concerned.

(2) *Section 48.*—All the powers and functions of the Governor-General in Council but only in cases where the railways concerned are under the control of one and the same Local Government.

(3) *Section 51, clauses (a), (b), (c), (d), and (e), and section 55.*—All the powers and functions of the Governor-General in Council.

(4) *Section 63.*—The power of determining the vernacular languages in which the maximum number of passengers to be carried in each compartment shall be exhibited.

(5) *Section 83.*—The power of notifying the Magistrates and Police Officers to whom notices of railway accidents are to be given.

IX.—The Governments and authorities mentioned in the fourth column of the schedule hereto annexed shall be deemed, for the purposes of the said Indian Railways Act, 1890, applied as aforesaid, and of clause VIII of this Notification, to be the Local Governments in respect to such parts of the railways mentioned opposite their names, respectively, in the first column of the said schedule, as are situate within the territories of the States mentioned opposite their names, respectively, in the second column of the said schedule.

X.—The following Notifications of the Government of India in the Foreign Department are hereby cancelled:—

NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable *at Calcutta* to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. A consolidated index for the year 1905, entitled "Inventions and Designs in 1905," is also on sale, price one rupee. It contains a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in that year, together with lists of designs applications.

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications and drawings.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or, if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. Royal 8vo volumes, paper cover, 13 annas or 1s. 1d. Postage extra. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Branch, Department of Commerce and Industry, 2, Bankshall Street, Calcutta.

THE HONOURABLE THE RESIDENT IN MYSORE.

NOTIFICATION.

Bangalore, the 29th January 1907.

No. 3.—In exercise of the powers conferred by section 4 (1) of the Indian Electricity Act, 1903 (III of 1903), as applied to the Civil and Military Station of Bangalore, the Hon'ble the Resident in Mysore is pleased to sanction the grant of the following license under the aforesaid Act to the Chief Electrical Engineer to the Government of His Highness the Maharaja of Mysore in respect of the said Civil and Military Station :—

LICENSE.

License for the purpose of general supply of electrical energy granted by the Hon'ble the Resident in Mysore, under the Indian Electricity Act, 1903 (Act III of 1903), as applied to the Civil and Military Station of Bangalore, to the Chief Electrical Engineer to the Government of His Highness the Maharaja of Mysore in respect of the Civil and Military Station of Bangalore.

PRELIMINARY.

1. This license may be cited as "The Bangalore Civil and Military Station Electric License, 1906."

2. This license is to be read and construed, subject in all respects to the provisions of the Indian Electricity Act, 1903, as applied to the Civil and Military Station of Bangalore by Notification of the Government of India, Foreign Department, No. 2849—I A., dated the 21st July 1905, and the several words, terms and expressions to which by that Act meanings are assigned, shall have in this license the same respective meanings, provided that in this license.—

The expression "the Act" shall mean the said Indian Electricity Act, III of 1903, as applied to the Civil and Military Station of Bangalore.

The expression "the licensee" shall mean and include the person holding for the time being the office of the Chief Electrical Engineer to the Government of Mysore or other officer designated from time to time in this behalf by the Mysore Government with the approval of the Resident in Mysore.

The expressions "first annexure", "second annexure", and "third annexure" shall mean the first, second and third annexures to this license respectively.

The expression "deposited map" shall mean the plan of the area of supply deposited with the Hon'ble the Resident in Mysore by the licensee in pursuance of the terms of this license.

3. This license shall come into force and have effect upon the day when the Notification confirming this license is published in the *Gazette of India*, which date is in this license referred to as the "commencement of this license."

AREA OF SUPPLY.

4. The area of supply shall be the whole of the area controlled by the Municipal Commission of the Civil and Military Station of Bangalore under the Bangalore Municipal Law of 1897, which said area is more particularly delineated upon the deposited map and thereon coloured pink but excluding therefrom such areas as may from time to time be notified under Section 5 of the said Municipal Law to be in the exclusive possession of the Military authorities for Military purposes.

PURPOSE OF SUPPLY.

5. The licensee is empowered by this license to supply energy within the area of supply to the local authority and to the public for all purposes. The supply of energy to the public is left to the option of the licensee.

COMPULSORY AREA.

6. The licensee shall, within a period of two years after the commencement of this license, lay down suitable and sufficient distributing mains for the purpose of street lighting throughout such streets or parts of streets within a radius of one and half miles from the spot marked thus O on the deposited map at the North-West Corner of the Infantry Barracks square, as are mentioned in the first annexure, the number of lights being in accordance with those shown in the map forming the third annexure. Provided

that the first annexure be liable to alteration with the consent of the parties and the sanction of the Local Government.

GENERAL DESCRIPTION OF WORKS AND SYSTEM OF SUPPLY.

7. Power will be received by the licensee at a pressure of 32,500 volts from the Cauvery Power Scheme supply at the main transformer station in Bangalore City situated outside the area of supply and there transformed to a pressure of 2,300 volts. The Cauvery power is three phase at a frequency of twenty-five periods per second. This three phase low frequency will by means of one or more three phase circuits at a maximum pressure of 2,300 volts, be conducted to one or more sub-stations within the area of supply for a general distribution, these one or more circuits being supplied with automatic safety switches in the main transformer station.

The sub-stations will be equipped with suitable apparatus for efficient control of general system of distribution. The street lighting is on the series incandescent system at maximum pressure of 3,000 volts. The interior lighting system consists of single phase mains at a pressure of 2,200 volts carried to distributing centres transformed at these to a pressure of $\frac{440}{220}$ or $\frac{220}{110}$ for a low tension three wire distribution to building served by the centre.

Power distribution is three phase at 2,200 stepped down where necessary.

The lines may be underground or aërial in whole or part as the licensee may desire.

Any other system or systems may be introduced hereafter with the sanction of the Local Government.

POWER TO BREAK UP RAILWAYS, ETC.

8. In pursuance of the provisions of Section 12, sub-section 4 of the Act, it has been arranged that in lieu of powers being granted to the licensee to break up the Madras Railway Line, the Railway Company shall, on such conditions as may be approved by their Telegraph Engineer and confirmed by the Senior Government Inspector for Railways, Madras, enable the licensee to cross the Madras Railway. There are no streets not repairable by the Local Government or by a local authority, no tramways and bridges which the applicant seeks power to open, break up or interfere with.

9. There are no canals and navigable rivers which the applicant seeks power to cross.

MAXIMUM CHARGES.

10. The prices charged by the licensee for energy supplied by him shall not exceed those stated in that behalf in the second annexure or, in the case of a method of charge approved by the Hon'ble the Resident in Mysore, such maximum as the Hon'ble the Resident shall fix on approving the method.

PROPOSED MODIFICATIONS OF THE SCHEDULE TO THE ACT.

11. As the amount of energy available for use in the Civil and Military Station is limited, clauses VIII and IX of the Schedule to the Act, so far as they make it obligatory on the part of the licensee to supply energy for street lighting outside the "Compulsory Area", defined in clause 6 above, and to the owners or occupiers of premises anywhere within the "Area of Supply", described in clause 4, shall not apply to this license for the present.

REFERENCE TO ARBITRATION.

12. In the event of any dispute or difference arising as to the construction, meaning or affect of any agreement which may be concluded by the licensee with the Municipal Commission of the Civil and Military Station of Bangalore for the purpose of this license, or as to the rights, liabilities or privileges of the said parties, the matter in dispute or difference shall be submitted to a Committee consisting of three experts appointed as hereunder, namely, one by the licensee, one by the said Municipal Commission and one by mutual agreement of both the licensee and the Municipal Commission. The Committee so appointed shall report fully on the matter in dispute or difference, and its decision, if unanimous, shall be binding upon both parties in respect of any question of fact relating to the system of electric street lighting and in respect of any scientific question that may arise in connection therewith. In the event of the decision of the Committee not being unanimous or of the Committee not being in a position to arrive at a decision within the time specified in the memorandum of submission or such further time as may be allowed by mutual agreement of the parties thereto, then either party may require that the matter in dispute or difference shall be referred, and the matter shall accordingly be referred finally, to the Chief Judge of Mysore, whose decision shall be final and binding upon both the parties to the submission in all respects.

FIRST ANNEXURE.

(See clause 6 of the license.)

LAND ACQUISITION BRANCH.

The 17th January 1907.

No. 534-C.—The following is published for general information, with reference to Section 42 of the Land Acquisition Act, I of 1894:—

AGREEMENT.

Agreement made this sixth day of November one thousand and nine hundred and six between the Burma Oil Company, Limited, a Joint Stock Company with limited liability incorporated under the English Companies Acts and having its registered office at Glasgow in Scotland (hereinafter called the Company) of the one part and the Secretary of State for India in Council (hereinafter called the Secretary of State) of the other part. Whereas the Company has applied to the Local Government for the acquisition of the land described in the schedule annexed hereto and delineated in the accompanying map for the storage of bulk oil in village Potenga, *alias* Guptakhalle, in the district of Chittagong. And whereas the Local Government being satisfied by an enquiry held under its order that the said acquisition is needed for the storage of bulk oil and that such storage of bulk oil is likely to prove useful to the public, has consented to the said acquisition pursuant to the provisions of the Land Acquisition Act, 1894, on condition of the Company entering into such agreement as is hereinafter contained. Now it is hereby agreed as follows:—

1. The Company shall and will on demand repay to Government all and every the compensation, damages, costs, charges and expenses to be paid or incurred in respect or on account of the acquisition as aforesaid of the said land described in the schedule annexed hereto.

2. Forthwith upon satisfaction by the Company of all demands under the preceding clause, the land forming the subject of the acquisition shall be transferred to and vested by the Secretary of State in the Company.

3. The said land shall be held by the said Company for the purpose of storing bulk oil. If and when the Company shall be notified by the Secretary of State at the instance of the Commissioners of the Port of Chittagong of the desire of the said Commissioners to purchase the said land for the like purpose, the Company shall thereupon sell and transfer the same to the Secretary of State at a price equivalent to the amount to be paid by the Company to Government under clause (1) hereof upon the acquisition of the said land, provided that upon completion of such sale and transfer, the Secretary of State shall grant to the Company a lease of such part or parts of the said land not required for the purposes of storing bulk oil as the Company shall desire to utilise for the storing of oil or other purposes of the Company's business such lease to be for a term of ninety-nine years at an annual rental equivalent to four and-a-half per cent. of the amount of purchase money to be paid by the said Secretary of State as aforesaid.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall Summary for the seven days ending at 8 h., on Thursday, the 7th February 1907, based on the Indian Daily Weather Reports of the period.

Rainfall occurred during the first two days of the week in north-east India, Orissa and the extreme north of Burma, but weather was dry in other parts of the Indian region, except for a few falls of snow in Kashmir. On the 2nd an area of low pressure appeared in north Bombay, and on the 3rd extended eastward over the central parts of the country, giving a few thunderstorms in the Central Provinces. On the next morning a depression, which had been affecting Persia on the 1st, entered north-west India, and together with the existing area of low pressure in north Bombay and the central parts of the country established low pressure conditions over a large region extending from Sind to the east of the Central Provinces. This distribution gave scattered falls of rain on that day in lower Sind, Rajputana, the Central Provinces, the east of the United Provinces and Bihar, and light precipitation in Baluchistan and the upper India hills. The depression from Persia advanced eastward during the next twenty-four hours, and on the morning of the 5th pressure was in largest defect in Rajputana, the east of Central India and the adjacent districts of the United Provinces. With the exception of Baluchistan, Sind and the central districts of the United Provinces the disturbance had given rain over the whole of the plains of northern India, west of Bengal, and snow in the hills. Pressure continued low in north-west and central India, the area of largest deficiency of pressure being transferred on the 6th to Rajputana and the south-west Punjab, and nearly general light to moderate rain fell in the United Provinces, the east of Central India, the central districts of the Central Provinces and the Punjab, excluding the south-western districts. Rain continued

during the next twenty-four hours, and was nearly general in Bihar, Chota Nagpur, the United Provinces, the east of Central India and the central and east Punjab, and was local in Rajputana and the east of the Central Provinces, but by the morning of the 7th the barometer had risen briskly to very rapidly over the whole of northern India west of Chota Nagpur, and the depression had practically disappeared, while skies were clearing everywhere.

Burma.—Skies were almost clear, except in the northern districts, where Myitkyina and Bhamo had light rain on the 2nd. Night temperature was in moderate excess on that day, but during the remainder of the week temperature conditions were practically normal.

North-east India and Orissa.—Rain fell over the greater part of the division on the 1st and 2nd, and again in Bihar and Chota Nagpur on the 5th, 6th and 7th. Skies were cloudy, and temperature was normal during the greater part of the week.

The United Provinces, Central India and the Central Provinces.—During the latter half of the week rain was received over the whole division, except in the west of Central India and of the Central Provinces. Skies were cloudy. The cold wave caused a rapid fall of temperature, and on the 2nd temperature was in defect everywhere, but it then rose and was normal or in excess until the 7th, when a moderate defect was shown in the north-west of the United Provinces.

North-west India.—Precipitation commenced on the 4th, and during the period from the 4th to the 7th it occurred in all parts of the division, except the south-west Punjab. Skies were cloudy during the greater part of the week. After the effects of the cold wave had disappeared on the 2nd temperature conditions in north-west India were largely determined by rainfall and cloud. Maximum temperature was in consequence more or less in defect and the minimum more or less in excess until the end of the week, when both were in defect over nearly the whole division.

The Peninsula.—Bombay reported a light fall of rain on the 6th. Skies were clear or only lightly clouded, and temperature was nearly normal, except on the 1st and 2nd in the north-western districts, where a rapid fall of temperature, due probably to the cold wave in northern India, caused a considerable defect in both the maximum and the minimum temperatures.

The rainfall of the past week has made an important change in the divisional percentages of departure from normal of the seasonal rainfall which is now normal or in excess in all parts of the Indian region, except on the Burma Coast, in the sub-divisions of Dinajpur, Calcutta and Ahmedabad, and in the west Satpuras and Baluchistan. The deficiency is most marked in Baluchistan, where during the period from the 30th November to the 7th February only 0·62" of rain has fallen as compared with the normal fall of 3·26". The following summarises the chief rainfall amounts of the week, as reported at 8 h., each day:

February 1st, Dibrugarh 0·86", Burdwan 0·86", Ranchi 0·99", Hazaribagh 1·02" and Balasore 0·75".

" 2nd, Gauhati 1·05" and Dhubri 1·50".

" 3rd, Chanda 1·70".

" 4th, Hyderabad (Sind) 0·58" and Kurrachee 0·27".

" 5th, Sutna 1·34", Murree 1·80", Sonemarg 2·82" and Rajkot 0·60".

" 6th, Gaya 1·05", Nagpur 0·48", Jhansi 0·56", Jubbulpore 1·26" and Cawnpore 1·04".

" 7th, Hazaribagh 1·16", Patna 1·16", Benares 1·88", Roorkee 1·38", Dehra Dun 1·49", Chakrata 2·37", Meerut 1·23", Agra 0·94", Pendra 1·27", Ludhiana 2·01", Simla 1·07" and Sirsa 0·43".

SIMLA;
The 7th February 1907.

GOVERNMENT OF INDIA,

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 2nd February 1907.

Burma.—Katha received one and three quarter inches of rain, Bhamo one and a quarter inches, and amounts varying from 72 cents to 23 cents fell in Myitkyina, Upper Chindwin, the Chin Hills and the Northern Shan States. Reaping of wet weather paddy is practically completed and threshing and winnowing are in progress generally and have been completed in Tharrawaddy and Prome Sowing of dry weather paddy is completed in Tavoy and sowing of early wet weather paddy in nurseries has commenced in the Southern Shan States. Harvesting of peas and beans has started in Mandalay. Transplanting of tobacco is nearing completion in Sagaing and has commenced in Myitkyina. Reaping of jowar and sesamum is completed in the Yinmabin sub-division of Lower Chindwin. The standing crops are generally in good condition. The price of paddy has risen largely in Henzada and Thayetmyo and slightly in eight districts and in the Southern Shan States; it has fallen slightly in Toungoo and Myingyan.

Eastern Bengal and Assam.—Moderate rain has fallen in the Assam Valley and slight rain in all other districts except the Chittagong Hill Tracts, Dinajpur, Bogra, and Malda. The recent rain has benefited the standing crops but more rain is wanted in most districts. Pruning and hoeing of tea are in progress. Harvesting of winter rice and gathering of pulses are nearly finished. Preparation of land for early rice and jute is in progress. Plucking of cotton; pressing of sugarcane; gathering of mustard; and transplantation of summer rice are in progress. Prospects of cotton are unfavourable in the Garo Hills and the Khasi and Jaintia Hills and fair in Nowgong. The outturn of winter rice and the prospects of other standing crops are moderate. Prices of common rice:—Manipur 16; Silchar 9 to 9½; Comilla 9⅛; Rangamati, Kohima, and Sibsagar 9; Faridpur 6½ to 9; Dacca and Chittagong 8½; Barisal 8¼; Mymensingh and Gauhati 8; Pabna 7¾; Dinajpur 7⅝; Bogra 7¾; Rampur Boalia and Dibrugarh 7½; Jalpaiguri 7⅓; Noakhali, Malda Sylhet, Dhubri, Tezpur, and Nowgong 7; Tura 6 to 7; Rangpur 6¼; and Shillong and Aijal 6 seers per rupee. Prices have risen in eight; fallen in nine; and remained stationary in the remaining districts. Six hundred and twenty-four persons received gratuitous relief in Sylhet.

Bengal.—Rainfall was moderate and fairly general in Lower Bengal and Chota Nagpur. Some light scattered showers fell also in parts of Bihar and Orissa. More rain is needed for the spring crops in Murshidabad, Jessore, Champaran, Muzaffarpur, Monghyr, Bhagalpur, Purnea and Hazaribagh. Sugarcane pressing continues. The prospects of the spring crops are fair except in Champaran, Muzaffarpur and Darbhanga. The number of persons receiving gratuitous relief is—Muzaffarpur 575 and Darbhanga 16,350. The average attendance on test-works in Champaran for the week ending the 29th January is 608 and in Darbhanga on the last day available 2,036. The number on famine-relief works in Darbhanga is 61,086. Fodder and water are generally sufficient. The price of common rice has risen in eleven and fallen in ten districts.

United Provinces.—The weather has been generally cloudy and slight showers of rain have been received in a few districts. The spring crops are being irrigated and weeded and are doing well. Prospects are good. Poppy is in flower. Ploughings for extra crops and sugarcane continue. The standing crops have been slightly damaged by rain in parts of Benares and Jaunpur and by frost in parts of Aligarh, Agra, and Shahjahanpur. Cattle are healthy except in Garhwal. Markets are amply stocked. Fodder is dear in Hardoi, Sitapur, and Kheri and scarce in Rae Bareli and Ballia. Prices show a downward tendency.

The weekly report on the scarcity is as follows:—The weather is overcast in Gorakhpur but no rain has fallen. Slight damage to crops from rust and slight frost is reported from places in the Gorakhpur and Padrauna tehsils. The spring crops are fair. Markets are well stocked but fodder is scarce. Prices are tending to fall. The numbers on relief are:—on works 204, on gratuitous relief 2,384, in poor-houses 373, total 2,961.

Punjab.—Moderate to light rain has fallen in all districts except Rohtak, Delhi, Ferozepore, and Multan. There are slight fluctuations in the prices of food grains; wheat is rising in Rawalpindi and falling in Ambala, Jullundur and Lyallpur. Ploughings and sowings of extra spring crops are in progress in Gurgaon, Ambala, Lahore, Sialkot, Shahpur Mianwali and Multan. Sugarcane sowing has commenced in Ambala. The condition,

and prospects of the standing crops are generally good. Rain is urgently wanted for unirrigated crops in Hissar, Rohtak, and Ambala. Locusts have damaged the standing spring crops to some extent in parts of Shahpur, Lyallpur, and Multan. Cattle are in good condition. Fodder is sufficient. There are no complaints regarding the water supply.

North-West Frontier Province.—Rain varying from 2 cents in Dera Ismail Kha to one inch in Hazara and Peshawar fell all over the Province. The standing crops are in excellent condition but more rain is wanted in Dera Ismail Khan. Locusts appeared in parts of Dera Ismail Khan and in the Marwat tehsil of Bannu district, in the former slight damage was done to the crops. Pressing of sugarcane still goes on and the outturn is good. The water-supply is ample. Fodder is sufficient. Cattle are in good condition except in Dera Ismail Khan. Prices are steady or falling slightly. Prices:—wheat 15¾ to 20; gram 17 1/16 to 23; maize 20 to 29½; and bajra 20 to 22½ seers per rupee.

Jammu.—There was good rain during the week. Prices are fluctuating. Prices:—wheat 11 to 24 and maize 11 to 36 seers per rupee. The condition of the standing crops is good. Fodder is sufficient except in the Kishtwar tehsil.

Kashmir.—Moderate snow fell during the last two days of the week and skies are overcast. Prices are almost stationary.

Rajputana.—Agricultural operations and prospects are generally satisfactory. Prices are falling in Partabgarh and Kotah and are nearly steady elsewhere, though still high in places.

Central India.—No rain. Autumn harvesting; cotton picking; and irrigation of spring crops are in progress. The standing crops and the probable outturn are good. Crops have been slightly damaged by rats in parts of Bhopawar. Agricultural stock and pasturage are generally good except in parts of Indore and Rewa. Prices are high in Baghelkhand and in parts of Malwa and stationary elsewhere. Opium is good in Bhopal and Bhopawar; weeding and watering are in progress elsewhere.

Central Provinces.—Rain was received in ten districts during the week, ranging from 4 cents in Amraoti to 1¾ inch in Chanda; Jubbulpore and Narsinghpur each received an inch and Damoh ¾ inch, but falls elsewhere were light. The rain was accompanied by hail in Chanda and Damoh. Threshing and winnowing of autumn crops are almost completed. The standing spring crops are in good condition. Slight damage was done by frost in parts of Narsinghpur; by insect pests in Hoshangabad and Bhandara; by cloudy weather in Balaghat, Chanda, Drug and Raipur; and by rats in parts of Akola and Buldana. Prospects are generally good and fodder and water are sufficient everywhere. The prices per rupee of wheat and rice have risen in Mandla and Balaghat by one seer and of gram in Akola by 1½ seer; *juar* has become cheaper in Saugor and Damoh and dearer in Amraoti; wheat dropped from 8¾ to 11½ seers per rupee in Chanda; prices are equal to the scarcity level in Amraoti and exceed it in Chanda, Balaghat, and Bilaspur.

Native States.—The weather is cool but occasionally cloudy. Threshing of rice and ***kodon*** (millet) and sugarcane pressing are in full swing and harvesting of linseed and gram continues in Chhuikhadan and Rajnandgaon. Spring crops are in good condition and prospects are favourable. Fodder and water are adequate. Prices:—wheat 10 to 20; rice 12 to 16; and ***kodon*** (millet) 18 to 21 seers per rupee.

Bombay.—There was slight rain during week in parts of Larkana, Palanpur, and Cutch. The standing crops have been slightly damaged by insects in parts of Karachi; by locusts in parts of Karachi and Ahmedabad; by blight in parts of Dharwar; by frost in parts of Mahi Kantha; are withering in parts of Deccan and Bijapur; and are generally in good condition elsewhere. Threshing of autumn crops is in progress and harvesting of spring crops has commenced in parts of the Deccan. Cotton picking continues in Hyderabad, Gujarat, Poona, Karnatak, Kathiawar, Bijapur and Cutch. The fodder supply is sufficient. The quantity of food grains purchasable per rupee is in the Deccan 10 per cent. above normal to 34 per cent. less than normal and elsewhere normal to 24 per cent. below.

Hyderabad.—No rain. Spring crops are fair to good. The harvest has commenced generally. Late rice sowing continues in parts and the crop is in fair condition. Prices:—wheat 7¾; coarse rice 7½; and jowar 15¾ seers per rupee.

Mysore.—Prices of food grains have slightly fallen in Mysore and Shimoga and are steady elsewhere. Ploughing and sowing operations are in progress. The prospects of the season are good. Cattle are healthy. Water and fodder are available.

Coorg.—Picking of coffee and threshing of rice continue. Prices of food grains are stationary. Water and fodder are sufficient.

Madras.—No rain. Irrigation supplies are sufficient except in parts of Godavari, Bellary, Anantapur, South Arcot, North Arcot, Salem, and Madura. Ploughing, sowing, weeding, and transplanting are in progress in parts. The standing crops are generally fair but some in parts of Godavari have been damaged and some in parts of Madura are withering. Harvests continue with outturn poor to normal and bumper. Pasture is sufficient except in parts of Godavari, Kistna, Bellary, and South Canara. Fodder is scanty in parts of Kistna, Salem, and Madura. The condition of cattle is generally good. The price of rice is stationary in six districts; has fallen in twelve; and has slightly risen in five. The prices of millets have fluctuated as follows:—*ragi* is stationary in seven districts; has fallen in seven; and has slightly risen in seven. *Cholam* is stationary in four districts; has fallen in five; and has slightly risen in five. *Cumbu* is stationary in five districts; has fallen in five; and has slightly risen in five.

GOVERNMENT OF INDIA.

DEPARTMENT OF COMMERCE AND INDUSTRY.

EMIGRATION.

RESOLUTION.

Dated Calcutta, the 6th February 1907.

HIS Majesty's Secretary of State for India has brought to the notice of the Government of India the fact that there is no prospect of employment for Indian labourers in New Caledonia and that in the event of their destitution there is no likelihood of their being afforded relief by the Colonial Government.

2 The Governor General in Council accordingly requests all Local Governments and Administrations to make the above intimation generally known, particularly in places from which emigration to New Caledonia is believed to be most common; and also to warn intending emigrants at the ports of embarkation of the risks they run in proceeding to that Colony.

The Secretary to the Government of Madras
" " " " Bombay.
" " " " Bengal.
" " " " the United Provinces.
" " " " the Punjab.
" " " " Burma.
" " " " Eastern Bengal and Assam.
" Honourable the Chief Commissioner of the Central Provinces.
" Chief Commissioner of Coorg.
" " " Ajmer-Merwara.
" Honourable the Chief Commissioner of the North-West Frontier Province.
" Honourable the Agent to the Governor General in Baluchistan.

ORDERED that a copy of the above Resolution be forwarded, for information and guidance, to the Local Governments and Administrations noted in the margin and to the Home and Foreign Departments, for information.

Ordered also, that a copy be published in the *Gazette of India* for general information.

No. 623-I. A.—In exercise of the powers conferred by the Indian Stamp Act, 1899 (II of 1899), as applied to Abu and Anadra including the road leading from the Abu Sanitarium to Abu Road Railway Station and to the Bazar at Kharari by the Notification of the Government of India in the Foreign Department, No. 1389-I.B., dated the 13th April 1906, the Governor-General in Council is pleased to make the following rules under the said Act as so applied for the aforesaid areas with effect from the 1st April 1907.

RULES ACT, 1899.

CHAPTER I.

Preliminary.

Definition. 1. In these rules, the expression "the Act" shall mean the Indian Stamp Act, 1899, as applied to the areas aforesaid.

Kinds of stamps. 2. There shall be two kinds of stamps for indicating the payment of duty on instruments chargeable with duty under the Act, namely:—

(a) impressed stamps, and

(b) adhesive stamps.

CHAPTER II.

Of Impressed Stamps.

Hundis.

3. (*1*) Hundis, other than hundis which may be stamped with an adhesive stamp under section 11 of the Act, shall be written as follows, namely :—

(*a*) A hundi payable otherwise than on demand, but not at more than one year after date or sight, and for an amount not exceeding rupees thirty thousand in value, shall be written on paper on which the necessary stamp bearing the word "Hundi" has been engraved or embossed.

(*b*) A hundi for an amount exceeding rupees thirty thousand in value, or payable at more than one year after date or sight, shall be written on paper, supplied for sale by the Government, to which a label has been affixed by the Superintendent of Stamps at Bombay and impressed by that officer in the manner hereinafter prescribed by rule 10.

(*2*) Every sheet of such paper shall be of a size not less than $8\frac{3}{8} \times 5\frac{1}{8}$ inches, and no plain paper shall be joined to it.

(*3*) The provisions of sub-section (*1*) of rule 6 shall apply also in the case of hundis.

Promissory notes and bills of exchange.

(*4*) A promissory note or bill of exchange shall, except as provided by section 11 of the Act, and by these rules, be written on paper on which the necessary stamp, with or without the word "Hundi" has been engraved or embossed.

Other instruments.

5. Every other instrument chargeable with duty shall, except as provided by section 11 of the Act, be written on paper, on which the necessary stamp, not bearing the word "Hundi", has been engraved or embossed.

Provision where single sheet of paper is insufficient.

6. (*1*) Where two or more sheets of paper on which stamps are engraved or embossed are used to make up the amount of duty chargeable in respect of any instrument, a portion of such instrument shall be written on each sheet so used.

(*2*) Where a single sheet of paper, not being paper bearing an impressed hundi-stamp, is found insufficient to admit of the entire instrument being written on the side of the paper which bears the stamp, so much plain paper may be subjoined thereto as may be necessary for the complete writing of such instrument:

Provided that in every such case the side of the sheet which bears the stamp shall be covered by a substantial part of the instrument before any part of the latter is written on the plain paper joined to such sheet.

One anna impressed stamps.

7. The duty payable on any instrument which is chargeable with a duty of one anna under the Act may be denoted by a coloured impression marked on a skeleton form of such instrument by the Superintendent of Stamps at Bombay.

"The proper officer."

8. The Superintendent of Stamps, Bombay, is empowered to affix and impress labels, and shall be deemed to be "the proper officer" for the purposes of the Act and of these rules.

Affixing and impressing of labels by proper officer permissible in certain cases.

9. (*1*) Labels may be affixed and impressed by the proper officer in the case of any of the instruments mentioned in Appendix A, and of the counterparts thereof.

(*2*) Labels may likewise be affixed and impressed by the proper officer in the case of any of the instruments mentioned in Appendix B, when written in any European language, and accompanied, if the language is not English, by a translation into English.

Mode of affixing and impressing labels.

10. (*1*) The proper officer shall, upon any such instrument, as is referred to in rule 9, being brought to him before it is executed, and upon application being made to him for that purpose, affix thereto a label or labels of such value as the applicant may desire and pay for, and impress such label or labels by means of a stamping-machine, and also stamp or write on the face of the label or labels the date of impressing the same before returning the instrument to the applicant. In the case of instruments written on parchment, the labels shall be further secured by means of metallic eyelets.

(*2*) On affixing any label or labels under this rule, the proper officer shall, where the duty amounts to rupees five or upwards, write on the face of the label or labels his initials, and, where the duty amounts to rupees twenty or upwards, shall also attach his usual signature to the instrument immediately under the label or labels.

(*3*) Any principal assistant of the proper officer, if empowered by the Agent to the Governor-General in Rajputana in this behalf, may discharge the functions of the proper officer under sub-section (*2*) of this rule.

Certain instruments to be stamped with impressed labels.

11. (*1*) Instruments (other than instruments which, under section 11 of the Act, may be stamped with adhesive stamps) executed out of British India or the areas to which these rules apply and requiring to be stamped after their receipt in the said areas shall be stamped with impressed labels.

(2) Where any such instrument as aforesaid is taken to the Collector under section 18, sub-section (2), of the Act, the Collector shall send the instrument to the proper officer, remitting the amount of duty paid in respect thereof; and the proper officer shall stamp the instrument in the manner prescribed by rule 10 and return it to the Collector for delivery to the person by whom it was produced.

CHAPTER III.

Of Adhesive Stamps.

Bills of exchange.

12. Bills of exchange payable otherwise than on demand and drawn in sets, when the amount of duty does not exceed one anna for each part of the set, may be stamped with adhesive stamps.

Supply of deficient duty on transfer of share.

13. When any instrument of transfer of shares in a Company or Association is written on a sheet of paper on which the necessary stamp is engraved or embossed and the value of the stamp so engraved or embossed is subequently, in consequence of a rise in the market value of such shares, found to fall short of the amount of duty chargeable under Article No. 62 (a) of Schedule I to the Act, one or more adhesive stamps bearing the words "Share Transfer," as hereinafter prescribed, may be used to make up the amount required.

Adhesive stamp or stamps denoting duty of one anna or half an anna.

14. Except as otherwise provided by these rules, the adhesive stamp or stamps used to denote the duty of one anna shall bear the words "One Anna" or "Half Anna," as the case may be, and the adhesive stamp used to denote the duty of half an anna shall bear the words "Half Anna"; and such stamp or stamps may be superscribed either for postage or for revenue or for both postage and revenue.

Special adhesive stamps to be used in certain cases.

15. The following instruments, when stamped with adhesive stamps, shall be stamped in the manner hereinafter prescribed, that is to say:—

(a) Bills of exchange, cheques, and promissory notes drawn or made out of British India or the areas to which these rules apply and chargeable with a duty of more than one anna shall be stamped with adhesive stamps bearing the words "Foreign Bill".

(b) Transfers of shares of Public Companies and Associations shall be stamped with adhesive stamps bearing the words "Share Transfer".

(c) Notarial acts shall be stamped with adhesive foreign bill stamps bearing the word "Notarial".

(d) Copies of maps or plans certified to be true copies shall be stamped with adhesive court-fee stamps.

CHAPTER IV.

Miscellaneous.

Provision for cases in which improper description of stamp is used.

16. When an instrument bears a stamp of sufficient amount, but of improper description, the Collector may, on payment of the duty with which the same is chargeable, certify by endorsement on the instrument that it is duly stamped:

Provided that if application is made within three months of the execution of the instrument, and the Collector is satisfied that the improper description of stamp was used solely because of the difficulty or inconvenience of procuring one of proper description, he may remit the further payment of duty prescribed in this rule.

Evidence as to circumstances of claim to refund or renewal.

17. The Collector may require any person claiming a refund or renewal under Chapter V of the Act, or his duly authorized agent, to make an oral deposition on oath or affirmation, or to file an affidavit, setting forth the circumstances under which the claim has arisen, and may also, if he thinks fit, call for the evidence of witnesses in support of the statement set forth in any such deposition or affidavit as aforesaid.

Payment of allowances in respect of spoiled or misused stamps or on the renewal of debentures.

When an application is made for the payment, under Chapter V of the Act, of an allowance in respect of a spoiled or misused stamp, or on the renewal of a debenture, and an order is passed by the Collector sanctioning the allowance or calling for further evidence in support of the application, then if the amount of the allowance or the stamp given in lieu thereof is not taken, or if the further evidence required is not furnished, as the case may be, by the applicant within one year of the date of such order as aforesaid, the application shall be struck off and the spoiled or misused stamp (if any) sent to the Superintendent of Stamps, Bombay, for destruction.

Mode of cancelling original debenture in case under section 55 of Act.

18. Where the Collector makes a refund under section 55 of the Act, he shall cancel the original debenture by writing on or across it the word "Cancelled" and his usual signature with the date thereof.

Rewards.

19. On the conviction of any offender under Chapter VII of the Act, the Collector may grant to any person who appears to him to have contributed thereto a reward within a limit to be fixed by the Agent to the Governor-General in Rajputana.

GAZETTE OF INDIA.

NOTICE.

The 25th October 1906.

From the 10th November next till further notice, the complete *Gazette of India* will be published at Calcutta. After the 3rd November all notifications and other matter intended for publication in the *Gazette* should be addressed to the Publisher, 8, Hastings Street, Calcutta.

Attention is invited to the following Circular Memorandum of the Government of India Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette*, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,
Secretary to the Government of India.

NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable *at Calcutta* to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. A consolidated index for the year 1905, entitled "Inventions and Designs in 1905," is also on sale, price one rupee. It contains a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in that year, together with lists of designs applications.

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications and drawings.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or, if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. Royal 8vo volumes, paper cover, 13 annas or 1*s.* 1*d.* Postage extra. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Branch, Department of Commerce and Industry, 2, Bankshall Street, Calcutta.

C. STEWART-WILSON,
Director General of the Post Office of India

OFFICE OF REVENUE AND FINANCIAL SECRETARY TO THE CHIEF COMMISSIONER, NORTH-WEST FRONTIER PROVINCE.

NOTIFICATIONS.

Dated Peshawar, the 4th-5th February 1907.

No. 542.—Under the authority vested in him by Section 14 of the Glanders and Farcy Act, 1899 (XIII of 1899), as amended by the Repealing and Amending Act, 1901 (XI of 1901), and in supersession of Punjab Government Notification No. 105, dated the 4th February 1901, the Chief Commissioner and Agent to the Governor General, North-West Frontier Province, is pleased to make the following rules under the said Act for dealing with cases of Glanders and Farcy:—

Rules.

1. In proceeding under Section 5 of the Act, an Inspector shall, as far as possible, conduct his search in the presence of the owner, or of the person in charge, of the premises searched.

2. Every person having in his possession, or under his charge, any diseased horse shall observe the following rules:—

1st—He shall, as far as possible, keep the diseased horse and its attendants separate from other horses not diseased.

2nd—He shall give immediate information of the fact of the disease to the nearest police station, and the officer in charge of the station shall forthwith report the same to the Superintendent of Police, who shall communicate it directly to the Inspector.

3. Horses which have been stabled or in contact with animals suffering from Glanders or Farcy or which may be reasonably suspected to be suffering from Glanders or Farcy may be isolated and detained at the owner's expense, for the purpose of being subjected to the Mallein test.

4. The Inspector, whose duty it is under Section 8 of the Act to cause the destruction of any horse which is within the limits attached to a police station, may give written directions to the officer in charge of that station to destroy the horse. The officer receiving such directions shall have the horse promptly destroyed by shooting or otherwise. He shall also be responsible for seeing that the rule next following is complied with, or that the person failing to comply with that rule is proceeded against under rule 10.

5. When a diseased horse is destroyed under Section 8 of the Act the owner or the person in charge shall cause the carcase to be buried, without delay, six feet below the surface of the ground, and the skin to be slashed so as to prevent its being used. No person shall dig up or cause to be dug up the carcase of any horse so buried or any part of it:—

Provided that an Inspector may direct the carcase to be burnt instead of being buried and the owner or the person in charge shall thereupon cause it to be destroyed by fire.

6. The stable or building in which a diseased horse suffering from Glanders or Farcy has been, the clothes of the attendants, the saddlery and other articles liable to have become infected shall be cleansed and disinfected in the following manner:—

(a) By thoroughly collecting in a heap all dung, litter and other matter and refuse and destroying the whole by fire.

(b) By digging up the earth of the standing to a depth of two feet and thoroughly mixing the removed soil with equal portions of good freshly burnt lime and water, and after a fortnight removing this to some distant spot unfrequented by equines. The cavity caused by the removal of the earth to be washed with good lime-wash and then filled with fresh earth.

(c) By thoroughly scraping all the parts of the diseased horse's stall or box or standing, particularly those parts with which the diseased horse came in contact, and washing all wood, stone and iron work with boiling water.

(d) By the application to all parts above the floor with which the horse or its droppings may have come into contact of a coating of lime-wash made by mixing immediately before its use good freshly burnt lime with water.

(e) By cutting away the stuffed parts of the saddle used on the diseased horse and burning the same and by passing bits and stirrup iron through the fire. The leather work of all saddlery, harness, etc., used by the diseased horse to be soaked in antiseptic solution.

(f) The shafts, splinter-bars and all parts of any vehicle which the horse has been in contact with to be scraped and washed in a strong antiseptic solution.

(g) By immersing the clothing of the attendants in a strong antiseptic solution.

(h) By attending to the carrying out of all measures which the veterinary practitioner deems advisable to adopt to prevent the further spread of the disease.

7. The Inspector shall grant a license for the removal of a horse which has been in contact with a diseased horse only when he considers there is no danger of the first horse becoming diseased.

If any horse which has been in such contact is removed without such license, the Inspector may require it to be taken back within the limits of the place from which it has been removed.

8. (1) If after completing the examination of a horse under Section 7 (1) of the Act, the veterinary practitioner does not certify that the horse is diseased, the expense incurred under rule 3 shall be debited to Government. If such expense has already been incurred by the owner, he shall be reimbursed under the orders of the Superintendent, Civil Veterinary Department.

(2) If the person entitled to the possession of the horse is not present to receive it under Section 8 (2) of the Act, or refuses to receive it, the Inspector shall forthwith serve upon him a notice requesting him to remove the horse within seven days from the date of the notice.

(3) The said notice may be served either personally or by registered post, or by leaving it at the last known residence or place of business of the person believed to be entitled to the possession of the horse; and in the last case, a copy of the notice shall be posted at the police station, within the local limits of which the horse was seized.

(4) If the horse is not removed within the period of the notice then, under the orders the Superintendent, Civil Veterinary Department of the Circle, it may be:—

(a) sold to defray expenses, in which case any balance that may remain after meeting all charges subsequent to the date of issue of the notice may be kept at the owner's disposal for two months; or,

(b) otherwise disposed of, or destroyed in the event of no purchaser coming forward.

9. In the event of obstruction, on the application of a veterinary inspector or a veterinary practitioner, which application shall if possible be in writing, the police shall be bound to render such officers such assistance as may be necessary to enable them duly to perform their duties under the Act and these rules.

10. Any person convicted of breaking any of the above rules shall be punished with imprisonment which may extend to one month, or with fine which may extend to R50 or with both.

The 5th February 1907.

No. 543.—Whereas it has been declared in respect of the Cantonments and Municipal limits of Peshawar that for the purpose of the definition contained in section 2, sub-section 1, of the Glanders and Farcy Act, 1899 (XIII of 1899), as amended by the Repealing and Amending Act of 1901 (XI of 1901) "diseased" includes affected with lymphangitis epizootica and surra (Government of India Notification No. 723—33-3, dated 27th March 1906), the Chief Commissioner and Agent to the Governor General, North-West Frontier Province, under the authority vested in him by section 14 of the Glanders and Farcy Act,

is pleased to make the following rules for dealing with the said diseases. These rules are in supersession of those prescribed in Notification No. 3176, dated 7th August 1906 :—

Rules.

1. In proceeding under section 5 of the Act, an Inspector shall, as far as possible, conduct his search in the presence of the owner, or of the person in charge, of the premises searched.

2. Every person having in his possession, or under his charge, any diseased horse, shall observe the following rules :—

1st.—He shall as far as possible keep the diseased horse and its attendance separate from other horses not diseased.

2nd.—He shall give immediate information of the fact of the disease to the nearest police station, and the officer in charge of the station shall forthwith report the same to the Superintendent of Police, who shall communicate it directly to the Inspector.

3. Horses which have been stabled or in contact with animals suffering from lymphangitis epizootica or surra, or which may be reasonably suspected to be suffering from lymphangitis epizootica or surra, may be isolated and detained at the owner's expense for the purposes of a diagnosis of the disease being made by means of bacteriological examination by a veterinary practitioner. No order for destruction shall be passed until a veterinary practitioner has certified that bacteriological examination has revealed the existence of lymphangitis epizootica or surra.

4. The Inspector whose duty it is under section 8 of the Act to cause the destruction of any horse which is within the limits attached to a police station, may give written directions to the officer in charge of that station to destroy the horse. The officer receiving such directions shall have the horse promptly destroyed by shooting or otherwise. The Inspector shall also be responsible for seeing that the rule next following is complied with, or that the person failing to comply with that rule is proceeded against under rule 10.

5. When a diseased horse is destroyed under section 8 of the Act the owner, or the person in charge, shall cause the carcass to be buried, without delay, six feet below the surface of the ground, and the skin to be slashed so as to prevent its being used. No person shall dig up or cause to be dug up the carcass of any horse so buried or any part of it :

Provided that an Inspector may direct the carcass to be burnt instead of being buried, and the owner or the person in charge shall thereupon cause it to be destroyed by fire.

6. (1) The stable or building in which a horse suffering from lymphangitis epizootica has been, the clothes of the attendants, the saddlery and other articles liable to have become infected shall be cleansed and disinfected in the following manner :—

(a) By thoroughly collecting in a heap all dung, litter and other matter and refuse and destroying the whole by fire.

(b) By digging up the earth of the standing to a depth of two feet and thoroughly mixing the removed soil with equal portions of good freshly burnt lime and water, and after a fortnight removing this to some distant spot unfrequented by equines. The cavity caused by the removal of the earth to be washed with good lime-wash and then filled with fresh earth.

(c) By thoroughly scraping all the parts of the diseased horse's stall or box or standing, particularly those parts with which the diseased horse came in contact, and washing all wood, stone and iron work with boiling water.

(d) By the application to all parts above the floor with which the horse or its droppings may have come into contact of a coating of lime-wash made by mixing immediately before its use good freshly burnt lime with water.

(e) By cutting away the stuffed parts of the saddle used on the diseased horse and burning the same, and by passing bits and stirrup through the fire. The leather work of all saddlery harness, etc., used by the diseased horse to be soaked in antiseptic solution.

(f) The shafts, splinter-bars and all parts of any vehicle which the horse has been in contact with to be scraped and washed in a strong antiseptic solution.

(g) By immersing the clothing of the attendants in a strong antiseptic solution.

(h) By attending to the carrying out of all measures which the veterinary practitioner deems advisable to adopt to prevent the further spread of the disease.

(2) The owner of a horse suffering from surra shall carry out all measures which the veterinary practitioner deems advisable to adopt to prevent the further spread of the disease.

7. The Inspector shall grant a license for the removal of a horse which has been in contact with a diseased horse only when he considers there is no danger of the first horse becoming diseased.

If any horse which has been in such contact is removed without such license, the Inspector may require it to be taken back within the limits of the place from which it has been removed.

8. (1) If after completing the examination of a horse under section 7 (1) of the Act, the veterinary practitioner does not certify that the horse is diseased, the expense incurred under rule 3 shall be debited to Government. If such expense has already been incurred by the owner, he shall be reimbursed under the orders of the Superintendent, Civil Veterinary Department.

(2) If the person entitled to the possession of the horse is not present to receive it under section 8 (2) of the Act, or refuses to receive it, the Inspector shall forthwith serve upon him a notice requesting him to remove the horse within seven days from the date of the notice.

(3) The said notice may be served either personally or by registered post, or by leaving it at the last known residence or place of business of the person believed to be entitled to the possession of the horse ; and, in the last case, a copy of the notice shall be posted at the police station, within the local limits of which the horse was seized.

(4) If the horse is not removed within the period of the notice then, under the orders of the Superintendent, Civil Veterinary Department of the Circle, it may be :—

(*a*) sold to defray expenses, in which case any balance that may remain after meeting all charges subsequent to the date of issue of the notice may be kept at the owner's disposal for two months, or

(*b*) otherwise disposed of, or destroyed in the event of no purchaser coming forward.

9. In the event of obstruction, on the application of a Veterinary Inspector or a Veterinary Practitioner, which application shall, if possible, be in writing, the police shall be bound to render such officers such assistance as may be necessary to enable them duly to perform their duties under the Act and these rules.

10. Any person convicted of breaking any of the above rules shall be punished with imprisonment which may extend to one month, or with fine which may extend to R50, or with both.

The 6th February 1907.

Peshâwar, the 9th February 1907.

A. M. CROFTS, Lt.-Col., I.M.S.,
Administrative Medical Officer, North-West Frontier Province.

HIGH COURT, ORIGINAL SIDE.

It is ordered that the Rules of Practice of the Calcutta Court of Small Causes be amended and added to as hereinafter mentioned for the purpose of providing a more summary procedure to govern suits for sums not exceeding R50 and that the said amendments and additions do take effect from the 11th day of March 1907.

That in Rule 9 between the word " Court " and the word "but" the words and figures " or in Rule 112 of these Rules " be inserted.

That to clause (c) of Rule 15 the following words and figures be added " or, in plaints in suits to which Rule 110 applies, the cause or causes of action and the date or dates on or within which the same arose."

That to Rule 67 the following words and figures be added :—

" *Explanation.*—In the case of all suits and proceedings to which Rule 111 applies, the Registrar may exercise the powers vested by this Rule and Rule 64 in the Court or Judge."

That after Rule 109 the following new Rules be inserted :—

110. Save and except in the case of applications under section 41 of the Act, the Rules next hereinafter set out and numbered respectively 111 to 120 shall apply to and govern all suits for sums not exceeding R50 instituted on or after the 11th day of March 1907 unless the Court or Registrar upon the application of the intending plaintiff made prior to the institution of any such suit shall direct that the said last mentioned Rules shall not apply thereto.

111. In the case of all suits and proceedings to which this Rule applies

(*a*) Rules 26, 27, 28, 37, 38, 39, 40, 41, 42, 43, 44, 45, 49, 56, 60, 61, 62, 66, 69 and 71 and the second paragraph of Rule 58 of the Rules shall not apply, and

(*b*) Schedule A referred to in Rule 107 is amended by directing that, save as provided in Rule 16 of the Rules, sections 37 and 115 of the Code shall not apply and shall be treated as not having been extended to the Small Cause Court.

112. Save as provided in Rule 16, the recognized agents of parties by whom appearances, applications and acts may be made or done are :—

(*a*) Unless the Court otherwise directs, persons holding general or special powers-of-attorney from such parties authorising them to make and do such appearances, applications and acts on behalf of such parties.

(*b*) Mukhtears duly certificated under any law for the time being in force and holding special powers-of-attorney authorising them to do, on behalf of their principals, such acts as may legally be done by Mukhtears.

(*c*) Unless the Court otherwise directs the husband or wife or any other near relative of such party residing with him or an agent or attorney authorised by such party in writing or in matters connected with the trade or business of a party carrying on a trade or business a servant or agent engaged in or carrying on such trade or business and exclusively in the employ of such party.

113. The summons to a defendant shall be issued and dated as of the day on which the plaint was filed and shall be for the final disposal of the suit. In cases to which clause (*a*) of Rule 114 applies, such summons shall ordinarily be made returnable on the seventh day after the date thereof and in cases to which clause (*b*) of Rule 114 applies it shall ordinarily be made returnable on the fourteenth day after such date. In cases to which clause (*c*) of Rule 114 applies, such summons shall ordinarily be made returnable on the twenty-first day after the date thereof while in those cases to which clause (*d*) or (*e*) of the said Rule applies such summons shall ordinarily be made returnable on the twenty-eighth day after such date and in those to which clause (*f*) applies, it shall ordinarily be made returnable on the seventieth day after such date. Provided that in any case a longer or shorter period may, if required by circumstances, be allowed at the discretion of the Court or Registrar.

114. Except under special circumstances and under the order of the Court or Registrar, the summons to a defendant shall be served upon him :—

(*a*) If he resides within the local limits of the jurisdiction of the Court, at least three clear days before the date on which the summons has been made returnable.

(*b*) If he resides or carries on business without such local limits but within the extended limits included in the definition of " Calcutta " in the third section of Act II of 1888 of the Bengal Council or within the limits of the Howrah Municipality, at least four clear days before the date on which the summons has been made returnable.

(*c*) If he resides or carries on business outside the limits mentioned above but within 100 miles of Calcutta or within 10 miles from any Railway Station in Bengal and Behar, at least 10 days before the date on which the summons has been made returnable.

(*d*) If he resides or carries on business beyond 100 miles from Calcutta within the districts of Backergunge, Birbhum, Bhagalpur, Dacca, Burdwan, Bankura, Faridpore, Gaya, Hazaribagh, Jessore, Maldah, Midnapore, Monghyr, Murshidadad, Mymensingh, Nadia, Patna, Pabna, Purnea, Rajshahi, Saran, Shahabad, Tirhut, or within 10 miles of the Delhi Station of the East Indian Railway, at least 14 days before the date on which the summons has been made returnable.

(*e*) If he resides or carries on business beyond 100 miles from Calcutta in any district subject to the Appellate Jurisdiction of the High Court of Judicature at Fort William in Bengal other than those before mentioned or at any place in the Central Provinces, or in the United Provinces of Agra and Oudh, or within the limits of the Presidency Town of Madras or Bombay at least 14 days before the date on which the summons has been made returnable.

(*f*) If he resides elsewhere than is before mentioned within the dominions of His Majesty in India, at least 35 days before the date on which the summons has been made returnable.

115. On the day fixed in the summons for the defendant to appear and answer the parties shall be in attendance in person or by their respective recognised agents or pleaders, at the Court-house before the Registrar. If the plaintiff so attends, then, save as is otherwise specifically provided in Rules 116, 117 and 118 and in the provisos to this Rule, the suit shall after proof of service of the summons upon such defendants as do not attend or the withdrawal of the suit as against such absent defendants, forthwith be sent up to a Judge for hearing and, unless the hearing be adjourned by him to a future date, shall forthwith be heard by the Judge, who shall at the time of passing judgment make such order as he thinks fit with respect to the defendants if any who do not attend and as against whom the suit has not been withdrawn or decreed by default.

Provided that in any such case the Registrar, at any time before such suit is sent up to a Judge for hearing, may direct that it be set down on his own list or that of a Judge on a future date fixed by the Registrar or may enter a compromise, make a consent-decree or allow the suit to be withdrawn as against all or any of the defendants and may grant leave to bring a fresh suit for the same cause of action.

Provided also that if the allegations contained in the plaint are sufficient and such documents, if any, as are mentioned in the plaint have been filed therewith or are produced before the Registrar at the time of his recording a decree by default, the Registrar shall, before sending the suit to a Judge for hearing, record a decree by default against every defendant served with the summons who fails so to attend and the plaintiff may obtain execution against every such defendant without prejudice to his right to proceed with the action against every other defendant.

116. If, on the day so fixed for the defendant to appear and answer, it be found that the summons has not been served upon him in consequence of the failure of the plaintiff to pay the Court-fee leviable for such service the Registrar may order that the suit be dismissed.

Provided that no such order shall be passed if on the day so fixed the defendant attends in person or by pleader or recognised agent.

117. If the plaintiff attends and the defendant does not attend, or where there are several defendants, no defendant attends, and it is proved that the summons was duly served upon all the defendants or the plaintiff withdraws his suit as against those defendants upon whom the summons has not been duly served, the Registrar—

(*a*) if the allegations contained in the plaint are sufficient, shall record a decree by default against those defendants against whom the suit has not been withdrawn;

(*b*) if such allegations are not sufficient, either shall direct that the plaint be amended and a further summons be issued and served upon those defendants against whom the suit has not been withdrawn and that the hearing be adjourned to a future day fixed by him or shall send the case to a Judge for disposal.

Provided always that no decree by default shall be recorded under this Rule upon a plaint wherein any documents are mentioned unless such documents have been filed in Court with the plaint or are produced before the Registrar at the time of his recording a decree by default.

This Rule and the second proviso to Rule 115 shall not apply to a defendant who is an infant or a person of unsound mind not so found by inquisition.

118. If the plaintiff attends and the defendant does not attend, or, when there are several defendants, all the defendants do not attend, and

(*a*) it is not proved that the summons has been duly served upon all the absent defendants, the Registrar may, if the plaintiff applies therefor, direct that a

further summons be issued and served upon all or any of the defendants who have not been duly served, and that the hearing be adjourned to a future day fixed by him. If no such application is made and granted, the suit shall be dismissed as against such absent defendants and as against the other defendants shall be dealt with in the manner hereinbefore prescribed;

(*b*) it is proved that the summons was served upon all the defendants, but not in sufficient time to enable all of them to attend on the day fixed in the summons, the Registrar shall postpone the hearing of the suit to a future day to be fixed by him and shall direct notice of such day to be given to such short served defendants.

If it is owing to the plaintiff's default that the summons was not served or was not served in sufficient time, the Registrar shall order him to pay the costs occasioned by such postponement.

119. If, on the day to which the hearing of the suit is adjourned by the Court or Registrar, the parties or any of them fail to appear, the Court or the Registrar, as the case may be, may proceed to dispose of the suit in one of the modes hereinbefore directed or otherwise as to the Court or Registrar seems fit.

Provided that, if the Registrar has not power to make such order as to him seems proper, he shall send up the suit to a Judge for disposal.

120. Written Statements shall be signed in the manner hereinbefore provided for signing plaints and no written statement shall be received unless it be so signed. Unless otherwise ordered by the Court or Registrar no written statement need be verified.

That the existing Rules 110 and 111 be renumbered respectively 121 and 122.

Dated 12th February 1907.

It is ordered that the Rules of Practice of the Calcutta Court of Small Causes be amended as follows and that the said Rules as amended do take effect from the 11th day of March 1907:—

That Rule 1 be amended by inserting therein between clause (4) and clause (5) the following words and figures:—

"(4A) "The Court" includes the Registrar when exercising any powers conferred upon him by section 14, 34 or 35 of the Act.

That Rule 8 be amended by inserting the words "after half past two" after the word "received" and by substituting the words "half past three" for the words "half past two".

That Rule 19 be amended by adding at the end thereof the words "and shall further give a receipt in such plaint receipt for any documents which may be filed in Court along with the plaint".

That for Rule 20 the following Rule be substituted:—

"20. The plaintiff shall present along with the plaint as many copies of the form of summons provided by the Court as there are defendants named in his plaint after entering in each of such copies the names, descriptions and places of residence or business of the parties, the cause of action, the relief claimed and the particulars, if any, required by clauses (*e*) and (*f*) of Rule 15. Such copies shall, after due examination, be completed and issued to the defendants as hereinafter directed".

That clause (*a*) of Rule 21 be amended by adding at the end thereof the words "or if from any statement in the plaint the suit appears to be barred by any positive rule of law".

That Rule 23 be amended by omitting clause (*c*).

That Rule 27 be amended by substituting the figures "7" for the figures "10" in clause (a), the figures "10" for the figures "14" in clause (b), the figures "14" for the figures "18" in clauses (c) and (d) and the figures "35" for the figures "45" in clause (e) of such rule and also by substituting the words "Central Provinces or United Provinces of Agra and Oudh" for the words "North-Western Provinces, Central Provinces or Oudh" in the said clauses (c) and (d).

That Rule 43 be amended :—

(a) by substituting for the words "it shall contain" the words and figures "such memorandum shall be signed by the defendant or by his recognised agent as defined in clauses (a) and (c) of section 37 of the Code as extended to this Court and it shall contain";

(b) by adding at the end of the Rule the following words:—

It also shall contain the pleas upon which the defendant intends to rely at the hearing and shall state concisely which of the facts alleged in the summons are admitted and which are denied by him. Unless the Court otherwise directs, no further plea shall thereafter be allowed to be raised by the defendant and all material facts alleged in the summons and not denied by the defendant in his memorandum of appearance shall at the hearing be taken to be admitted by him".

That Rule 44 be amended by substituting for the form now set out therein the following form :—

In the Court of Small Causes of Calcutta.

MEMORANDUM OF APPEARANCE.

(To be filed in by the pleader or person entering the appearance and to be signed by him at the foot, and an address for service to be given).

Claim R Suit No. of 190 .

Last date for entering appearance the day of 190 .

Plaintiff.

versus

Defendant.

Enter an appearance in this suit for who states*:—

Address for service—

(The matter printed on reverse is as follows)

Illustrations of Statements.

Defendant states that :—

1. should be added as a plaintiff.

2. should be added as a defendant as being jointly liable with defendant.

3. He is a minor and that his father is the proper person to be appointed guardian.

4. The claim wholly (or in part : —

(state how much) is barred by limitation.

5. He admits R of the claim and pleads payment as to the rest.

6. He denies dealings with the plaintiff and states that the suit is a false suit.

7. He denies dealings with the plaintiff and denies partnership with defendants (names).

8. He admits having had dealings with the plaintiff and asks for inspection of the plaintiff's books before the Accountant. About R is due to the plaintiff.

9. He admits the contract and states that the plaintiff offered him goods inferior as to quality, etc. (giving particulars of the breach of contract on the plaintiff part).

10. He denies the contract, and denies the authority of the broker.

11. He claims to set off R (giving particulars).

12. He admits the period of service, but states that the plaintiff's wages were R a month and admits R to be due to the plaintiff.

13. He is in occupation under and not under the plaintiff.

*Here defendant will state his pleas and briefly state what facts alleged in the plaint he admits or denies. Illustrations as to how this should be done will be found on the back. All material facts alleged in the plaint, and not denied by defendant now, will at the hearing be taken to be admitted by defendant.

14. He admits tenancy and notice, but claim R as compensation for buildings put up by him with the consent of the plaintiff and upon the plaintiff's assurance that he should remain in occupation of the premises for years, of which years are unexpired.

That for Rules 60 and 61 of these Rules the following Rules be substituted :—

"60. In a suit for damages or for a liquidated demand, if the allegations contained in the plaint are sufficient, the Registrar shall, after the time allowed for entering an appearance, subject to Rule 62, record a decree by default against the defendant or, where there are several defendants, against every defendant served with the writ or summons who has failed to enter an appearance, and the plaintiff may obtain execution against every such defendant, without prejudice to his right to proceed with the action against every other defendant: Provided always that no such decree by default shall be recorded against any defendant upon a plaint wherein any documents are mentioned, unless such documents have been filed in Court with the plaint or are produced before the Registrar at the time of his recording a decree by default."

"61. If under the preceding rule the Registrar is unable to record a decree by default owing to the allegations in the plaint being insufficient or because a document mentioned in the plaint is not before him, he shall set down the case before a Judge for hearing and shall give notice of his so doing to the plaintiff or his pleader, if any, or by post to the address of the plaintiff."

The Rules 56, 62, 66 and 69 be amended by substituting the words and figures: "rule 60" for the words and figures "rules 60 and 61," wherever the latter occur in any of the said Rules.

That schedule A referred to in Rule 107 be amended as follows :—

(I) by directing that the words "the Rules or" be inserted between the word "under" and the words "this code" in sections 93, 95, 197, 218, 220 and 650 of the Code;

(II) by directing that the second paragraph of section 137 of the Code be omitted;

(III) by directing that the proviso to the first paragraph of section 140 of the Code be omitted from such section and that in the last paragraph of the said section the word "fact" be substituted for the word "grounds."

(IV) by directing that the words "The Rules and" be inserted between the word "in" and the words "this Code" and that the words "as extended to the Court of Small Causes of Calcutta" be inserted between the word "code" and the word "for" in sections 522 and 531 of the Code;

(V) by directing that sections 523 to 526 both inclusive be omitted from the sections of the Code set out in the schedule as extended to the Calcutta Court of Small Causes;

(VI) by directing that the word "herein" be omitted from section 647 of the Code and that the words "in the Rules and in the Code as extended to the Court of Small Causes of Calcutta" be inserted between the word "prescribed" and the word "shall" in the said section;

(VII) by directing that the words "The Rules and of" be inserted between the word "of" and the word "chapters" in section 650 of the Code.

Acts of the Governor General's Council assented to by the Governor General.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Governor General of India in Council received the assent of the Governor General on the 15th February, 1907, and is hereby promulgated for general information:—

ACT NO. I OF 1907.

An Act further to amend the Presidency Banks Act, 1876.

WHEREAS it is expedient further to amend the Presidency Banks Act, 1876; It is hereby enacted as follows:—

Short title.

1. This Act may be called the Presidency Banks (Amendment) Act, 1907.

Amendment of sections 10 and 14, Act XI, 1876.

2. In section 10 of the Presidency Banks Act, 1876, the words "to thirty millions of rupees", "to twelve millions of rupees" and "to twenty millions of rupees", and in section 14 of the said Act the proviso, shall be repealed.

Amendments of section 36 of same Act.

3. In section 36 of the said Act the following amendments shall be made, namely:—

(i) in paragraph (*a*), to *clause* (*1*) the following shall be added, namely:—

"and, in the case of the Bank of Madras, securities of the Government of Ceylon;

(ii) in the same paragraph, to clause (*3*) the following shall be added, namely:—

"or such securities issued by State-aided railways as the Governor General in Council may from time to time prescribe";

(iii) in the same paragraph, in *clause* (*4*) after the words "any municipal body" the words "or any district board" shall be inserted;

(iv) in the same paragraph, to clause (*6*) the following shall be added, namely:—

"and joint and several promissory notes of two or more persons or firms unconnected with each other in general partnership";

(v) after paragraph (*b*) the following shall be inserted, namely:—

"(*bb*) the advancing and lending money to Courts of Wards upon the security of estates in their charge or under their superintendence and the realization of such advances or loans and any interest due thereon, provided that no such advance or loan shall be made without the previous sanction of the Local Government concerned and that the period for which any such advance or loan is made shall not exceed six months"; and

(vi) at the end of paragraph (*d*) the following shall be added, namely:—

"Provided that—

(*1*) the power of investing in the securities of the Government

of Ceylon shall extend only to the Bank of Madras, and

(2) the total of the assets held at any time by the Bank of Madras either upon the security of, or invested in, securities of the Government of Ceylon in accordance with the authority conferred by paragraph (a), clause (1), or this paragraph, shall not exceed the sum of the deposits held and balances of cash accounts at credit at the Ceylon Branch of the said Bank of Madras."

Amendments of section 37 of same Act.

4. In section 37 of the said Act the following amendments shall be made, namely:—

(i) in clause (a), for the words "three months" the words "six months" shall be substituted;

(ii) to clause (c) the following words shall be prefixed, namely:—

"save in the case of the estates specified in section 36, paragraph (bb);"

(iii) in clause (f), for the words "three months", each time they occur, the words "six months" shall be substituted, and the proviso shall be repealed; and

(iv) in the last paragraph, for the words "from overdrawing" the words "to overdraw," and for the words "sums not exceeding at any one time two thousand rupees in the whole," the words "such sums not exceeding at one time ten thousand rupees in the whole as may be prescribed for the time being by the byelaws made under this Act" shall be substituted.

Addition of new section 42A to same Act.

5. After section 42 of the said Act the following section shall be inserted, namely:—

Power of Bank to take over business of certain other Banks and for that purpose to increase its capital.

"42A. (1) With the sanction of the Governor General in Council, the directors may at any time enter into negotiations for and purchase and take over the business, including the capital, assets and liabilities, of any banking company carrying on business in India of which the capital is divided into shares, and may pay the consideration for such purchase either in cash or by the allotment of shares in the capital stock of the Bank, or partly in one and partly in the other of these ways, and may, for the purpose of any such allotment of shares, increase the capital stock of the Bank by the issue of such number of shares as may be determined on by them:

Provided that the directors shall not make any increase of the capital stock of the Bank under this section unless the proprietors and shareholders have passed a special resolution in accordance with the provisions of section 13 sanctioning such increase.

(2) The persons to whom such new shares are allotted shall be proprietors of the Bank, and be in all respects in the same position as if they had respectively subscribed and paid for the shares so allotted to them:

Provided always that the business so purchased shall after the purchase be carried on by the Bank subject to the several restrictions contained in this Act.

Explanation.—For the purposes of this section "banking company" means any company formed for the purpose of carrying on the business of banking and registered under the Indian Companies Act, 1882, or the law relating to Companies for the time being in force in British India." VI of 1882.

Addition to section 63 (a) of same Act.

6. In section 63 of the said Act, to clause (a) the words "and the extent of the sums to which accounts may be overdrawn without security under the provisions of the last paragraph of section 37" shall be added.

QUESTIONS AND ANSWERS.

The Hon'ble MR. CHITNAVIS asked :—

"Adverting to that portion of my question regarding the pay of the postal establishment that remained unanswered at the last Council meeting, I beg permission to ask if it is a fact that the present scale of pay of postal employés below the rank of superintendents was fixed in 1875 and whether that scale has since then been revised, considering the rise in wages and prices. If not, will Government be pleased to consider the advisability of revising the scale of such employés, so as to make some allowance for the increased cost of living?"

The Hon'ble MR. BAKER replied :—

"It is not the case that the present scale of pay of postal employés below the rank of superintendent was fixed in 1875. The scales of pay of these servants are constantly being revised; and, as already stated, it would be impossible to give more detailed information in respect of this matter without an expenditure of time and labour incommensurate with the advantages to be derived from the collection of statistical information on the subject."

The Hon'ble MR. CHITNAVIS asked :—

"In view of the facts that the Ayurvedic Materia Medica and the Yunani Materia Medica are rich and valuable, and that with the decadence of the Indian systems of treatment they have come to be neglected, will Government be pleased to say if there is any arrangement for the compilation and publication of the most up-to-date information of indigenous drugs and whether Government thinks such information is necessary? If so, will Government be pleased to consider the advisability of constituting Boards of experts at convenient centres for such purpose or compiling such information in any other way as it may think best?"

The Hon'ble SIR HARVEY ADAMSON replied :—

"The desirability of collecting information regarding indigenous drugs has been recognised by the Government of India for some years past. A collection of papers relating to the subject is laid upon the table.* The work is now in charge of a Central Committee of six members presided over by the Professor of Materia Medica in the Calcutta Medical College."

PRESIDENCY BANKS (AMENDMENT) BILL.

The Hon'ble MR. BAKER moved that the Report of the Select Committee on the Bill further to amend the Presidency Banks Act, 1876, be taken into consideration. He said :—"I will take the opportunity of offering some observations on one point which is not referred to in the Report—I mean the question of allowing the Presidency Banks to borrow in London.

"Disappointment has been expressed by the Chambers of Commerce that this proposal, which had been under consideration for some time, should have been abandoned, and some of them have asked for a statement of the reasons which have led to this result. The request is reasonable, and I shall endeavour to comply with it.

"At the outset, I may observe that the question is one on which there is a good deal to be said on both sides. The financial advisers of the Government of India at different times have held different views regarding it; and when we find such high authorities as Mr. Barclay Chapman and Sir John Strachey holding one opinion, while Sir James Westland held a contrary one, and Sir Clinton Dawkins only assented to the proposal on conditions which were quite unacceptable to the Banks, a cautious person would probably be disposed to regard it with prudent reserve. But there is one authority which, since the

* Not printed.

proposal was first originated over forty years ago, has never wavered in his views on the subject, and that is the Secretary of State. Now I would remind the Council that the Secretary of State has access to the highest expert banking advice in London, *i.e.*, probably in the world, and it is a well-known fact that, acting on that advice, each successive Secretary of State to whom the proposal has been submitted has refused to entertain it. This fact, I think, possesses no small significance.

"The reasons for not adopting the proposal are these: Firstly, it is not clear that to give the Presidency Banks access to London would really increase the net aggregate facilities for importing capital into India. The Exchange Banks with their large capital and resources collected from many parts of the world, and free from the special restrictions which necessarily attach to the Presidency Banks, possess ample facilities for supplying all the capital that Indian trade requires. To admit the Presidency Banks into this class of business would add a new channel of import, but would in no way increase the supply of capital offering. If it is the case that the total funds imported to India in the busy season would not be increased by the means in question, it is preferable in the public interest that the business should be left to the Exchange Banks, rather than that the Presidency Banks should be enabled to embark upon it. This I shall now endeavour to show.

"I am not now referring to the risks which were formerly held to attach to engaging in foreign exchange business. That objection was a powerful one in former days; but with a stable exchange, it has lost almost all its force. The objections to which I allude are of a different character.

"It is of course well understood that the Presidency Banks could not legitimately be allowed to receive deposits or engage in ordinary banking business in London. If therefore they were allowed access to London, it would mean merely that they would be permitted to borrow in that market (subject to certain restrictions), to remit the funds thus borrowed to India, and, after the term of the loan had expired, to return the money to London for repayment. In other words, all sums thus brought out to India by the Presidency Banks would have to be remitted back to London, after a comparatively short interval. Now with the Exchange Banks, that is not wholly the case. Part of what they import no doubt goes back again; but part of it at least remains in this country, even during the slack season. This has been shown among other things by the comparatively small reflux of gold which has taken place each year at the end of the busy season. The capital, which thus remains in India, and is not re-exported, is available for investment in our rupee loans which are always floated in the summer months, and improves the rate which we obtain for them.

"If therefore we allowed the Presidency Banks to attract to themselves part of the business of importing capital which is now done by the Exchange Banks, one result would be that the issue price of Government loans would be likely to suffer.

"Another result of analogous character would be that the average rate obtained for the Secretary of State's Council drawings would probably be lowered. The necessity for returning the money to London when the busy season was over would depress exchange during the slack months. And this would not be counterbalanced by a rise during the busy months, for during the latter, exchange is always high and could not be raised appreciably higher without touching specie point. The net result for the whole twelve months would thus be a fall.

"A third objection is that a Presidency Bank which had taken a sterling loan for a fixed term might be forced to denude itself of resources in a time of stringency in order to repay it when due. This danger may be regarded as theoretical rather than practical; but it is a contingency which cannot be wholly overlooked in a general review of the position.

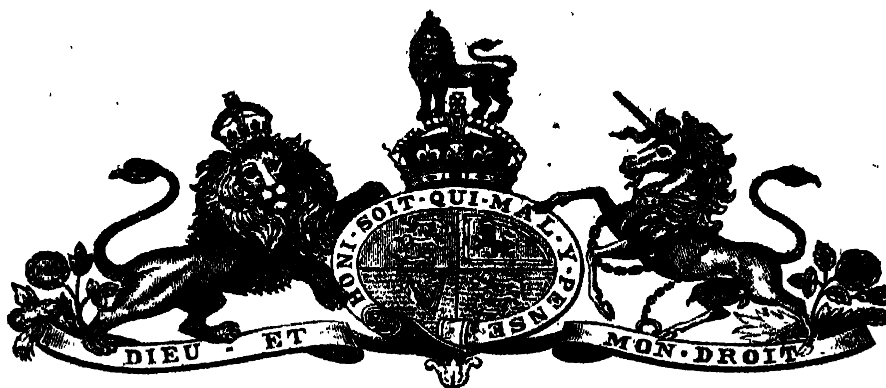
"Lastly, we have to consider the effect on the Exchange Banks themselves of permitting the Presidency Banks to embark upon even a limited competition with them in financing the foreign trade of the country. The Exchange Banks

play a most important part in providing for the requirements of this trade, and hitherto they have, I believe, discharged their functions to the general satisfaction of the commercial public. They have of course no claim to be protected against competition in their business, but the competition must be on equal terms, and they might fairly complain if they were required to enter the lists against a State-aided competitor. It has sometimes been affirmed that the use of the Government balances free of interest, and the general prestige which attaches to the position of State bankers, are of comparatively little value, and are counterbalanced by the restrictions which are imposed by the law and the contracts made thereunder. I do not think that rivals in the same field can be expected to regard the matter in the same light. The Government balances are usually about 3 crores of rupees, say ⅜ths of the aggregate paid up capital of the three Presidency Banks, taken together. It cannot reasonably be disputed that the free use of this very large sum must be of the greatest value to the Banks; and I may mention that occasions have occurred, not so very long ago, when the Government balances at one or other of the Banks actually exceeded its whole cash resources. If the Exchange Banks are apprehensive of having to encounter such powerfully aided competitors, one cannot regard their apprehension as altogether unreasonable.

" These, my Lord, are the reasons which have led to the decision not to pursue the proposal to give the Presidency Banks power to borrow in London. We all sympathise with the desire of the Chambers of Commerce to afford facilities for the easy provision of cheap capital; but it is open to doubt whether this particular measure would really increase existing facilities, while it is likely to be attended by drawbacks and disadvantages of its own.

" I do not think I need offer any remarks on any other provisions of the Bill."

The motion was put and agreed to.



The Hon'ble MR. BAKER moved that the Bill as amended be passed.

The motion was put and agreed to.

The Council adjourned to Friday, the 1st March 1907.

Rainfall Summary for the seven days ending at 8 h., on Thursday, the 14th February 1907, based on the Indian Daily Weather Reports of the period.

The weather in northern India during the past week was controlled by two depressions, one of which, after giving comparatively heavy rain at the entrance to the Persian Gulf on the 8th, passed through Baluchistan and entered north-west India on the 10th. It was preceded on the 9th by the appearance in Gujarat of an area of low pressure which gradually spread eastwards, and in conjunction with the depression from Persia established low pressure conditions and unsettled weather over the whole of northern India. Rain commenced falling in Baluchistan on the 9th, and then passed across northern and central India reaching Assam on the 14th, but no rain occurred in Rajputana and the west of Central India; the rainfall in the Central Provinces on the 12th was associated with numerous hailstorms. Precipitation continued more or less throughout the week in Kashmir and the west Himalayas. At the close of the week another depression from Persia had commenced affecting north-west India, and on the 14th light rain was reported from Baluchistan and Sind.

Burma.—Skies were clear, except at the end of the week, when cloud appeared in the northern districts. Temperature was in defect on the 10th and 11th and nearly normal on other days.

North-east India and Orissa.—Rain was received in Orissa on the 8th and scattered rain occurred over the greater part of the division on the 13th and 14th. Skies were clear during the greater part of the period, and temperature was in defect on the 9th, 10th and 11th, and in excess on the 13th and 14th.

The United Provinces, Central India and the Central Provinces.—Rain was reported on the 11th, 12th and 13th, except from the west of Central India, and there were a few scattered falls on the 8th and 10th. Skies were cloudy during the greater part of the week, and as a consequence temperature at night was higher than usual, but day temperature was generally below normal.

North-west India.—Precipitation has occurred on the whole division, except in Rajputana, and skies have been cloudy throughout the week. Maximum temperature was generally in defect and minimum temperature generally in excess.

The Peninsula.—Light falls of rain occurred at Hanumkonda, Waltair and Masulipatam. Skies were cloudy, and temperature normal or in excess on the 8th, 9th and 10th, but during the remainder of the week skies were almost clear, and temperature was normal or in defect.

The rainfall of the period, from the 30th November to the 14th February, was equal to or in excess of the normal everywhere, except on the Burma Coast, in the sub-divisions of Calcutta, Dinajpur and Ahmedabad, and in Baluchistan. The deficiency is still most marked in Baluchistan, but the rainfall of the past week has reduced the defect from eighty-one per cent. to fifty-four per cent.

The following summarises the chief rainfall amounts of the week, as reported at 8 h., each day :

February 8th, Dehra Dun 0·42" and Hanumkonda 0·35".

" 9th, Waltair 0·68".

" 10th, Nagpur 0·38", Murree 0·95", Kurrachee 0·98", Hyderabad (Sind) 0·26", Quetta 0·46" and Chaman 0·51".

" 11th, Jubbulpore 0·50", Seoni 0·58", Hoshangabad 0·70", Murree 2·00", Sonemarg 5·04", Sialkot 0·84", Rawalpindi 1·14", Cherat 1·90", Peshawar 0·94", Khushab 0·80", Bhuj 0·67", Dwarka 1·03", Quetta 0·35" and Chaman 0·36".

" 12th, Sutna 0·56", Amraoti 1·40", Chakrata 1·47", Simla 0·90", Ludhiana 1·21", Srinagar 1·54" and Sonemarg 2·85".

" 13th, Raipur 0·55" and Bareilly 0·60".

" 14th, Saugor Island 1·24", Sambalpur 0·83" and Quetta 0·21".

GOVERNMENT OF INDIA,

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 9th February 1907.

Burma.—Half an inch of rain fell in Mergui but none elsewhere. Threshing and winnowing have been completed in Kyaukpyu, Maubin, and Thaton. Agricultural operations for early wet weather paddy have commenced in Mandalay; transplanting of dry weather paddy is completed in Mandalay, has commenced in Katha, and is progressing in Prome and Sagaing. Reaping of jowar is completed in the Monywa sub-division of Lower Chindwin. The standing crops in Upper Burma are in good condition except in Kyaukse where some damage has been done to crops by insects and in the Northern Shan States where wheat and tobacco crops and poppy plants are not in good condition in many places. The price of paddy has risen slightly in eight districts and has fallen slightly in the Southern Shan States.

Eastern Bengal and Assam.—The weather is cold and cloudy. Slight to moderate rain fell in all districts except in the Dacca and Chittagong Divisions, Bogra, Pabna, Cachar, Sylhet, Khasi and Jaintia Hills, the Lushai Hills, Darrang and Manipur. More rain is wanted in some districts. The prospects of the standing crops are generally fair. Lands are being prepared for jute, summer crops and *til*. Harvesting of mustard; plucking of cotton; pruning of tea; and pressing of sugarcane are in progress. Prices of common rice:—Manipur 15¼; Silchar 9 to 9½; Comilla 9¼; Rangamati, Kohima, and Chittagong 9; Faridpur 6⅞ to 9; Dacca 8¾; Mymensingh, Sylhet, Gauhati, and Sibsagar 8; Dinajpur and Pabna 7¾; Bogra 7⅝; Barisal, Jalpaiguri, Rampur Boalia, Dhubri, and Dibrugarh 7½; Noakhali, Malda, Tezpur, and Nowgong 7; Tura 6 to 7; Rangpur 6¾; and Shillong and Aijal 6 seers per rupee. Prices have risen in two; fallen in seven; and remained stationary in the remaining districts. Three hundred and forty-five persons received gratuitous relief in Sylhet.

Bengal.—Rain was general during the week in Bihar and Chota Nagpur. Some scattered showers fell in Orissa, but in Lower Bengal there was practically no rain whatever. The rainfall was heavy in Patna, Gaya, Shahabad, Saran, Muzaffarpur, Monghyr, Bhagalpur and Palamau, where it is likely to do some damage to those spring crops which are in flower or in ear. In those districts which received light rain, the crops are reported to have been benefited. The number of persons receiving gratuitous relief is—Muzaffarpur 502, and Darbhanga 15,658. The average attendance on test-works in Champaran for the week ending the 5th February is 302, in Muzaffarpur on the 6th instant 139, and in Darbhanga on the last day available, 1,071. The number on famine relief works in Darbhanga is 43,079. Fodder and water are generally sufficient, Magura in the Jessore district being the only place where it is reported to be deficient. The price of common rice has risen in six and fallen in four districts.

United Provinces.—Good rain from two to five inches has fallen in the Himalayan and South Eastern districts and light to moderate rain from half an inch to two and three quarter inches has been recorded in all other districts. The rain has been generally beneficial to spring crops and poppy but bright sunny weather is now needed. Wheat and barley are in ear. Prospects continue good. Mustard is being harvested in Kheri and peas in Fyzabad, Benares, Gonda and Basti. Slight damage was done by hail to spring crops in parts of Meerut, Bulandshahr, Agra, Etawah, Farrukhabad, Unao, Sultanpur, Fyzabad, Allahabad, Jaunpur, Jalaun, Jhansi, and Hamirpur; and severe damage from the same cause is reported from parts of Cawnpore, Fatehpur, and Banda. Enquiries as to the extent of the damage are in progress. Some injury by rain is also reported from parts of Azamgarh, Gorakhpur, Partabgarh, Benares, and Ghazipur. Food supplies and fodder are generally sufficient. Prices are practically stationary.

The weekly report on the scarcity is as follows:—rainfall in cents:—Gorakhpur 116, Padrauna 51, Hata 114, and Bansgaon 222. The standing crops are in fair condition generally, but slight damage by rain is reported in the Bansgaon tahsil. Food supplies are ample. Fodder continues scarce. Prices are stationary. The numbers on relief are:—on works 217, on gratuitous relief 2,586, in poor-houses 371, total 3,174.

Punjab.—Good to moderate rain has fallen throughout the Province. Prices of food grains show a general downward tendency. Ploughings for and sowings of extra spring crops continue. Sugarcane sowings have begun in Ambala. The condition and prospects of the standing crops are generally good. The recent rain is sufficient and has greatly benefited the standing spring crops. Crops have been slightly damaged by hail in parts of

Gurgaon; locusts appeared in parts of Shahpur, Mianwali and Lyallpur and did some damage to crops in the lastnamed district. Cattle are in good condition. Fodder is sufficient. There are no complaints regarding the water-supply.
